Social Work Practice British Association Of Social Workers Basw Practical Social Work S

Mark Hughes, Michael Wearing

Social Work Practice British Association Of Social Workers Basw Practical Social Work S:

A Practical Guide to Community Social Work Practice in the UK Colin Turbett, 2024-09-03 There has been a rebirth of interest in bringing community back into social work but what does community social work mean when applied to practice What are the opportunities in a landscape dominated by shrinking budgets with their attendant procedural and risk obsessed assessment and care management models In this accessibly written book Colin Turbett explores the erratic history of community social work He goes on to demonstrate through contemporary examples how this preventative and relationship based model can work for the individuals and communities served and also provide an answer to the recruitment and retention issues adversely affecting mainstream settings

Social Work Practice with Children and Families Carolyn Spray, Beverley Jowett, 2011-11-15 Carefully researched and highly readable this textbook explores what enables good and effective practice in local authority field social work delivered to children young people and their families The book sets the context for local authority social work practice and then chapter by chapter takes the reader carefully through the social work process Detailed case studies work really well in embedding the legal and theoretical context firmly within the practice challenges of safeguarding children Overall the book is about social workers effecting change so that children can continue to live successfully with their families and within their communities Key features include Strong links between theory and practice Core themes relevant to training and practice assessment decision making interprofessional collaboration and reflective practice Accessible and jargon free also includes a useful glossary of relevant legislation Learning points and case study exercises in each chapter Written in a lively and engaging style students and newly qualified social workers will find this book provides a helpful introduction to children and families local authority social work as it exists today It will be invaluable for students taking courses in child and family social work and child protection The book will also appeal to experienced practitioners who want to explore action research or create the space for reflective practice as part of their continuous professional development It will help other professionals involved in supporting children develop insight into the practice of social workers

Social Work Practice Jonathan Parker, 2017-04-29 This bestselling book will take you step by step through the four main aspects of social work practice Assessment Planning Intervention and Review giving you a complete foundation in each It will introduce you to each process in a clear and accessible way supporting you to both reflect on and apply what you have learnt in practice across settings and service user groups The book will provide you with a theoretical foundation from which you can explore other aspects of social work New to the fifth edition an ethnographic approach to social work focus on relationship and resilience revised exploration of the political context of social work updated emphasis on social justice and human rights

Social Work in a Digital Society Sue Watling, Jim Rogers, 2012-05-18 This book will help students develop their understanding of how the internet is impacting on social work education and practice in 21st century Essential reading for students interested in the influence of digital technology and

social media including the impact of digital divides this book looks at how the value base of social work can have a positive effect on service users and carers who engage with digital services

Ethics and Values in Social Work Sarah Banks, 2020-11-04 With over 40 000 copies sold across its lifetime this is social work classic from a leading international author Synthesizing the complex ideas and concepts that characterize social work s value base Sarah Banks expertly provides a clear and systematic account of professional ethics in relation to social work practice framed within a global context Ethics and Values in Social Work is co published with the British Association of Social Workers BASW and this fifth edition provides revised and updated analysis of professional regulation and codes of practice Written with Banks trademark accessibility and theoretical rigour this updated edition continues to be a relevant and invaluable resource for all students taking Ethics and Values modules at both undergraduate and postgraduate levels as well as educators and practitioners of social work New to this Edition Revised and updated analyses of professional regulations and codes of practices Updated case studies with an increased number of global examples of social work practice More cases featuring adults

Ethics and Value Perspectives in Social Work Mel Gray, Stephen A. Webb, 2010-05-19 This agenda setting text explores a broad range of value perspectives and their impact on and contribution to social work thinking on ethics Including new perspectives such as Islam and drawing on international contributors this is essential reading for all social work students studying ethics and values

Critical Social Work with Children and Families Steve Rogowski, 2024-02-27 In dealing with individual problems and difficulties critical social work CSW is an emancipatory practice which seeks to address social injustice In this book the author draws on almost 40 years experience as a social worker to consider CSW in core areas of practice with children and families Fully updated to cover the impact of austerity Brexit the COVID 19 pandemic and cost of living crisis this accessible textbook is essential reading for students educators and practitioners of child and family social work It features clearly signposted theory and practice sections over 10 case studies including those drawn from the author s experience end of chapter Key points summaries further reading suggestions With expanded coverage of race and intersectionality contextual safeguarding and critical child protection the book champions the development of resilient social workers working towards a more just and equal world

