and still believes that prostitution doesn't even compare to the most secret and shameful incident of her past. Not even her best friend knows what she did. Only God knows. Determined to make her way to Caesarea Maritima to confront the mother of her beloved Nathaniel Jorah has no time to consider the rumors she hears of her brother Jesus' resurrection. She'll stop at nothing to get the answers she needs. A former Zealot, Joab is wrestling with delivering a message to a woman named Rivkah a message that challenges everything he ever believed. A message from her son. No stones. Madman. If there is a way into madness, logic says there is a way out. Logic says Tallis, a philosopher's servant, is sent to a Greek academy in Palestine only to discover that it has silently, ominously disappeared. No one will tell him what happened, but he learns what has become of four of its scholars. One was murdered. One committed suicide. One worships in the temple of Dionysus. And one one is a madman. From Christy Award winning author Tracy Groot comes a tale of mystery, horror, and hope in the midst of unimaginable darkness: the story behind the Gerasene demoniac of the Gospels of Mark and Luke.

A Cinema of Hopelessness Kendall R. Phillips, 2021-09-27. This book explores the circulation of anger and hostility in contemporary American culture with particular attention to the fantasy of refusal, a dream of rejecting all the structures of the contemporary political and economic system. Framing the question of public sentiment through the lens of rhetorical studies, this book traces the circulation of symbols that craft public feelings in contemporary popular cinema. Analyzing popular twenty-first century films as invitations to a particular way of feeling, the book delves into the way popular sentiments are circulated and intensified. The book examines dystopian films *The Purge*, *The Cabin in the Woods*, science fiction *Snowpiercer*, and superhero narratives the Marvel Cinematic Universe and *Joker*. Across these varied films, an affective economy that emphasizes grief, betrayal, refusal, and an underlying rage at the seeming hopelessness of contemporary culture is uncovered. These examinations are framed in terms of ongoing political protests ranging from Occupy Wall Street, the Tea Party, Black Lives Matter, and the 6th January 2021 invasion of the US Capitol Building.
