Social Credit Phenomenon In Alberta:

Alberta Formed - Alberta Transformed Alberta 2005 Centennial History Society, 2006-04-18 Alberta Formed Alberta Transformed is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta's most respected scholars Volume 1 sets the stage from human beginnings in Alberta to the eve of Alberta's inauguration as a province in 1905 while Volume 2 takes readers through the twentieth century and up to the 2005 centennial *Working People in Alberta* Alvin Finkel, 2012 A political and economic analysis of the history of working people in Alberta Alberta Premiers of the Twentieth Century University of Regina. Canadian Plains Research Center, 2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories **How Canadians Communicate IV** David Taras, Christopher Robb Waddell, 2012 Substantial changes have occurred in the nature of political discourse over the past thirty years Once traditional media dominated the political landscape but in recent years Facebook Twitter blogs and Blackberrys have emerged as important tools and platforms for political campaigns While the Canadian party system has proved surprisingly resilient the rhythms of political life are now very different A never ending 24 hour news cycle has resulted in a never ending political campaign The implications of this new political style and its impact on political discourse are issues vigorously debated in this new volume of *How Canadians Communicate* as is the question on every politician's mind How can we draw a generation of digital natives into the current political dialogue With contributions from such diverse figures as Elly Alboim Richard Davis Tom Flanagan David Marshall and Roger Epp *How Canadians Communicate IV* is the most comprehensive review of political communication in Canada in over three decades one that poses questions fundamental to the quality of public life The Social Credit Phenomenon in Alberta Alvin Finkel, 1989-01-01 In this account of the Social Credit transformation Alvin Finkel challenges earlier works which focus purely on Social Credit monetary fixations and religiosity The Political Economy of Social Credit and Guild Socialism Brian Burkitt, Frances Hutchinson, 2006-04-14 This work approaches the phenomenon of guild socialism from a new perspective focusing on the Douglas Social Credit movement It explores the key ideas gives an overview of the main theories and traces their subsequent history Thoroughly researched it provides original material relevant to the field of political economy This early approach to non equilibrium economics reveals the extent of the incompatibility between capitalist growth economics and social and environmental sustainability **The Agrarian Revolt**

in Western Canada Paul Frederick Sharp, University of Regina. Canadian Plains Research Center, 1997 Originally published Minneapolis Univ of Minnesota Press 1948 **Social Discredit** Janine Stingel, 2000-02-24 By examining Social Credit's anti-Semitic propaganda and the reaction of the Canadian Jewish Congress Stingel details their mutual antagonism and explores why Congress was unable to stop Social Credit's blatant defamation She argues that Congress's ineffective response was part of a broader problem in which passivity and a belief in quiet diplomacy undermined many of its efforts to combat intolerance Stingel shows that both Social Credit and Congress changed considerably in the post-war period as Social Credit abandoned its anti-Semitic trappings and Congress gradually adopted an assertive and pugnacious public relations philosophy that made it a champion of human rights in Canada Social Discredit offers a fresh perspective on both the Social Credit movement and the Canadian Jewish Congress substantively revising Social Credit historiography and providing a valuable addition to Canadian Jewish studies **Alberta's Daycare Controversy** Tom Langford, 2011 Since the late 1950s disputes over day care programs policies and funding have been a recurring feature of political life in the province of Alberta

The Prairie Agrarian Movement Revisited Kenneth Murray Knuttila, 2007 The formation of the Territorial Grain Growers Association in 1901 was not the only important event in the early history of what has come to be known broadly as the agrarian movement in the Canadian prairies but it was a defining moment in some respects Arguably it signalled the formation of an agrarian class but at least it was an indicator of an awakening of a democratic consciousness among family farmers Ultimately the Association provided a venue for analysis and critique the development of strategies and tactics and of course the nurturing of leadership and organizational forms that would have a profound influence upon politics and the state in the three prairie provinces and the Dominion as well as the creation of co-operatives and other forms of direct action These eighteen essays honouring the 100th anniversary in 2001 of the formation of the TGGGA explore important aspects of the historical legacy of the agrarian movement and contemplate their relevance to the current setting for the rural prairies pub desc *Canadian History: Confederation to the present* Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover

