Modernist Sexualities Hugh Stevens, Caroline Howlett, 2000. Leading critics from Britain, Canada, and the US examine modernism's imaginative rethinkings of sex, gender, and sexuality. Original essays show how modernism intersects with the suffragette movement, technological change, and its effects on women and labor; the growth of pseudo-scientific writings and the burgeoning lesbian and gay movement. They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities, marginality, and the crossing of borders. Sex reformers and sex changers, unsexed storytellers, typewriters, femme and butch experimenters, suffragettes in wide-brimmed hats, musical and dramatic pageants, adolescent delinquents, sunbathers, and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays.

Stopford Brooke, 19?? *What the Victorians Made of Romanticism* Tom Mole, 2020-06-09. This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers. Tom Mole provides a new reception history of Lord Byron, Felicia Hemans, Sir Walter Scott, Percy Bysshe Shelley, and William Wordsworth, one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories. He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history, memory, and media. Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology. He shows how illustrated books renovated Romantic writing, how preachers incorporated irreligious Romantics into their sermons, how new statues and memorials integrated Romantic writers into an emerging national pantheon, and how anthologies mediated their works to new generations. This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing, such as photographs, postcards, books, and collectibles that in turn remade the public's understanding of Romantic writers. Shedding

new light on how Romantic authors were posthumously recruited to address later cultural concerns What the Victorians Made of Romanticism reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences The Dublin University Magazine ,1878 *Report from the Select Committee on Debtors (imprisonment)* Great Britain.
