Janet Woods

Stonecutters Daughter:

The Stonecutter's Daughter Janet Woods, 2014-04-10 Dorset 1838 When a ship is wrecked in a storm off the Portland coast a taciturn stonecutter by the name of Joseph Rushmore sends his rescue dog to haul in plunder What it brings instead is a baby in a cradle As Joseph s wife has just given birth to a stillborn child the couple decide to keep the infant girl The Rushmores never tell their adopted daughter the truth about her origins but on the death of Joseph and his wife when the girl Joanna is 16 she finds herself at the mercy of her abusive and violent Rushmore cousins She is rescued by a middle aged sea captain Tobias Darsham who is making a pilgrimage to visit his wife s grave When Tobias suggests that he and Joanna should get married the desperate girl feels she has no choice but to agree However soon after the wedding Tobias gets a nasty shock when he discovers Joanna s childhood cradle because he carved it himself for his daughter Horrified at the thought that he might have married his own daughter Tobias fakes his own death and sets sail for Australia leaving Joanna in the care of his second in command Alexander Morcant Finding themselves mutually dependent Alexander and Joanna s initial animosity gradually dissolves into a passionate attraction But will she ever discover the truth about her origins **The Stone Cutters' Journal** ,1914 Stone Cutters' Journal ,1928 **The Stone Cutters' Journal** ,1937 Annual report of the Department of Public Charities of the City of New York ... v.19, 1878 ,1879 **Everyday Renaissances** Sarah Gwyneth Ross, 2016-03-08 Revealing an Italian Renaissance beyond Michelangelo and the Medici Sarah Gwyneth Ross recovers the experiences of everyday people who were inspired to pursue humanistic learning Physicians were often the most avid professionals seeking to earn the respect of their betters advance their families and secure honorable remembrance after death **Patricians and Popolani** Dennis Romano, 2019-12-01 Originally published in 1987 Since Machiavelli historians and political theorists have sought the sources of the stability that earned for Venice the appellation La Serenissima the Most Serene Republic In Patricians and Popolani Dennis Romano looks to the private lives of early Renaissance Venetians for an explanation Fourteenth century Venice escaped the tumultuous upheavals of the other Italian city republics Romano contends because the patricians and common people of the city did not divide sharply along class or factional lines in their personal associations Rather Venetians of the era moved in a variety of intersecting social networks that were shaped and influenced by an overriding sense of civic community Drawing on the private archives of Venice notarial registers collections of testaments and records of estates maintained by the procurators of San Marco Romano analyzes the primary social bonds in the lives of the city s inhabitants In separate chapters Patricians and Popolani examines the forms of association in everyday Venetian life marriage and family structure artisan workshops and relations among tradesmen the role of the parish clergy and the sacred networks that formed around convents hospitals and confraternities and neighborhood and patron client ties By the beginning of the fifteenth century Romano argues all these networks of association had been transformed as a new hierarchical spirit took hold and overwhelmed the older more freewheeling tendencies of Venetian society The old

sense of community yielded to a new and equally compelling sense of place and La Serenissima remained stable throughout the later Renaissance

Management and Organization Paradoxes Stewart R. Clegg, 2002-06-07 Paradox the simultaneous existence of two inconsistent states has become orthodox The orthodox is now the paradox The orthodox world of ordering controlling and organizing is increasingly opposed to a normalizing world of disordering disrupting and disorganizing And organization studies cannot avoid changing its conceptions of reality as that reality changes In the future organization studies will be the study of paradox how to understand it how to use it In this book of original contributions addressed to management and organization paradoxes the authors address the new state of the field in terms of representations representing paradoxes and materialisations materialising paradoxes The themes although varied ranging from dialectics to internal tensions from collaborations to ethics and value conflicts from resistant labourers and wharfies to cartoon characters such as The Simpsons from the irrationalities of finance to the psychoanalytic rationalities of auditing and from issues of governance in Asian and international business to the composition of the new knowledge work force in the business professions cohere around core aspects of paradoxicality Overall the contributions to Management and Organization Paradoxes are diverse and challenging Each contribution takes a different angle on the central theme All of the chapters illuminate diverse aspects of contemporary paradoxes in management and organization theory The book provides in each of its chapters a challenge to the still overwhelmingly rationalist views of theory and practice that dominate the field and provides new directions for understanding organizations and management The contributors are drawn from leading European Australian and Latin American contributors

Annual Report of the Commissioners of Public Charities and Correction of the City of New York New York (N.Y.). Department of Public Charities and Correction, 1879 SAGE

Directions in Organization Studies Stewart R Clegg, 2009-09-26 SAGE has unparalleled depth in journal back lists in the field of organization studies and publishes several of the top journals in the field including Organization Human Relations and Organization Studies This four volume set brings together over sixty of the key papers published in SAGE books and journals since the turn of the millennium many of which are not easily available in traditional library holdings Professor Stewart Clegg is widely recognised as a preeminent scholar of organization studies and together with an international editorial board of ten renowned scholars in the field has arranged this selection to help the reader better understand the developments in the field from different perspectives Emphasis is placed on the history of the present of organization studies with articles that discuss contemporary issues and foreshadow further developments in the field across popular theoretical perspectives such as discourse analysis institutional theory and complexity theory
