Slaves No More Ira Berlin, 1992-11-27 Three essays present an introduction and history of the emancipation of the slaves during the Civil War

Slaves No More Ira Berlin, 2007

Slaves No More Ira Berlin, Barbara J. Fields, Steven F. Miller, Joseph P. Reidy, Leslie S. Rowland, 2012-06-05 The three essays in this volume present an introduction to history of the emancipation of the slaves during the Civil War The first essay traces the destruction of slavery by discussing the shift from a war for the Union to a war against slavery The slaves are shown to have shaped the destiny of the nation through their determination to place their liberty on the wartime agenda The second essay examines the evolution of freedom in occupied areas of the lower and upper South The struggle of those freed to obtain economic independence in difficult wartime circumstances indicates conflicting conceptions of freedom among former slaves and slaveholders Northern soldiers and civilians The third essay demonstrates how the enlistment and military service of nearly 200 000 slaves hastened the transformation of the war into a struggle for universal liberty and how this experience shaped the lives of former slaves long after the war had ended

A Slave No More David W. Blight, 2009 Shares the stories of Wallace Turnage and John Washington former slaves who in the midst of chaos during the Civil War escaped to the North and lived to tell about their experiences

Taslitz rescues its forgotten history in *Reconstructing the Fourth Amendment* which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment's meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police *History of the English Baptist Missionary Society* Francis Augustus Cox, 1844 *Rebels in the Making* William L. Barney, 2020-07-01 A comprehensive study of secession in all fifteen slave states *Rebels in the Making* is a political social and economic history of the late antebellum South that examines the appeal of secession to a variety of actors in these states and reveals it to be not a mass democratic movement but a revolution led from above Tourism and Wellness Kellee Caton, Bryan S.
