*Slave Ghost Stories* Nancy Rhyne, 2002 A compilation of stories borrowed from former slaves of North Carolina South Carolina and Georgia These tales were gathered by the WPA in the years 1935-1939 The slaves were asked questions about their family history and the widespread belief in spirits of various sorts According to these stories the five main creatures that walked the night were hags hants boo daddies plat eyes and ghosts All had separate characteristics Hags disguised themselves as regular people but at midnight they would shed their skin and torment their enemies draining them of their energy Hants lived in trees and would torture their victims day and night Boo daddies were reincarnations of witch doctors Plat eyes could take the form of an animal sometimes changing from one animal to another Ghosts were seen coming out of graveyards at night This book relates the stories of these spirits based upon eyewitness accounts of former slaves

**Slavery's Ghost** Richard Follett, Eric Foner, Walter Johnson, 2011-11-01 Three thoughtful contributions attempt to deepen and extend an emerging discussion about the limits to African American freedom and autonomy Slavery Abolition President Abraham Lincoln freed millions of slaves in the South in 1863 rescuing them as history tells us from a brutal and inhuman existence and making the promise of freedom and equal rights This is a moment to celebrate and honor to be sure but what of the darker more troubling side of this story Slavery's Ghost explores the dire debilitating sometimes crushing effects of slavery on race relations in American history In three conceptually wide ranging and provocative essays the authors assess the meaning of freedom for enslaved and free Americans in the decades before and after the Civil War They ask important and challenging questions How did slaves and freedpeople respond to the promise and reality of emancipation How committed were white southerners to the principle of racial subjugation And in what ways

can we best interpret the actions of enslaved and free Americans during slavery and Reconstruction Collectively these essays offer fresh approaches to questions of local political power the determinants of individual choices and the discourse that shaped and defined the history of black freedom Written by three prominent historians of the period Slavery's Ghost forces readers to think critically about the way we study the past the depth of racial prejudice and how African Americans won and lost their freedom in nineteenth century America

**Tales from the Haunted South** Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us

*Haunted Property* Sarah Gilbreath Ford, 2020-08-25 Winner of a 2021 South Central Modern Language Association Book Prize At the heart of America's slave system was the legal definition of people as property While property ownership is a cornerstone of the American dream the status of enslaved people supplies a contrasting American nightmare Sarah Gilbreath Ford considers how writers in works from nineteenth century slave

narratives to twenty first century poetry employ gothic tools such as ghosts and haunted houses to portray the horrors of this nightmare Haunted Property Slavery and the Gothic thus reimagines the southern gothic which has too often been simply equated with the macabre or grotesque and then dismissed as regional Although literary critics have argued that the American gothic is driven by the nation s history of racial injustice what is missing in this critical conversation is the key role of property Ford argues that out of all of slavery s perils the definition of people as property is the central impetus for haunting because it allows the perpetration of all other terrors Property becomes the engine for the white accumulation of wealth and power fueled by the destruction of black personhood Specters often linger however to claim title and Ford argues that haunting can be a bid for property ownership Through examining works by Harriet Jacobs Hannah Crafts Mark Twain Herman Melville Sherley Anne Williams William Faulkner Eudora Welty Toni Morrison Octavia Butler and Natasha Trethewey Ford reveals how writers can use the gothic to combat legal possession with spectral possession

This book examines the untold story of freed slaves from Brazil who thrived socially, culturally, and economically despite the challenges they encountered after they settled in Ghana. Kwame Essien goes beyond the one-dimensional approach that only focuses on British abolitionists funding freed slaves' resettlements in Africa. The new interpretation of reverse migrations examines the paradox of freedom in discussing how emancipated Brazilian Africans came under threat from British colonial officials who

introduced stringent land ordinances that deprived the freed Brazilian Africans from owning land particularly Brazilian land. Essien considers anew contention between the returnees and other entities that were simultaneously vying for control over social, political, commercial and religious spaces in Accra and tackles the fluidity of memory and how it continues to shape Ghana's history. The ongoing search for lost connections with the support of the Brazilian government inspiring multiple generations of Tabom offspring of the returnees to travel across the Atlantic and back especially in the last decade illustrates the unending nature of the transatlantic diaspora journey and its impacts.

Contemporary Women's Ghost Stories Gina Wisker, 2022-06-02. This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century and contemporary female writers including Shirley Jackson, Angela Carter, Toni Morrison, Ali Smith, Susan Hill, Catherine Lim, Kate Mosse, Daphne du Maurier, Helen Dunmore, Michele Roberts and Zheng Cho. Through the ghostly body, possessions and visitations, women's ghost stories expose links between the political and personal genocides and domestic tyrannies, providing unceasing reminders of violence and violations. Women like ghosts have historically lurked in the background, incarcerated in domestic spaces and roles by familial and hereditary norms. They have been disenfranchised legally and politically, sold on dreams of romance and domesticity. Like unquiet spirits that cannot be silenced, women's ghost stories speak the unspeakable, revealing these contradictions and oppressions. Wisker's book demonstrates that in terms of women's ghost stories, there is much to point the spectral finger at and much to speak out about.
