Volume 8, Tome III: Kierkegaard's International Reception - The Near East, Asia, Australia and the Americas Jon Stewart, 2017-05-15 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome III is the most geographically diverse covering the Near East Asia Australia and the Americas The section on the Near East features pioneering articles on the Kierkegaard reception in Israel Turkey Iran and the Arab world The next section dubbed Asia and Australia features articles on the long and rich traditions of Kierkegaard research in Japan and Korea along with the more recent ones in China and Australia A final section is dedicated to Americas with articles on Canada the United States hispanophone South America Mexico and Brazil **The Shapes of Early English Poetry** Eric Weiskott, Irina

Dumitrescu, 2019-04-01 This volume contributes to the study of early English poetics In these essays several related approaches and fields of study radiate outward from poetics including stylistics literary history word studies gender studies metrics and textual criticism By combining and redirecting these traditional scholarly methods as well as exploring newer ones such as object oriented ontology and sound studies these essays demonstrate how poetry responds to its intellectual literary and material contexts The contributors propose to connect the small syllables words and phrases to the large histories emotions faiths secrets In doing so they attempt to work magic on the texts they consider turning an ordinary word into something strange and new or demonstrating texture difference and horizontality where previous eyes had perceived only smoothness sameness and verticality *A New History of Korea* Ki-baik Lee, 1988-03-15 One of the first most widely read and respected histories of Korea Ki-baik Lee's *Han guksa* Sillon has been translated into English by Edward W Wagner *A New History of Korea* offers Western readers a distillation of the best scholarship on Korean history and culture from the earliest times to the student revolution of 1960 Magnetical and Meteorological Observations Made at the Royal

Observatory, Greenwich Royal Observatory (Greenwich),1848 *Cosmian* Philip Lee,2019-08-30 This memoir is an interesting blend of history and fantasy of reality and poetry of high mindedness with the occasional carnality thrown in I feel as though not just for the fact of the words but also for the ebb and flow of thought direction I have been wandering the nerve endings of your brain Your history is there certainly but slathered with other gravies poetry philosophy passion and dispassion And a great deal of playfulness I believe there is something very Zen Masterish about the angled prose you set down in this writing a wild and crazy trip man While I was reading your history with C cosmos I was reminded of these lines that Rumi wrote sometime in the mid 1200s I would love to kiss you The price of kissing is my life Now my loving is running toward my life Shouting What a bargain Let s buy it Dennis O Keefe American Poet **The Investigation** J. M. Lee,2015-08-15 Watanabe Yuichi a young guard with a passion for reading is ordered to investigate The victim Sugiyama also a guard was feared and despised throughout the prison and inquiries have barely begun when a powerful inmate confesses But Watanbe is unconvinced and as he interrogates both the suspect and Yun Dong ju a talented Korean poet he starts to realize that the fearsome guard was not all he appeared to be As Watanbe unravels Sugiyama s final months he begins to discover what is really going on inside this dark and violent institution which few inmates survive a man who will stop at nothing to dig his way to freedom a governor whose greed knows no bounds a little girl whose kite finds an unlikely friend And Yun Dong ju the poet whose works hold such beauty the can break the hardest of hearts As the war moves towards its devastating close and bombs rain down upon the prison Watanbe realizes that he must find a way to protect Yun Dong ju no matter what it takes As he digs further and further in to his investigation the young guard discovers a devastating truth At once a captivating mystery and an epic lament for lost freedom and humanity The Investigation inspired by a true story is a sweeping and gripping tale by an international literary star Grasslands Grown Molly Patrick Rozum,2021-08 In Grasslands Grown Molly P Rozum explores the two related concepts of regional identity and sense of place by examining a single North American ecological region the U S Great Plains and the Canadian Prairie Provinces All or parts of modern day Alberta Montana Saskatchewan North Dakota South Dakota and Manitoba form the center of this transnational region As children the first postconquest generation of northern grasslands residents worked played and traveled with domestic and wild animals which introduced them to ecology and shaped sense of place rhythms As adults members of this generation of settler society worked to adapt to the northern grasslands by practicing both agricultural diversification and environmental conservation Rozum argues that environmental awareness including its ecological and cultural aspects is key to forming a sense of place and a regional identity The two concepts overlap and reinforce each other place is more local ecological and emotional sensual and region is more ideational national and geographic in tone This captivating study examines the growth of place and regional identities as they took shape within generations and over the life cycle Results of the Magnetic and Meteorological Observations Royal Greenwich Observatory.
