What are the options and procedures for a thorough negotiation? What problems and deficiencies does one encounter in negotiation? How can skill building be integrated for a successful negotiation? This unique and illuminating volume is a welcome addition for business and management courses, service organizations, labor studies programs, education and communication departments, and conflict resolution programs. *Negotiation* Wynand D. Negotiation Skills In A Week Peter Fleming, 2012-03-23 Effective negotiation skills just got easier There was a time not that long ago when negotiation was seen in the main as the province of industrial relations folk and car sales advisers But no longer Repeated financial crises have squeezed profit margins and in some markets discouraged buyers from making marginal purchases or continuing habitual expenditure Managers have found themselves in the frontline of the expectation to achieve better value for money and the starting point for this is to shop around and explore the offers made by new suppliers and or to negotiate better deals with existing suppliers Even if your job doesn't involve negotiation then you might still be an active negotiator when replacing your car moving house or even selling last season's wardrobe The truth is that being a good negotiator has become a life skill enabling those who are good at it not just to save money but also to upgrade their computer television or lawnmower with little or no

increase in outgoings and enhancing their reputation in the process. Becoming an effective negotiator is certainly within the scope of the majority of people. At its simplest it involves thinking out what you want, planning how you'd like to get it and developing your powers of persuasion to convince other people that you are simply being reasonable. This book will help you to plan to become a better negotiator through being better prepared for meetings, planning clear and realistic objectives for a negotiation, maintaining concentration and making logical proposals that create agreement in the other party.
