Ronsard,2002-08-29 One of France's most influential love poets Pierre de Ronsard embraced a variety of themes from politics science and philosophy to bawdy and risqu material that outraged religious reformers Drawing on classical and Italian poetic models and on powerful imagery from ancient mythology Ronsard created verse that revolutionized the French poetic tradition His style ranges from the sublime rhetoric of the Pindaric odes and hymns to the lyricism and sensuality of his sonnets Ronsard's poetry has influenced many twentieth century writers and artists including W B Yeats Sylvia Plath and Henri Matisse The dual language format of this new edition provides English speaking readers with an enhanced perspective on one of the most innovative voices in the history of European poetry *Selected Poems* Johann Wolfgang von Goethe,1892

Selected Poems Seán Virgo,1989 *Selected Poems* Kathleen Raine,1988 Kathleen Raine is internationally recognized as one of the outstanding living English poets Her poems rest on loving observation of the natural world embrace the world of the soul's experience and return these to the kingdom of the ever reborn mystery of our daily life This is the first time a selection from the whole range of her poetic oeuvre has been published *Select Poems of Goethe* Johann Wolfgang von Goethe,1886 **Elizabeth Barrett Browning: Selected Poems** Elizabeth Barrett Browning,2009-07-30 One of the leading poets of the nineteenth century Elizabeth Barrett Browning had a profound influence on her contemporaries and on writers that followed her This edition provides a rich and varied selection of Barrett Browning's poetry including relatively neglected material from her early career and works never before included in editions of her poetry The edition is comprehensively annotated and includes a critical introduction detailed headnotes for each poem also provide the reader with a deep understanding of the historical biographical and literary contexts in which the poems were written The extensive appendices include reviews and criticism and material on factory reform and slavery as well as religion and the Italian Question

Robert Browning: Selected Poems John Woolford,Daniel Karlin,Joseph Phelan,2013-11-19 Robert Browning 1812 1889 was one of the defining figures of the Victorian age Famous in his lifetime for his elopement and marriage to Elizabeth Barratt his critical reputation grew steadily in the years following her early death Browning's mastery of dramatic verse was evident throughout his career from such chillingly unforgettable monologues as My Last Duchess and Porphyria to the mature work included in his collection Dramatis Personae This selection chosen by leading scholars reveals the innovation complexity and profound psychological insight that have ensured Browning's enduring reputation and his continuing appeal to readers today Browning *Selected Poems* results from a completely fresh appraisal of the canon text and context of the writer's work The poems are presented in the order of their composition and in the text in which they were first published

giving a unique insight into the development of Browning's art. An introduction and chronology offer useful background material whilst annotations and headnotes provide details of composition, publication sources and contemporary reception. This authoritative yet accessible selection should become the first point of reference for scholar, student and general reader alike.
