Storm Signals More Undiplomatic Diaries 1962 1971:

Storm Signals Charles Ritchie,1986-12-01 **Storm Signals** Charles Ritchie,2012-03-26 In the fourth volume of selections from his delightfully wise and witty diaries we see Charles Ritchie the seasoned but never stuffy diplomat in his last two major postings as Canadian Ambassador to Washington and as Canadian High Commissioner to London Full of anecdotes rather than briefing papers was JFK really shooing the new Canadian ambassador out of his office Ritchie's diaries are at their amusing best

Canada's Voice Adam Chapnick,2010-01-01 It is hard to imagine a person who embodied the ideals of postwar Canadian foreign policy more than diplomat and scholar John Wendell Holmes Holmes joined the foreign service in 1943 headed the Canadian Institute of International Affairs from 1960 to 1973 and as a professor of international relations mentored a generation of students and scholars Canada's Voice draws upon family letters archival records and more than 150 personal interviews to chronicle how Holmes influenced the way diplomats scholars and statespeople abroad viewed Canada and its citizens and how Canadians saw themselves on the world stage Accessible and engrossing this is the only comprehensive biography of a man who helped shape foreign policy during Canada's golden age as a middle power

Securing the Continental Skies Matthew Paul Trudgen,2025-03-04 During the early years of the Cold War Canada and the United States began to develop a peacetime defence relationship Initial co operation was limited to the construction of minor installations and the creation of joint plans But in 1950 both countries began to develop an air defence system to protect North America from the Soviet threat *Securing the Continental Skies* uses archival sources that have become available since the end of the Cold War to offer new insights into the development of the North American air defence system during the 1940s and 1950s Matthew Trudgen analyzes the negotiations behind several recommendations from the Permanent Joint Board on Defence three early warning radar lines and the North American Air Defence Command NORAD He argues that in Canada air defence policy was shaped by different conceptions of the national interest among the Cabinet the Department of External Affairs the Royal Canadian Air Force and the departments of Transport Defence Production and Northern Affairs and Natural Resources In the United States air defence policy reflected differing assessments of the importance of continental defence by the Truman and Eisenhower administrations Ultimately North America's air defences were the outcome of a variety of factors including Canadian political considerations and emerging nationalism the state of Canada's electronics industry the relationship between both countries air forces and American nuclear strategy *Securing the Continental Skies* challenges assumptions about Canadian foreign relations in the 1940s and 1950s and offers a new assessment of military co operation between Canada and the United States

A World of Lost Innocence Nicola Darwood,2012-04-25 Elizabeth Bowen was a prolific writer her publishing career spanned five decades and during this time she wrote ten novels over one hundred short stories and countless reviews and journal articles While earlier novels are now acknowledged as Modernist texts her later novels can be read through the lens of postmodernism they can be considered

variously as romantic fiction marriage novels war time spy thrillers and psychological drama but throughout her novels she consistently questioned notions of identity sexuality and the loss of innocence *A World of Lost Innocence The Fiction of Elizabeth Bowen* offers a reading of Elizabeth Bowen's fiction which focuses specifically on this loss foregrounding the psychological conflicts experienced by her protagonists It examines the subject not only across the range of her fiction but also in relation to her unfolding narrative structures through a chronologically based discussion of her novels and selected short stories interwoven with biographical information and drawing on unpublished letters This book investigates the dominant kinds of innocence that Bowen represents throughout her fiction the innocence attributed to childhood sexual innocence and sexual morality and political innocence and argues that the transition from innocence to experience plays an important role in the epistemological journey faced both by Bowen's characters and her readers *The History of Canada Series: The Best Place To Be* John Lownsbrough, 2012-04-17 A pivotal event in Canada's history For six months in 1967 from late April until the end of October Canada and its world's fair Expo 67 became the focus of national and international attention in a way the country and its people had rarely experienced Expo 67 crystallized the buoyant mood and newfound sense of confidence many felt during Canada's centennial It becomes clearer though as its forty fifth anniversary approaches in spring 2012 that Expo was something more than just a great world's fair For many Canadians it became a touchstone a popular event that penetrated the collective psyche *The Best Place to Be* takes a look at Expo and at the social and political contexts in which it occurred It is above all a story of people the young men and women who worked at Expo the visitors and the cameo appearances from the titled and celebrated such as Elizabeth II President Lyndon Johnson President Charles de Gaulle whose visit to Expo and Montreal became infamous U S Senator Robert F Kennedy Jacqueline Kennedy Princess Grace of Monaco Princess Margaret Marshall McLuhan Sidney Poitier Laurence Olivier Cary Grant Twiggy and Pierre Trudeau

Canada's Department of External Affairs, Volume 2 John Hilliker, Donald Barry, 1990 The second volume of the official history of the Department of External Affairs *Coming of Age* covers a period of remarkable expansion and achievement in the history of Canadian external relations *Two Days in June* Andrew Cohen, 2016-05-03 On two consecutive days in June 1963 in two lyrical speeches John F Kennedy pivots dramatically and boldly on the two greatest issues of his time nuclear arms and civil rights In language unheard in lily white Cold War America he appeals to Americans to see both the Russians and the Negroes as human beings His speech on June 10 leads to the Limited Nuclear Test Ban Treaty of 1963 his speech on June 11 to the Civil Rights Act of 1964 Based on new material hours of recently uncovered documentary film shot in the White House and the Justice Department fresh interviews and a rediscovered draft speech *Two Days in June* captures Kennedy at the high noon of his presidency in startling granular detail which biographer Sally Bedell Smith calls a seamless and riveting narrative beautifully written weaving together the consequential and the quotidian with verve and authority Moment by moment JFK's feverish forty eight hours unspools in cinematic clarity as he addresses peace and freedom In the tick tock of the American

presidency we see Kennedy facing down George Wallace over the integration of the University of Alabama talking obsessively about sex and politics at a dinner party in Georgetown recoiling at a newspaper photograph of a burning monk in Saigon planning a secret diplomatic mission to Indonesia and reeling from the midnight murder of Medgar Evers There were 1 036 days in the presidency of John F Kennedy This is the story of two of them **Dancing Around the Elephant** Bruce

Muirhead,2007-01-01 A generation of Canadian historians has viewed the mid twentieth century as an era when Canada gave ground to the United States in most areas of foreign trade policy In *Dancing around the Elephant* Bruce Muirhead elegantly and cogently disputes this view Drawing on extensive archival research Muirhead notes a number of cases where Canadian policy makers actually got the better of their American counterparts such as the Auto Pact and examines contextual reasons for the pessimistic view of Canada's trade position and hostile scepticism of American dominance the rise of Canadian nationalism the growth of anti Americanism based largely on the American role in Vietnam and the election of Pierre Elliot Trudeau as prime minister in 1968 Muirhead also dispels the myth that the poor relationship between Prime Minister John Diefenbaker and President John F Kennedy served to wreak havoc on Canadian American relations clearly demonstrating its lack of effect on trade patterns While not disregarding a number of trade failures particularly with the United Kingdom and Europe *Dancing around the Elephant* refutes the position of those who question Canada's economic independence in the mid century and will prove tremendously controversial with economic historians and those who study Canadian nationalism

The Politics of Canadian Foreign Policy, Fourth Edition Kim Richard Nossal,Stéphane Roussel,Stéphane Paquin,2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal St phane Roussel and St phane Paquin provide readers with the key foundations for the study of Canadian foreign policy They argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why Canadian foreign policy looks the way it does one must look at the interplay of all three