Practical Social Work Ethics Lorraine Green, Malcolm Carey, 2017-03-02 This is the first text of its kind to deal exclusively with applied social work ethics It focuses on an eclectic mix of difficult moral questions or issues encountered in much modern day practice It is therefore not theoretically driven with some practical elements attached but is instead is a practice based book where any theory introduced is linked to tangible practice situations It is also thought provoking controversial in parts and always engaging The book is divided into three key sections each introduced by the editors Past and Present Moral Practices with Children and Families Ethical Tensions Ambivalent Ethics and Adult Social Work Contesting Modernisation Each section covers a range of topics and poses difficult questions which link to ethical dilemmas or anxieties These are attached to themes such as whether culturally

sensitive social work is always a good thing the implications of secrets and silence within inter generational families or the use of Controlled Treatment Orders or medical and social models within mental health social work Other chapters ask whether the many forms of user carer participation within social work education or practise are ethically viable explore the moral paradoxes which emerge when vested financial interest sometimes appear to eclipse users interests examine the implications of avoiding or uncritically deploying touch in social work care or consider the many moral implications of institutional abuse within social work With a focussed and clear writing style this book will be of interest to all social work students and practitioners interested in the practical yet complex moral ramifications of their applied role

Values and Ethics in Social Work Chris Beckett, Andrew Maynard, 2012-11-13 What are my values What are the values of others around me What are the values and ethics of the social work profession An awareness of our own ethical assumptions and how these inform our practice is crucial for the student social worker The second edition of this bestselling book is now split into two parts Part 1 considers the foundations of every person s values and provides a background to moral philosophy Part 2 examines key ethical issues and how they determine practice such as using power allocating resources treating others with respect and celebrating diversity For the second edition two new chapters have been added to the book on The political dimension in ethical decision making Realism as a guiding ethical principle Written in a uniquely straightforward style everyday social work practice is the key focus throughout Every chapter includes interactive exercises and case studies challenging you to reflect on a range of practical dilemmas Visit the accompanying companion website for videos of the authors discussing the issues covered in each chapter of the book These short clips will aid and enhance your understanding of the importance of values and ethics in each area of social work Chris Beckett and Andrew Maynard s book is essential reading for all undergraduate and postgraduate social work students

Contemporary Social Work Practice: a Handbook for Students Barbra Teater, 2014-04-16 This exciting new book provides an overview of fifteen different contemporary social work practice settings spanning across the statutory voluntary private and third sectors It serves as the perfect introduction to the various roles social workers can have and the numerous places they can work equipping students with the knowledge skills and values required to work in areas ranging from mental health to fostering and adoption and from alcohol and drug treatment services to youth offending Each chapter provides An overview of the setting including the role of the social worker how service users gain access to the service and key issues definitions or terms specific to the setting Legislation and policy guidance related to the specific setting The key theories and methods related to the setting Best practice approaches and the benefits and challenges of working within the setting Case examples illustrating the application of the information to practice Social work students will find this an invaluable handbook that they will refer to time and again throughout their education and into their assessed and supported year of employment Contributors Mark Baldwin Jo Bell Jenny Clifford Jill Chonody Clare Evans Benedict Fell Alinka Gearon Issy Harvey Caroline Hickman Tony Jeffs

Debbie Martin Malcolm Payne Justin Rogers Sue Taplin Barbra Teater John Watson Michele Winter It is an excellent student introduction to this diverse profession Full of information that provides a thought provoking read Andrew Ellery Social Care Professional This book really is an excellent resource for social work students at an introductory level and for preparation for placement levels It provides a comprehensive overview of a range of service user groups as well as specific issues such as domestic violence homelessness and substance use Each section is structured around the policy and legislative context and includes comment on theory challenges and anti oppressive practice with case examples to aid learning The focus on the settings within which social work is practiced is particularly welcome and provides an essential companion to introductory books which look more at values professional behaviour and skills The range of different settings covered provides excellent preparation for students about to start a placement The sections on rehabilitation of offenders and self harm highlight topics that are often given less attention but may well be encountered by students on placement I will certainly be including this book as essential reading for students on introductory and practice preparation modules Allan Rose Social Work Lecturer Brunel University UK

