Cassius Dio's Forgotten History of Early Rome Christopher Burden-Strevens, Mads Lindholmer, 2018-11-05 In a radical change of approach Cassius Dio's Forgotten History of Early Rome illuminates the least explored and understood part of Cassius Dio's enormous Roman History the first two decades which span over half a millennium of history and constitute a quarter of Dio's work Combining literary and historiographical perspectives with source criticism and textual analysis for the first time in the study of Dio's early books this collection of chapters demonstrates the integral place of early Rome within the text as a whole and Dio's distinctive approach to this semi mythical period By focussing on these hitherto neglected portions of the text this volume seeks to further the ongoing reappraisal of one of Rome's most significant but traditionally under appreciated historians
