Unlearn Everything That's Holding You Back: Release Old

Stories And Start New Paths Sybex Books, 2025-06-24 Sometimes progress isn't about learning more it's about letting go of what you thought was true **Unlearn Everything That's Holding You Back** is your invitation to question the rules roles and beliefs that no longer fit so you can finally move forward with power and peace The stories you inherited about success worth failure identity may have gotten you here but they won't take you where you're going next This book helps you peel back the layers of who you had to be so you can finally remember who you are Unlearning isn't passive It's a deliberate courageous choice to question what you've accepted as truth You'll uncover the mental scripts running in the background The habits that feel normal but are rooted in fear The expectations you're still chasing but never agreed to in the first place Release them Not with shame But with clarity You get to rewrite the rules You get to walk a new path And you don't need permission to begin Because freedom starts where the old story ends And your next chapter It's not just different It's yours

Rediscovering God's Grand Story James M. Roseman, 2017-09-15 In the passage to modernity we in the West have lost the ability to see things whole We've closed our minds to all things transcendent and default to unbelief and can't make sense of the persistent echoes of the voice of God that reverberate in our souls In **Rediscovering God's Grand Story** James Roseman picks up the strands of science philosophy history the arts and theology and reweaves the tapestry to see a coherent story that makes the best sense of the world and provides real meaning and significance to our lives **God's Grand Myth** We see that the signals of transcendence that confound our culture of doubt are a universal language and vocabulary of the heart echoing the voice of God and in the very Judeo Christian story we so readily jettison is found the Author enabling us to see the world whole again This essay tells why the story and promise of Christianity is so hard to hear today but won't go away Could it be that as T S Eliot wrote in the mid twentieth century at the end of all our exploring will be to arrive where we started and know the place for the first time

Departure Stories Elisa Bernick, 2022-10-04 We weren't religious per se The most frequent mention of God in our house was my mother yelling Goddammit Elisa Bernick grew up different i.e Jewish in the white Christian suburb of New Hope Minnesota during the 1960s and early 1970s At the center of her world was her mother Arlene who was a foul mouthed red headed suburban Samson who ultimately shook the

walls of their family until it collapsed Poignant and provocative *Departure Stories* peers through the broader lens of Minnesota's recent history to reveal an intergenerational journey through trauma that unraveled the Bernick family and many others Deftly interweaving reporting archival material memoir jokes scrapbook fragments personal commentary and one very special Waikiki Meatballs recipe Bernick explores how the invisible baggage of place and memory Minnesota's uniquely antisemitic history and the cultural shifts of feminism and changing marital expectations contributed to her family's eventual implosion *Departure Stories* Betty Crocker Made Matzoh Balls and other lies is a personal exploration of erasure immigrants and exiles that examines the ways departures from places families and memory have far reaching effects

Love Does Not Control Thomas Jay Oord, John Loppnow, Annie DeRolf, Christy Gunter, Lon Marshall, 2023-04-03 That love does not control seems obvious to many people And yet the temptation to control often with good motives is strong The long term results of yielding to this temptation damage everyone Contributors to *Love Does Not Control* explore uncontrolling love and a vision of God as uncontrolling They do so from their perspectives as therapists psychologists and counselors Writers ponder what uncontrolling love might mean for human healing Open and relational theology operates as the underlying framework for most contributors That theology fits nicely with the belief that love is uncontrolling Open and relational theology rethinks divine power in light of love and postulates what it might mean for creatures to imitate their Creator's uncontrolling love The essays in *Love Does Not Control* are diverse Readers may discover some differences of opinion as they move from essay to essay But contributors share in common the quest to explore what uncontrolling love means for issues in counseling psychology and or therapy These essays have a power that goes beyond mere theoretical reflection The ideas in these pages have the capacity to transform our living And even reading *Love Does Not Control* has the potential to become an exercise in uncontrolling love

Stories of Resilience in Childhood Daniel D. Challener, 2019-10-01 What helps a child overcome extraordinary obstacles Why do some children surmount many difficulties and go on to live fulfilling lives while

other children who face similar difficulties end up living desperate sad lives What helps children beat the odds What builds resilience in children These are critically important questions yet for too long social scientists doctors psychologists and teachers have studied children who failed and tried to figure out what caused the failure Only relatively recently have they begun to focus on what creates success Originally published in 1997 this book is an effort to understand better what contributes to a child's success and resilience The source of information will be autobiographies of childhoods autobiographical stories written by adults remembering their difficult childhoods This is not a research study or case study rather it is an attempt to read and listen to five stories about resilient children and see what they can tell us about supporting children and building resilience

Why the Bible Matters Mike Erre, 2010 Mike Erre the teaching pastor of a large culturally relevant church in Southern California offers intelligent answers to the questions emerging generations are asking about the Bible How can the Scriptures be relevant to the post Christian postmodern world Does objective truth even exist With so many viewpoints translations and theologies out there how can anyone today know what the Bible really means Many 20 and 30 somethings are suspicious of the way the Bible has been used by some people in the Christian community But on the other hand they don't necessarily buy into modern revisionist criticisms either This unique guide provides the middle ground upholding the authority of the Bible in creative engaging and intellectually satisfying ways It addresses the specific biblical questions concerns and issues that are so important to the under 40 crowd Erre's contagious enthusiasm and deep respect for the Scriptures match his first rate scholarship

Bold Spirit Linda Lawrence Hunt, 2005-01-11 In 1896 a Norwegian immigrant and mother of eight children named Helga Estby was behind on taxes and the mortgage when she learned that a mysterious sponsor would pay 10 000 to a woman who walked across America Hoping to win the wager and save her family's farm Helga and her teenaged daughter Clara armed with little more than a compass red pepper spray a revolver and Clara's curling iron set out on foot from Eastern Washington Their route would pass through 14 states but they were not allowed to carry more than five dollars each As they visited Indian reservations Western boomtowns remote ranches and local civic leaders they confronted snowstorms hunger thieves and mountain lions with equal aplomb Their treacherous and inspirational journey to New York challenged contemporary notions of femininity and captured the public imagination But their trip had such devastating consequences that the Estby women's achievement was blanketed in silence until nearly a century later Linda Lawrence Hunt encountered their extraordinary story