The Social Work Assignments Handbook Sarah Foote, Anne Quinney, Matt Taylor, 2015-10-01 The Social Work Assignments Handbook is the complete guide to preparing for carrying out and writing up a social work assignment or project Designed to support students through their assignments from beginning to end each stage is fully explained through friendly advice and practical guidance so that students can feel confident in their work whether they are writing up quantitative research findings or carrying out a literature review

The New Social Work Practice Mark Doel, Steven Shardlow, 2019-05-23 First published in 1998 this book is a fully revised and updated edition of Social Work Practice first published in 1993 as a training manual The New Social Work Practice presents a comprehensive view of contemporary social work Whether it be general or specialist practice care and control or power and oppression these central issues and recurring themes are given a topical treatment Changes in core aspects of social work are fully explored in lively and realistic ways combining the essence of good practice with current organizational demands The aim of the original workbook remains intact to guide and stimulate learning about social work practice The book achieves this purpose by presenting various aspects of social work using different settings and contexts New and revised activities are included to promote discussion understanding learning and better practice Taken together the topics and themes in the book define the essential elements of a curriculum for social work practice

Working with Risk Hazel Kemshall, Bernadette Wilkinson, Kerry Baker, 2013-10-30 Assessing and managing risk is a daily challenge for social workers Working with risk can be anxiety provoking and demanding requiring great skill and high levels of confidence In these complex situations social workers have to work hard to get the balance right This innovative book focuses on the development and use of skills for work with risk Using a range of case studies examples and reflective exercises the authors examine the key skills required to work effectively with risk Various chapters focus on assessment skills gathering and evaluation of information decision

making challenges and ethical issues Recognising the difficulties presented in the context of busy statutory work there is a strong focus on practical skills and tips for improving risk management plans The book also pays careful attention to the emotional impact of working with risk with a final chapter on the management of self in the challenging and sometimes distressing world of social work Written in a reader friendly accessible style the book will be essential reading for students and staff across a range of social work settings including community care adult services child protection and mental health

Organisations and Management in Social Work Mark Hughes, Michael Wearing, 2012-11-12 The second edition of *Organisations and Management in Social Work* examines the complex organisational settings in which social workers practice and identifies opportunities for taking action for positive change A robust critique of organisational practices is encouraged throughout the book with an emphasis on active participation in the everyday life of organisations The new edition covers Leadership and supervision Inter agency and inter disciplinary working Ethical practice and decision making Communication and the emotional life of organisations Each chapter includes updated practice examples and reflective questions so readers can apply the knowledge learned to real life practice It will be essential reading for undergraduate and postgraduate students of social work The book will also be a valuable text for front line practitioners and managers wishing to understand the organisational context of social work

Ecological Social Work Jennifer McKinnon, Margaret Alston, 2017-09-16 The world is on the brink of ecological crisis In the last decade we have seen a number of catastrophic events that illustrate this including the 2004 tsunami across the Pacific which killed over 150 000 people and Hurricane Katrina in the United States which left thousands dead and millions displaced As the frequency and scale of environmental disasters has increased social workers have found themselves on the front line of crisis interventions working to ensure that the basic needs of communities are met This evocative highly thought provoking book encourages social workers to incorporate an awareness of the physical environment into their work with individuals groups and communities Written by an international group of experts and led by two of the top names in the field it offers an examination of key theoretical concepts combined with specific guidance on developing an ecological social work practice in a variety of situations from daily life in urban communities to post disaster sites from areas across the globe A fresh new perspective on a topic that gains greater significance day by day *Ecological Social Work* calls for practitioners to use their skills in speaking on behalf of the vulnerable to lend their voice to the physical environment to bring forward the stories of those marginalised by environmental disaster in order to lead creative solutions to this most fundamental of crises

