Strengthening the Retention of Child Protection Workers Kenneth Burns, 2012-12 This book examines a key issue in the field of human and social services how to retain workers in child protection and welfare organisations. Research over the last decade has highlighted the turnover of these workers as being a pressing and perennial issue that impacts upon service users, staff, welfare resources and the reputation of this sector. This book presents the findings of a study examining social workers' retention in child protection and welfare. The findings from this study highlight how workers' retention is influenced by exchanges, relationships with colleagues and managers and this book presents a unique career preference typology which expands our understanding of how workers make decisions to stay or leave based upon their pre-conceptions of career pathways post qualification. The book also examines findings associated with the employment mobility of these workers within child protection and tracks their next post after leaving which provides some surprising findings regarding how we understand and measure turnover for these workers. The book also examines rich qualitative data from these workers' experiences of being a social worker in child protection associated with job satisfaction, commitment to child protection and welfare work, making a difference, quality of supervision, autonomy and exchange relationships with peers, all of which emerged as important factors in social workers' decisions to stay or leave. The implications of this study's findings for theory are also explored. Kenneth Burns is deputy course director of the Master of Social Work and a research associate with the Institute for Social Science in the 21st Century at University College Cork, Ireland. *The Ferguson Guide to Resumes and Job Hunting Skills* Maureen J. Hinds, 2005 Presents a guide to preparing a resume and conducting a job search including information on looking beyond classified ads, creating a resume, writing cover letters and interviewing for positions.

It investigates the responsibilities for social welfare held by the state, the market and civil society, elaborating a concept of citizenship based social work. Global Social Work in a Political Context Iain Ferguson, Vasilios Ioakimidis, Michael Lavalette, 2018-01-10 How is social work shaped by global issues and international problems and how should it address them? This book employs a radical perspective to examine international social work. Globalisation has opened up many issues for social work including how to address global inequalities, the impact of global economic problems and trends towards neoliberalism. By examining the origins of modern social work, problematising its

definition and addressing the care control dichotomy the book reveals what we can learn from different approaches and projects across the globe Case studies from the UK the US Canada Spain Latin America Australia Hungary and Greece bring the text to life and allow both students and practitioners to apply theory to practice Social Work in Extremis Michael Lavalette, Vasilios Ioakimidis, 2011 This important book looks at social work responses in different countries to extreme social economic and political situations including war situations military regimes earthquakes and tsunamis **Globalisation, Global Justice and Social Work** Iain Ferguson, Michael Lavalette, Elizabeth Whitmore, 2005 Globalization has become a seemingly unstoppable force over recent decades and in its wake global notions of social justice have developed in response to its negative aspects Neo liberal economic policies have been a key element in the wider process of globalization and these policies have had a profound impact on welfare provision and the shape of social work practice Arising dissatisfaction among users of welfare and social work services is fuelling the search for a new more radical social work that is firmly rooted in principles of social justice Globalisation Global Justice and Social Work explores the global effects of neo liberal policies on welfare services in different countries with contributions from social work academics practitioners and welfare activists around the world The first section of the book presents case studies of impact of neo liberalism on welfare systems social service provision and the practice of social work In the second section the chapters explore the relationship between social work practice and the struggle for social justice Authors discuss the personal and political dilemmas they have had to address in seeking to link a personal commitment to social justice with their daily practice as workers and educators in social work The final section assesses the prospects for social work practice based on notions of social justice by looking at what can be learned from the experience of previous radical movements as well as from emergent global and local movements

Radical social work today Lavalette, Michael, 2011-02-23 Created to celebrate the 35th anniversary of Bailey and Brake s seminal text *Radical Social Work* 1975 this volume seeks to explore the radical tradition within social work and assess its legacy relevance and prospects With a foreword by Roy Bailey the book brings together leading academics within social work in Britain to reflect on the legacy of *Radical Social Work* both the original text and the wider social movement within social work education theory and practice With the current issues facing social work in Britain this book examines the radical tradition to assert that another social work is possible Social Work and Neoliberalism Edgar Marthinsen, Nina Skjefstad, Anne Juberg, Paul Michael Garrett, 2021-09-26 Social work educators and practitioners are grappling with many difficulties confronting the profession in the context of an increasingly neoliberal world The contributors of this book examine how neoliberalism and the modes with which it structures the world has an impact on and shapes social work as a disciplinary field Drawing on new empirical work the chapters in this book highlight how neoliberalism is affecting social work practices on the ground The book seeks to stimulate international debate on the totalizing effects of neoliberalism and in so doing also identify various ways through which it can be resisted both locally and globally The chapters in this book

were originally published as a special issue of the European Journal of Social Work **Radical Social Work in Practice**
Iain Ferguson, Rona Woodward, 2009-05-14 APPROVED BY AUTHOR Radical social work is a tradition often identified exclusively with the movement which developed in the UK in the 1970s However this much needed new textbook the first student text devoted to radical social work demonstrates that the relevance of radical approaches to contemporary social work practice have never been stronger Challenges to a neoliberal approach to social work have been gaining ground academically and with practitioners This book provides a true vision of the radical tradition and shows how it can be developed in contemporary social work Using case studies and a problem based learning approach to illustrate the type of dilemmas faced by workers in their day to day practice the book sets out the ways in which a radical social work approach can inform constructive responses It emphasises the need to understand the diverse lives of service users encouraging readers to share experience and knowledge and to discuss past and present events to build confidence in tackling injustice at individual and societal levels As many social workers are becoming disillusioned and dissatisfied with the bureaucracy and regulation in the profession this book promotes a practice that is rooted in a commitment to positive change and to social justice that will offer a breath of fresh air to students and practitioners alike
