Storm Of The Century:

Storm of the Century Stephen King,1999-02 Publisher Description *Storm of the Century* Stephen King,2024-12-03
For the first time in Stephen King's remarkable publishing history the master storyteller presents an all new original tale written expressly for the television screen They're calling it the Storm of the Century and it's coming hard The residents of Little Tall Island have seen their share of nasty Maine Nor'easters but this one is different Not only is it packing hurricane force winds and up to five feet of snow it's bringing something worse Something even the islanders have never seen before Something no one wants to see Just as the first flakes begin to fall Martha Clarendon one of Little Tall Island's oldest residents suffers an unspeakably violent death While her blood dries Andre Linoge the man responsible sits calmly in Martha's easy chair holding his cane topped with a silver wolf's head waiting Linoge knows the townsfolk will come to arrest him He will let them For he has come to the island for one reason And when he meets Constable Mike Anderson his beautiful wife and child and the rest of Little Tall's tight knit community this stranger will make one simple proposition to them all If you give me what I want I'll go away *Storm of the Century* Willie Drye,2019-08-01 In 1934 hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West The Roosevelt Administration was making a genuine effort to help these down and out vets many of whom suffered from what is known today as post traumatic stress disorder But the attempt to help them turned into a tragedy The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low lying Florida Keys In late August 1935 a small stealthy tropical storm crossed the Bahamas causing little damage When it entered the Straits of Florida however it exploded into one of the most powerful hurricanes on record But US Weather Bureau forecasters could only guess at its exact position and their calculations were well off the mark The hurricane that struck the Upper Florida Keys on the evening of September 2 1935 is still the most powerful hurricane to make landfall in the US Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm's way The train was slammed by the storm surge soon after it reached Islamorada Only the 160 ton locomotive was left upright on the tracks About 400 veterans were left unprotected in flimsy work camps Around 260 of them were killed This is their story with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity

The Flash and the Storm of the Century Michael Anthony Steele,2020 When Weather Wizard unleashes the fury of his giant weather wand to extort money from the citizens of Central City The Flash must outrun lightning to stop him **Storm of the Century** Stephen King,2009-07-10 Complemented by an author introduction and an eight page photo insert the original screenplay for a six hour television miniseries follows the residents of Little Tall Island as they prepare to cope with both a dangerous storm and an unseen mysteriously evil force Original TV tie in *Restless Skies* Paul Douglas,2007
Improved technology is teaching us more about the weather all the time and with new knowledge comes new concerns and confusion Is global warming real What is a NEXRAD Doppler Meteorologist Paul Douglas provides the answers to all these

questions and more along with fascinating illustrations photos trivia and graphics Find out what a difference a degree makes as well as information about El Ni o and how to protect yourself against the worst that the weather can bring From the distinctions between a weather warning watch and advisory to the definition of an F 5 tornado all the essentials are clearly explained *Hurricanes and the Middle Atlantic States* Rick Schwartz,2007 This reference traces the region s 400 year recorded hurricane history from Jamestown to the present drawing on accounts in newspaper articles books private journals and interviews Emphasizing the human side of a hurricane s aftermath rather than scientific aspects each hurricane account tells how individuals and communities reacted to the storms Storms are profiled in year by year entries from the 1600 s to the current century **Living by the Rules of the Sea** David M. Bush,Orrin H. Pilkey,William J. Neal,1996 This is a primer for people living along the nation s coastlines those considering moving to the coast or those who want a greater understanding of the risks and dangers posed by living at the seacoast *Dissecting Stephen King* Heidi Strengell,2005 In a thoughtful well informed study exploring fiction from throughout Stephen King s immense oeuvre Heidi Strengell shows how this popular writer enriches his unique brand of horror by building on the traditions of his literary heritage Tapping into the wellsprings of the gothic to reveal contemporary phobias King invokes the abnormal and repressed sexuality of the vampire the hubris of Frankenstein the split identity of the werewolf the domestic melodrama of the ghost tale Drawing on myths and fairy tales he creates characters who like the heroic Roland the Gunslinger and the villainous Randall Flagg may either reinforce or subvert the reader s childlike faith in society And in the manner of the naturalist tradition he reinforces a tension between the free will of the individual and the daunting hand of fate Ultimately Strengell shows how King shatters our illusions of safety and control King places his decent and basically good characters at the mercy of indifferent forces survival depending on their moral strength and the responsibility they may take for their fellow men *Disaster Free Survivor Strikes Back: Storms of Love & Loss* Christina J. Easley,2018-08-25 Disasters happen These are the stories of love and loss Many victims died in disasters These are the stories of how survivors lived to strike back Survivors were trapped but then set free when they were rescued
