Simuology Volume I Christopher Foust, 2021-12-22 Simuology is a spiritual concept which suggests our current existence takes place within a simulation referred to as The System. Simuology is made up of multiple research methods and classifications which help active researchers known as Simuologists understand more of their individual existence. Simuologists apply specific methods within Simuology to expand their knowledge of The System, God, and Consciousness. These methods chronicled within multiple Volumes help the reader discover underlying truths to the simulation we all live in and what lies beyond. The first book in this series takes the reader on a journey of conscious discovery by discussing topics such as Religion, Near Death Experiences, Talking with the Dead, Dreams, Meditation, Karma, Manifestation, Synchronicity, The Mandela Effect, Time Travel, Multiple Dimensions, The Matrix, Aliens, and more. By combining the basic methods such as Religion, Science, Philosophy, History, Paranormal, Spirituality, Communication, and Technology, the reader is taught specific techniques to look for underlying clues within the simulation itself. These clues help the reader achieve a higher conscious state within The System, thereby progressing to a deeper understanding in their journey. Christopher Foust, a VR Developer with over 15 years of programming and design, provides a clear overview of The System and how it is connected to all of us. This even includes a possible Armageddon scenario called The Great Reset, which is due to arrive in 2030. As you follow along with him, he begins to uncover incredible clues which could confirm these suspicions. Simuology is a belief and a conscious study, unlike any other. It unravels the mysteries of our existence and everything else around us.

Jataka Tales of the Buddha (Volume I) Ken and Visakha Kawasaki,2018-02-15 Whereas Western intellectuals seek the
 essence of Buddhism in its doctrines and meditation practices the traditional Buddhists of Asia absorb the ideas and values of
 their spiritual heritage through its rich narrative literature about the Buddha and his disciples The most popular collection of
 Buddhist stories is without doubt the Jatakas These are the stories of the Buddha s past births relating his experiences as he
 passed from life to life on the way to becoming a Buddha At times he takes the form of a bird at times he is born as a hare a
 monkey a prince a merchant or an ascetic but in each case he uses the challenges he meets to grow in generosity virtue
 patience wisdom and compassion This anthology of Jatakas ably told by Ken and Visakha Kawasaki remains faithful to the
 original yet presents the stories in clear and simple language It thereby makes the Jatakas accessible even to young readers

 youth I wrote a number but they are so immature that I have preferred not to reprint them A few are in a book that has long

remained out of print a few others are scattered in various magazines They are best forgotten The first of the stories in this collection Rain was written in 1920 in Hong Kong but I had hit upon the idea for it during a journey I took in the South Seas during the winter of 1916 The last of my stories was written in New York in 1945 from a brief note that I found by chance among my papers and which I made as far back as 1901 I do not expect ever to write another **Sherlock Holmes: The**

Henry James: Complete Stories Vol. 1 1864-1874 (LOA #111) Henry James, 1999-08-30 A dignified and impressive addition to your bookshelf that reveals James's virtuoso performance in a genre he helped to define, refine, and elevate. The Commercial Appeal. This Library of America volume, the first of five of Henry James's short fiction, brings together his first twenty-four published stories, thirteen never collected by James. Encompassing a wide range of subjects, settings, and formal techniques, they show the first explorations of some of James's most significant themes: the force of social convention and the compromises it demands; the complex and often ambiguous encounter between Europe and America; the energies of passion measured against the rigors of artistic discipline. By his mid-twenties, James was a regular contributor to the most prestigious and popular magazines of his era. He is equally at ease writing historical tales such as *Gabrielle de Bergerac*, a love story set in pre-Revolutionary France, as he is exploring contemporary events as in the three stories that treat the effects of the American Civil War on civilians. James's psychological acuity is already evident in *Master Eustace*, a study of the ruthlessness of a spoiled child, and in *Guest's Confession*, where the comic portrayal of an arrogant businessman hints at his cruelty and self-absorption. In *The Romance of Certain Old Clothes* and *The Last of the Valerii*, James begins to work with the supernatural and fantastic motifs that would continue to surface in his work. Early examples of James's lifelong fascination with art and artists include *A Landscape Painter*, about a young painter's attraction to a seemingly simple family living in a desolate coastal town, and *The Madonna of the Future*, where an aging artist avoids the unveiling of his masterpiece. Adumbrating later triumphs and compelling in their own right, these stories reveal and accomplished and cosmopolitan young talent mastering the art of the short story. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