Studying for Social Work Eileen Baldry, Mark Hughes, Linda Burnett, Ian Collinson, 2011-01-13 This essential guide to study skills takes social work students through every step of their degree journey providing them with the academic tools they will need to thrive along the way Inventively informed by the insights and reflections of qualifying students the book offers effective guidance that is grounded in real experience of the social work degree It is particularly suited to those in their early years of study and

supports students as social workers in the making The book covers a comprehensive range of the core study skills including Time management Literature searches Engaging with research Responding to new styles of social work learning and teaching Critical thinking Academic writing and Presentations With reflective questions handy practical tips and links to helpful websites this accessible handbook is the perfect study companion for every student on the path to professional qualification

The Handbook of Professional Ethical and Research Practice for Psychologists, Counsellors, Psychotherapists and Psychiatrists Rachel Tribe, Jean Morrissey, 2020-03-25 This exciting new edition provides an overview of the main professional ethical and research issues that are required knowledge for counsellors therapists psychologists and psychiatrists engaging in therapeutic or clinical work These issues form part of the curriculum and practice requirements of all the major counselling psychotherapy psychology and psychiatry professional organisations including BACP BPS HCPC RCP UKCP IACP IPS and IAHIP Divided in six clearly defined sections this book will provide a comprehensive overview of all the major professional practice and ethical issues in one edited volume The authors are well known experts in their fields and their work has been brought together with clarity and helpful features including reflective questions and case vignettes This new edition has also been updated to include content on social justice community psychology and professional guidelines reflecting the latest academic research and clinical developments This book is unique in the breadth of issues covered and its focus on therapeutic practice It will be of interest to practitioners and students of psychotherapy counselling and psychiatry

Supervision in Social Work Liz Beddoe, Jane Maidment, 2017-10-02 Supervision is currently a hot topic in social work The editors of this volume both social work educators and researchers believe that good supervision is fundamental to the development and maintenance of effective practice in social work Supervision is seen as a key vehicle for continuing development of professional skills the safeguarding of competent and ethical practice and oversight of the wellbeing of the practitioner As a consequence the demand for trained and competent supervisors has increased and a perceived gap in availability can create a call for innovation and development in supervision This book offers a collection of chapters which contribute new insights to the field Authors from Australia and New Zealand where supervision inquiry is strong offer research informed ideas and critical commentary with a dual focus on supervision of practitioners and students Topics include external and interprofessional supervision retention of practitioners practitioner resilience and innovation in student supervision This book will be of interest to supervisors of both practitioners and students and highly relevant to social work academics This book was originally published as a special issue of Australian Social Work

Using Advocacy in Social Work Practice Peter Scourfield, 2021-03-07 This book explains different types of advocacy and the various ways in which advocacy is used in social work making links with core social work concepts such as empowerment safeguarding and rights Tracing how the use of advocacy is mandated in professional social work guidance and codes of practice as well as in legislation such as the Care Act 2014 and the Mental Capacity Act 2005 this book Explores definitions of advocacy discusses

what it can achieve and explains the different uses of advocacy in social work Covers the necessary knowledge skills and values that social workers need in order to advocate effectively in their own practice Discusses critically what independent advocacy is and explains why it has become an integral part of contemporary social work Examples are provided of where independent advocacy plays an important role in different areas of social work Explains what social workers need to know about working effectively with different types of advocates Encourages critical reflection on the relationship between social work and independent advocacy and flags debates and issues relating to the use of advocacy in social work Aimed at social work students and social work professionals this book provides an excellent introduction into a topic which is highly relevant to social work using case studies and activities to aid understanding **Equalising Opportunities, Minimising**

Oppression Dylan Ronald Tomlinson, Winston Trew, 2002 Anti Racist Practice ARP Anti Discriminatory Practice ADP and Anti Oppressive Practice AOP form a trinity of concepts nested into one another which have evolved in welfare services over the last fifteen years They tend to have developed as forms of practice panaceas and as a result have been subject to both unrealistic expectations and at times to political ridicule This book clarifies the distinctions between three key concepts ARP ADP and AOP Critically and constructively analysing these three approaches to practice it reappraises their potential in the light of emerging equality issues in the health service With contributions from leading teachers and practitioners in the field Equalising Opportunities provides students and practitioners in health and social care with a clear overview of an area where there is much confusion and imperfect understanding
