Stonehenge 2000 Bc:

Stonehenge Bernard Cornwell, 2000-05-16 Four thousand years ago a stranger's death at the Old Temple of Ratharryn and his ominous gift of gold precipitates the building of what for centuries to come will be known as one of mankind's most singular and remarkable achievements Bernard Cornwell's epic novel Stonehenge catapults us into a powerful and vibrant world of ritual and sacrifice at once timeless and wholly original a tale of patricide betrayal and murder of bloody brotherly rivalry and of the never ending quest for power wealth and spiritual fulfillment Three brothers deadly rivals are uneasily united in their quest to create a temple to their gods There is Lengar the eldest a ruthless warrior intent on replacing his father as chief of the tribe of Ratharryn Camaban his bastard brother a sorcerer whose religious fervor inspires the plan for Stonehenge and Saban the youngest through whose expertise the temple will finally be completed Divided by blood but united precariously by a shared vision the brothers begin erecting their mighty ring of granite aligning towering stones to the movement of the heavenly bodies and raising arches to appease and unite their gods Caught between the zealotry of his ambitious brothers Saban becomes the true leader of his people a peacemaker who will live to see the temple built in the name of salvation and regeneration Bernard Cornwell long admired for his rousing narrative and meticulous historical imaginings has here delivered his masterpiece the most compelling and powerful human drama of its kind since Ken Follett's Pillars of the Earth and Edward Rutherfords Sarum His re-creation of civilization as it might have been in 2000 B C at once amplifies the mystery of his subject and makes the world of Stonehenge come alive as never before Stonehenge Bernard Cornwell, 2009-10-13 From New York Times bestselling author Bernard Cornwell the tale of three brothers and of their rivalry that created the mysterious Stonehenge One summer's day a dying stranger carrying great wealth in gold comes to the settlement of Ratharryn The three sons of Ratharryn's chief each perceive the great gift in a different way The eldest Lengar the warrior harnesses his murderous ambition to be a ruler and take great power for his tribe Camaban becomes a great visionary and feared wise man and it is his vision that will force the youngest brother Saban to create the great temple on the green hill where the gods will appear on earth Saban's love for Aureenna the sun bride whose destiny is to die for the gods finally brings the rivalries of the brothers to a head But it is also his skills that will build the vast temple a place for the gods certainly but also a place that will confirm for ever the supreme power of the tribe that built it Stonehenge Bernard Cornwell, 2000 One summer's day a stranger carrying a great wealth in gold comes to Ratharryn He dies in the old temple The people assume that the gold is a gift from the gods But the mysterious treasure causes great dissension both without from tribal rivalry and within **Stonehenge** Michael Parker Pearson, Stonehenge Riverside Project (England), 2012-06-07 Our knowledge about Stonehenge has changed dramatically as a result of the Stonehenge Riverside Project 2003-2009 led by Mike Parker Pearson and included not only Stonehenge itself but also the nearby great henge enclosure of Durrington Walls This book is about the people who built Stonehenge and its relationship to the surrounding landscape The book explores the

theory that the people of Durrington Walls built both Stonehenge and Durrington Walls and that the choice of stone for constructing Stonehenge has a significance so far undiscovered namely that stone was used for monuments to the dead Through years of thorough and extensive work at the site Parker Pearson and his team unearthed evidence of the Neolithic inhabitants and builders which connected the settlement at Durrington Walls with the henge and contextualised Stonehenge within the larger site complex linked by the River Avon as well as in terms of its relationship with the rest of the British Isles Parker Pearson's book changes the way that we think about Stonehenge correcting previously erroneous chronology and dating filling in gaps in our knowledge about its people and how they lived identifying a previously unknown type of Neolithic building discovering Bluestonehenge a circle of 25 blue stones from western Wales and confirming what started as a hypothesis that Stonehenge was a place of the dead through more than 64 cremation burials unearthed there which span the monument's use during the third millennium BC In lively and engaging prose Parker Pearson brings to life the imposing ancient monument that continues to hold a fascination for everyone

The Making of Stonehenge Rodney

Castleden,2002-11 Castleden suggests that there is no one meaning or purpose for Stonehenge that from its very beginning it has filled a variety of needs *When Time Began (Book V)* Zecharia Sitchin,1994-03-01 Night and day month after month year after year our ancestors dutifully recorded the passage of time on clay tablets watching the heavens from stage towers and pyramids and from megalithic monuments whose incredible size and precise architecture boggle the mind Who were the builders of these mysterious structures What was their purpose Whose signature is indelibly written on these timeless stones and who was the Divine Architect Why was Stonehenge and its likes built by ancient civilizations at the very same time 4 100 years ago What is their message for our time With these questions in mind Zecharia Sitchin renowned researcher of past ages takes us on a journey through the records of time in this the fifth book of his Earth Chronicles series Drawing deeply on Sumerian and Egyptian writings millenia old artifacts and sacred architecture ranging from ancient Mesopotamia to pre Columbian civilizations in the Americas this bestselling scholar provides astounding insights into the origins of the calendar astronomy and astrology He takes readers to the climax circa 2100 b c when Marduk the Babylonian national god attained supremacy on Earth and proclaimed the New Age of Aries after which society religion science and the status of women were never the same *How to Build Stonehenge* Mike Pitts,2022-03-15 Drawing on a lifetime's study and a decade of new research archaeologist Mike Pitts explores the mystery of how Stonehenge was built There is nothing like Stonehenge the simple graphic genius of these great arranged blocks The stones seem to rise from the ground in some antediluvian heave of the Earth lintels great horizontal slabs roughly squared the grey rock now covered in subtle lichen green But who made it When did they make it And most importantly how was it built How it was constructed is perhaps the central question about Stonehenge and likely the most common query from its many visitors Yet it's one of the least researched aspects of the site which author Mike Pitts aims to correct in this new book With a unique focus on the monument itself How to Build

Stonehenge describes the site as it is today what we know about the different types of stone how they were carved and positioned to create the ultimate in megalithic architecture and how this was taken down and left to ruin until the decay was arrested in the twentieth century with substantial restoration works Pitts then examines the latest research on the site interrogating the key questions the sources of the various stones how they were transported and how it was all put together The book considers the first significant study of sarsen the stone most of Stonehenge is made of in detail Recent groundbreaking discoveries using cutting edge scientific techniques have given us incredible new detail on the sources of these immense stones and brings it into the wider context of other megalith buildings around the world as well as placing Stonehenge at the center of a network of European Bronze Age cultures Archaeology of the British Isles Mr Andrew R M Hayes,Andrew Hayes,2002-11 Andrew Hayes makes available in this book a popular and up to date account of the archaeology of Britain an Eire while skilfully avoiding the danger of over simplification , **Teaching World History as Mystery** Jack Zevin,David Gerwin,2010-12-07 This text presents a philosophy methodology and examples for world history instruction based on inquiry and problem solving methods that promote reasoning and judgment and restore a sense of imagination and participation to classroom learning
