Melville Jean Herskovits

The American Negro:

The American Negro Rayford Whittingham Logan, Irving S. Cohen, 1967 **The Story of the American Negro** Ina Corinne Brown, 1957 The present volume is meant for the reader who wishes the highlights rather than the details of the Negro's life in the United States It is not intended as a formal history nor is it primarily a study of the race problem Rather I have tried to present the historical facts that are most important to an understanding of Negro white relations today and to interpret these facts so as to increase such understanding Foreword page v **The American Negro: what He Was, what He Is, and what He May Become** William Hannibal Thomas, 1901 **The American Negro as a Dependent, Defective and Delinquent** Charles Harvey McCord, 1914 The American Negro As A Dependent Defective And Delinquent is a book written by Charles H McCord that explores the social and cultural issues surrounding African Americans in the United States during the early 20th century The book argues that African Americans are dependent on white society defective in their character and behavior and prone to criminality and delinquency McCord uses statistics and anecdotal evidence to support his claims and he also discusses the historical and cultural factors that have contributed to the perceived inferiority of African Americans The book is controversial and has been criticized for its racist and discriminatory views but it remains a significant historical document that sheds light on the attitudes and beliefs of some Americans during this time period Amazon com *The American Negro, His Past and Future* Paul Brandon Barringer, 1900 **The American Negro** William Hannibal Thomas, 2000 A controversial review of the history of black Americans and an assessment of the challenges that faced them at the beginning of the twentieth century and suggests that African Americans will only achieve a desirable standard of living in both the economic and moral sense through association with and emulation of Anglo Saxon society He looks to the church along with white America as a source of moral and intellectual instruction for African Americans He hopes to see the African church subsumed by the larger white Protestant churches and black clergy trained by reputable ministers and suggests that white women whom he judges as morally strong undertake the moral instruction of the freedmen and women Despite these proposals Thomas is not optimistic about the future for African Americans and their contribution to American society without the moralizing power of true Christianity *The Future of the American Negro* Booker T. Washington, 1899 Aims to put in more definite permanent form the ideas regarding the negro his future which the author expressed many times on the public platform through the press magazines *The Future of the American Negro* Booker T. Washington, 2021-03-16 The Future of the American Negro by Booker T Washington Published by Good Press Good Press publishes a wide range of titles that encompasses every genre From well known classics literary fiction and non fiction to forgotten or yet undiscovered gems of world literature we issue the books that need to be read Each Good Press edition has been meticulously edited and formatted to boost readability for all e readers and devices Our goal is to produce eBooks that are user friendly and accessible to everyone in a high quality digital format *The American Negro* Melville Jean

Herskovits,1928 An anthropometric study of African Americans based on research conducted in 1920 **A Social History of The American Negro** Benjamin Brawley,2019-09-25 Reproduction of the original A Social History of The American Negro by Benjamin Brawley **History of the American Negro** A. B. Caldwell,1917 The American Negro ,1968 **The Future of the American Negro** Booker T. Washington,2013-07-25 In this volume I shall not attempt to give the origin and history of the Negro race either in Africa or in America My attempt is to deal only with conditions that now exist and bear a relation to the Negro in America and that are likely to exist in the future In discussing the Negro it is always to be borne in mind that unlike all the other inhabitants of America he came here without his own consent in fact was compelled to leave his own country and become a part of another through physical force It should also be borne in mind in our efforts to change and improve the present condition of the Negro that we are dealing with a race which had little necessity to labour in its native country After being brought to America the Negroes were forced to labour for about 250 years under circumstances which were calculated not to inspire them with love and respect for labour This constitutes a part of the reason why I insist that it is necessary to emphasise the matter of industrial education as a means of giving the black man the foundation of a civilisation upon which he will grow and prosper When I speak of industrial education however I wish it always understood that I mean as did General Armstrong the founder of the Hampton Institute for thorough academic and religious training to go side by side with industrial training Mere training of the hand without the culture of brain and heart would mean little *History of the American Negro and His Institutions ...* Arthur Bunyan Caldwell,1917 A Short History of the American Negro Benjamin Brawley,1922 **The American Negro** William Hannibal Thomas,2017-09-12 Excerpt from The American Negro What He Was What He Is and What He May Become a Critical and Practical Discussion The title of this work is sufficiently explicit I take it to leave no room for doubt as to its general character though there is a disposition in some quarters to use other terms than negro to designate that class of our people derived from African origin For ordinary purposes the inhabitants of this country may be fairly divided into white and colored classes Nevertheless such racial grouping is neither an exact nor a true ethnological designation of the American people for the reason that it does not agree with known facts For example many persons of negroid ancestry but white in color are classed with the white race in communities ignorant of their negro origin On the other hand many Italians Portuguese Mexi cans and Indians are dark complexioned but with out the least strain oi negro blood Therefore as there is such a thing as a distinctively negro people and as it is in indisputable evidence that the Ameri can freed people were primarily derived from a genu ine negro stock there is ample warrant for using the terms negro and negroid in designating the per son as well as the forms of thought and action characteristic of the descendants of such ancestors About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original
