Following a deep investigation into an incident in another Force Colin Harpur and his boss Assistant Chief Constable Desmond Iles uncovered an unpalatable truth there is corruption in the ranks Good detective work allowed the pair to arrest and charge a fellow policeman who murdered an undercover officer in an attempt to keep a crook police racket secret But their work is not yet done Who ordered the execution Why Just how high did the conspiracy go And and most importantly does the crooked power group behind the assassin still flourish There are questions that remain to be answered so when the home office decides to reopen the case it is Harpur and Iles to whom the investigation is once more handed **A Critical**

twentieth century rock Following two landmark albums and widespread critical acclaim Joy Division were at the height of their powers and poised to break the US when lead singer Ian Curtis committed suicide Part memoir part scrapbook and part aural history Stephen Morris s innate sense of rhythm and verve pulses through Record Play Pause From recollections of growing up in the North West to the founding of New Order Morris never strays far from the music And by turns profound and wry this book subverts the mythology and allows us to understand music s power to define who we are and what we become
