Stonecampbell Movement An Anecdotal History Of Three Churches:

The Stone-Campbell Movement Leroy Garrett,1983 *The Encyclopedia of the Stone-Campbell Movement* Douglas A. Foster,2004 Over ten years in the making The Encyclopedia of the Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion Written by more than 300 contributors this major reference work contains over 700 original articles covering all of the significant individuals events places and theological tenets that have shaped the Movement Much more than simply a historical dictionary this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement **BOOK JACKET The Trinity in the Stone-Campbell Movement** Kelly D. Carter,2015-05-10 An assessment of Trinitarian thought in the two hundred year old Stone Campbell Movement including suggestions for ways in which the renewal of Trinitarian doctrine can revitalize the church s life and mission Throughout its history the Stone Campbell Movement has noticeably neglected Trinitarian doctrine prohibiting a biblical understanding of God as Trinity from significantly impacting the movement s churches This book attempts to rectify this weakness in three ways First a focus on the Trinitarian positions of Thomas Campbell Alexander Campbell and Barton W Stone sheds new light on the early shapers of the movement Second the book lays out specific ways in which the movement would benefit by a biblically grounded Trinitarianism and the contributions of contemporary trinitarian theologians And third it presents a plan for the advancement of biblical Trinitarian doctrine among Stone Campbell churches Significant contributions of this study include the most thorough examination to date of Trinitarian doctrine in Stone Campbell thought an original presentation of the historical theology that stands behind the Trinitarian positions of Thomas Campbell Alexander Campbell and Barton W Stone and a fresh proposal regarding the roots of Barton Stone s quasi Arianism **The Stone-Campbell Movement** Leroy Garrett,2002 **Hard-Fighting Soldiers** Edward J. Robinson,2024-01-12 In the first full length scholarly synthesis of the African American Churches of Christ Edward J Robinson provides a comprehensive look at the church s improbable development against a backdrop of African American oppression The journey begins with a lesser known preacher F F Carson in many ways a forerunner in the struggles and triumphs awaiting the preachers and lay people in the congregations to come Robinson then builds on scholarship treating well known figures including Marshall Keeble and G P Bowser to present a wide ranging history of African American Churches of Christ from their beginnings when enslaved people embraced the nascent Stone Campbell Christian Movement even though founder Alexander Campbell himself favored slavery The author moves on to examine how the churches grew under the leadership of S R Cassius even as Jim Crow restrictions put extreme pressure on organizations of any kind among African Americans Robinson s well researched narrative treats not only the black male leaders of the church but also women leaders such as Annie C Tuggle as well as notable activities of the church including music education and global evangelism

thus painting a complete picture of African American Churches of Christ Through scholarship and compelling storytelling Robinson tells the two hundred year tale of how black believers survived and thrived on the discarded scraps of America forging their own identity fashioning their own lofty ecclesiology and hard theology and creating their own papers lectureships liturgy and congregations A groundbreaking exploration by a seasoned scholar in American religion *Hard Fighting Soldiers* is sure to become the standard text for anyone researching the African American Churches of Christ

The Life of Selina Campbell Loretta Marie Long, 2013-09-06 This first biography of Selina Campbell opens a window onto the experience of women in one of the most dynamic religious groups of 19th century America Loretta M Long examines the life and influence of Selina Campbell one of the most visible women in the 19th century Disciples of Christ movement Best known as the wife of Alexander Campbell founder of the Disciples Selina Campbell both shaped and exemplified the role of women in this dynamic religious group also known as the Stone Campbell movement Her story demonstrates the importance of faith in the lives of many women during this era and adds a new dimension to the concept of the separate spheres of men and women which women like Campbell interpreted in the context of their religious beliefs A household manager mother writer and friend Campbell held sway primarily in the domestic sphere but she was not held captive by it Her relationship with her husband was founded on a deep sense of partnership conditioned by their strong faith in an all powerful God Each of them took on complementary roles according to the perceived natural abilities of their genders Alexander depended on Selina to manage his property and raise the children while he traveled the country preaching Campbell outlived her husband by 30 years and during that time published several newspaper articles and supported new causes such as women in missions In the end as Long amply demonstrates Selina Campbell was neither her husband's shadow nor solely a domestic worker She was in her husband's eyes a full partner and a fellow soldier in the cause of Restoration

