argues for a new Welsh Way one that is truly radical and transformational A call for a political engagement that will create real opportunity for change Neoliberalism has firmly taken hold in Wales The clear red water is darkening The wounds of poverty inequality and disengagement far from being healed have worsened Child poverty has reached epidemic levels the worst in the UK Educational attainment remains stubbornly low particularly in deprived communities Prison population rates

are among the highest in Europe Unemployment remains stubbornly high House prices are rising with the private rented sector lining the pockets of an ever increasing number of private landlords Minority groups are consistently marginalised All this is not to mention the devastatingly disproportionate impact of the coronavirus pandemic on working class communities The Welsh Way interrogates neoliberalism's grasp on Welsh life It challenges the lazy claims about the successes of devolution fabricated by Welsh politicians and regurgitated within a tepid attenuated public sphere These wide ranging essays examine the manifold ways in which neoliberalism now permeates all areas of Welsh culture politics and society They also look to a wider world to the global trends and tendencies that have given shape to Welsh life today Together they encourage us to imagine and demand another Welsh future
