Stop Get A Reality Check:

Reality Check Charlie Brooks, 2008 In the near future humanity has used technology to unravel almost all of life's mysteries. The only boundary we have left is the that of death. When Anne Westfeld is shot in the streets of New Chicago her loved ones experience that boundary of death first hand. Then something strange happens. Six months later Anne returns from the grave. She walks right back into her life just like she was before. Now Anne's closest friends must work together to figure out exactly how she came back and if she's really the same person they lost. The reality of the situation is deeper than they know and will take all of them to their physical and emotional limits. *Reality Check* S. Marie Brown, 2008-03 S Marie delivers an essential Reality Check in this compelling book. She will captivate your heart through her personal stories, cultivate your mind with her poignant words and compel you to improve your relationships. Tajuana Butler, Author of *Sorority Sisters*. All men are dogs. I'll never find a good man. Why am I still single? So regardless of the number of failed relationships, who what was the common denominator in all of these failed relationships? Reality Check takes an in depth look at some of the reasons contributing to singleness. Nothing is off limits when it comes to S Marie sharing her personal stories with topics ranging from spirituality to sexual immorality, cheating, lies, loneliness and even gold digging. Each Reality Checkpoint chapter provides insight as to why so many women find themselves still single. You equate love with sex but what's love got to do with lust? You think of him as a piece of clay, you will be able to mold into what you want him to be. Looking for money, mansions and no money instead of a man. It will keep it real, keep you interested and keep you inspired. Reality Check: There's a Reason Why You're Single and when reality sets in, you'll know the reason why. Reality Check was written for everyone else who knows that we're on the verge of pushing Mother Nature and the economy to the breaking point. Reality Check shows the urgent need to reverse humanity's downward spiral by undoing the status quo. Half the book is filled with quotes from the likes of Chomsky, Sagan, Carlin, Goodall, Soros, Orwell, Asimov, Hegel, William James, Sting and the Beatles, as well as some of the most popular TV shows and movies. This over the top attempt to avert an evolutionary crash hopes instead to turn the situation into an evolutionary bounce by galvanizing members of the so-called choir who already understand that the status quo needs to be revamped. Otherwise civilization as we know it won't last much longer. The book addresses everything from parenting to economics, political systems to global warming and general environmental destruction as well as sociology, history and God. It's time for a reality check.