Biblical Preaching and Teaching Dallas R. Burdette, 2010-09 One objective of this book is to set forth an interest in the Book of Ephesians and the Book of Philippians Ten studies are developed from Ephesians in order to explain predestination election and the richness of God's grace Chapters 11 and 12 advance God's salvation with an emphasis in Chapter 11 concerning the role of women in sharing the message of redemption Chapter 13 examines one's life before rebirth and life after rebirth Chapter 14 looks carefully at arguments adopted to condemn instrumental music in the Christian assembly The next seven chapters 15-21 investigate several statements from the Book of Philippians with accent upon God working in us to accomplish His outreach to the lost Three chapters 22-24 look at the purpose of the church church and ministry and the identification of the church Chapter 25 sets forth the biblical date for the Exodus as well as biblical chronology versus liberal chronology The next chapter 26 looks at the prophetic ministry Chapters 27 and 28 review the prophet Jonah with an emphasis upon his psychological setback in his first refusal to carry out God's command to go to Nineveh Chapter 29 discusses God's admonition to Joshua Chapters 30-32 scrutinize 1 Timothy 2:11-15 which in depth study is an overview of the Pastoral Epistles This study seeks an answer to

Paul's negative declaration about the participation of women in the church at Ephesus. These particular women were involved in the telling of stories about their gods and goddesses as well as the practice of magic. They did not understand the true nature of Jesus. The next three chapters 33-35 analyze the identity of Jesus. And finally Chapter 36 is written from an apologetic viewpoint which reading concentrates upon the cell to demonstrate that there is an Intelligent Designer. From Legalism to Freedom Dallas R. Burdette, 2008-08. In 1517 Martin Luther took a stand for justification by faith alone in the finished work of Christ upon Calvary. As a result of his position he suffered persecution for adhering to the Scriptures alone and not to traditions. This book traces my spiritual journey from legalism to freedom in Christ. In sixteen chapters I map out my heritage within the Churches of Christ and the motivations that eventually led me out of bondage to liberty. One of the lengthiest chapters in this book is Where the Scriptures Speak. One objective of this chapter is to help individuals to understand that one may speak where the Bible speaks and not necessarily speak as the Bible speaks. Chapters 11-12 and 13 represent the very heart of my escape from authoritarianism to my dependence upon God's righteousness, a righteousness from God through faith in Jesus. Chapter 14 focuses on preaching in the early church. Without an understanding of the Gospel that the apostles proclaimed, Christians will never learn the spirit of toleration for differences within the Christian community. Chapters 8-15 and 16 give attention to the Last Supper. The communion should be a constant reminder of the Cross and true unity among God's children. Chapter 1-2 and 3 outline my original journey of faith. Dallas Burdette has been a serious student, teacher, and preacher of the Bible for fifty-eight years, supporting himself for many years as an agent for AFLAC. He has written numerous articles for religious journals as well as many essays and sermons which are available on his website. He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word. He has degrees from Amridge University, formerly Southern Christian University, where he also was Director of Extended Learning for five years. He holds the Doctor of Ministry degree 1999 from Erskine Theological Seminary. *American Originals* Paul K. Conkin, 2000-11-09. In a work of striking breadth and clarity, Paul Conkin offers an even-handed and in-depth look at the major American-made forms of Christianity, a diverse group of religious traditions, each of which reflects a significant break from western Christian orthodoxy. Identifying six distinctive types, Conkin examines the major denominations representative of each original variety of American Christianity: restoration Churches of Christ, Disciples of Christ, humanistic Unitarians, Universalists, apocalyptic Adventists, Jehovah's Witnesses, Mormon Church of Jesus Christ of Latter-day Saints, spiritual Christian Science, Unity, and ecstatic Holiness and Pentecostal denominations. Focusing on the early years and maturation of these groups, he discusses their founders and leaders, origins, and Old World roots and essential doctrines and practices. Conkin closes each chapter with a guide to further reading. The first comprehensive survey of these American originals, this book will serve as a valuable resource on a number of religious traditions whose members not only comprise a significant percentage of the American population but also make up an increasing proportion of Christian converts worldwide. *The*
