Political Modernity and Social Theory Jose Mauricio Domingues, 2024-05-28 Modern liberal democracy and authoritarian collectivism have known diverse political regimes autocratic oligarchic or democratic they each consist of a mixed partly oligarchic regime in which plebeian politics are subordinated With authoritarian collectivism's defeat a return to modernity has produced one more hybrid configuration An in depth investigation of political modernity and how it is differentiated from other forms of society this book researches its origins and trajectory as a specific dimension of modern civilisation articulating a renewed critical theory through an analysis of rights and law politics state and autonomy social reproduction crisis and political change Examining these diverse aspects Political Modernity and Social Theory proposes an encompassing and far reaching approach spanning past and present stressing radical plebeian democracy and maintaining a strong opening to the future and to possible alternatives to modernity The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution CC BY 4.0 license

G.H. Mead Filipe Carreira da Silva, 2013-04-26 G. H. Mead is rightly considered to be one of sociology's founding fathers yet to date there have been surprisingly few books devoted to his life and work This book fills the gap by introducing Mead's ideas to a younger generation of social scientists Beginning with a biographical account of the main events in Mead's career Filipe Carreira da Silva provides a thorough examination of Mead's social theory of the self the reception of his ideas into sociology and the relevance of his work to the contemporary social sciences He focuses in detail on the core ideas associated with Mead's work including gesture and the significant symbol the I-me distinction and the generalized other as well as exploring less well known aspects of his writing This comprehensive introduction to Mead's thinking will appeal to students across the social sciences providing a refreshing perspective on the social nature of the individual self

Narratives of Place, Culture and Identity Anastasia Christou, 2025-10-01 Christou explores the phenomenon of return migration in Greece through the settlement and identification processes of second generation Greek American returning migrants She examines the meanings attached to the experience of return migration The concepts of home and belonging figure prominently in the return migratory project which entails relocation and displacement as well as adjustment and alienation of bodies and selves Furthermore Christou considers the multiple interactions social cultural political between the place of origin and the place of destination network ties historical and global forces in the shaping of return migrant behaviour and expressions of identity The human geography of return migration extends beyond geographic movement into a diasporic journey involving re constructions of homeness and belongingness in the ancestral homeland

Critical Theory Amirhosein Khandizaji, Wolfgang Sohst, 2025-07-01 Critical Theory The Last Stand for Emancipation gathers leading voices in contemporary critical thought to reassert the enduring relevance of a tradition forged in resistance From the early insights of the Frankfurt School to its intersections with decolonial queer ecological and postcolonial critiques this volume maps the

evolving terrain of a radical project devoted to unveiling domination and envisioning emancipation At a time when neoliberal orthodoxy undermines critical scholarship and authoritarian populism distorts public discourse this book refuses resignation It offers instead a lucid and urgent intervention one that confronts the alienations of digital life the legacies of colonial violence and the manufactured chaos of late capitalism With essays ranging from genealogy to praxis from epistemology to affect this collection insists that critical theory is not an academic relic but a living practice of resistance Whether reckoning with the failures of progress or reclaiming hope as a political act *Critical Theory The Last Stand for Emancipation* is a call to think deeply act ethically and remember that critique remains a vital tool in the struggle for a more just world *Routledge International Handbook of Contemporary Social and Political Theory* Gerard Delanty, Stephen P. Turner, 2011-03-23 The triangular relationship between the social the political and the cultural has opened up social and political theory to new challenges The social can no longer be reduced to the category of society and the political extends beyond the traditional concerns of the nature of the state and political authority This Handbook will address a range of issues that have recently emerged from the disciplines of social and political theory focusing on key themes as opposed to schools of thought or major theorists It is divided into three sections which address the most influential theoretical traditions that have emerged from the legacy of the twentieth century the most important new and emerging frameworks of analysis today the major theoretical problems in recent social and political theory The *Routledge International Handbook of Contemporary Social and Political Theory* encompasses the most up to date developments in contemporary social and political theory and as such is an essential research tool for both undergraduate and postgraduate students as well as researchers working in the fields of political theory social and political philosophy contemporary social theory and cultural theory [Habermas and Giddens on Praxis and Modernity](#) Craig Browne, 2017-01-02 In *Habermas and Giddens on Praxis and Modernity* Craig Browne investigates how two of the most important and influential contemporary social theorists have sought to develop the modernist visions of the constitution of society through the autonomous actions of subjects Comparing Habermas's and Giddens's conceptions of the constitution of society interpretations of the social structural impediments to subjects autonomy and attempts to delineate potentials for progressive social change within contemporary society Browne draws on his own work which has extended aspects of the social theorists approach to modernity Despite the criticisms developed over the course of the book Habermas and Giddens are found to be two of the most important theorists of democratization and social democracy the dynamics of capitalist modernity and their paradoxes social practices and reflexivity and the foundations of social theory in the problem of the relationship of social action and social structure **Sustaining Creativity and the Arts in the Digital Age** Marzano, Gilberto, 2022-06-24 The development of technology and online learning has transformed not only the way information is transmitted but also the way learning and teaching are approached As a socio cultural construction arts and creativity reflect the societal context Accordingly nowadays educating the arts and creative potential is necessarily affected by technology