In Search of Canadian Political Culture Nelson Wiseman, 2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada *The Limits of Labour* David Bright, 2011-11-01 In a few short decades before the First World War Calgary was transformed from a frontier outpost into a complex industrial metropolis With

industrialization there emerged a diverse and equally complex working class David Bright explores the various levels of class formation and class identity in the city to argue that Calgary's reputation as a prewar centre of labour conservatism is in need of revision Bright also delineates the trials of the Calgary labour movement in the 1920s Internal divisions and dissent prevented the movement from realizing the potential strength of the working class Instead even as local capitalism restructured itself political and industrial labour organizations wilfully fragmented their own base of support In particular they failed to address the concerns and needs of the growing number of unemployed in the city a neglect that foreshadowed events of the 1930s This failure left the labour movement unable to meet the challenge of the Great Depression In part at least the demise of labour as a viable political alternative in Calgary paved the way for the rise of Social Credit Using Calgary as a model *The Limits of Labour* reasserts the need to place class formation at the heart of the development of western Canada and provides an historical context to the renewed struggle of labour for social justice in the 1990s **Tommy**

Douglas and the Quest for Medicare in Canada Gregory Marchildon, 2024-11-30 How and why was universal health coverage implemented so early in a poverty stricken province in Canada Why was its design so faithfully replicated in the national standards that ultimately shaped Medicare across the rest of Canada Seeking to answer these questions Tommy Douglas and the Quest for Medicare in Canada explores the history of universal health care through the life of Canadian politician Tommy Douglas identifying the pivotal moments and decisions that led to the establishment of Medicare in Canada The book traces the origins of Medicare back to the 1930s Depression and its devastating impact on the Prairie populations Marchildon examines how Tommy Douglas and a new generation of reformers radicalized by the Depression prioritized socialized health care The book reveals how as the provincial party leader Douglas leveraged support from both local and external allies to rapidly implement universal hospital insurance and lay the groundwork for a new health system Despite strong opposition from physician and business lobbies Douglas continued to pressure the government for federal cost sharing of universal health coverage Drawing on archival sources including speeches television broadcasts and cabinet documents Tommy Douglas and the Quest for Medicare in Canada illuminates how Douglas's vision leadership and coalition building among unions were crucial to the successful establishment of Medicare in Canada **Provincial & Territorial**

Ombudsman Offices in Canada Stewart Hyson, 2009-12-15 Parliamentary ombudsmen are appointed to investigate citizens complaints and to provide checks on government administrative activity In Canada there are ten provincial and territorial ombudsmen each with mandates over the whole of the public service within their regions Though each ombudsman presents an annual report on his or her activities there has been little sustained evaluation of the position's impact or its effectiveness In this collection contributors describe and assess the performance of the ten ombudsman offices in light of their multiple and evolving functions Ombudsmen both investigate citizens complaints and direct them to already existing agencies They sometimes educate the public about administrative processes and initiate probes of systemic issues in need of amelioration or

change An important evaluation of a little studied institution Provincial and Territorial Ombudsman Offices in Canada offers background and theory case studies and perspectives on the emerging challenges for the office in the twenty first century

Dominion of Capital Don Nerbas,2013-12-06 In the critical decades following the First World War the Canadian political landscape was shifting in ways that significantly recast the relationship between big business and government As public pressures changed the priorities of Canada s political parties many of Canada s most powerful businessmen struggled to come to terms with a changing world that was less sympathetic to their ideas and interests than before **Dominion of Capital** offers a new account of relations between government and business in Canada during a period of transition between the established expectations of the National Policy and the uncertain future of the twentieth century Don Nerbas tells this fascinating story through close portraits of influential business and political figures of this period including Howard P Robinson Charles Dunning Sir Edward Beatty R S McLaughlin and C D Howe that provide insight into how events in different sectors of the economy and regions of the country shaped the political outlook and strategies of the country s business elite Drawing on business political social and cultural history Nerbas revises standard accounts of government business relations in this period and sheds new light on the challenges facing big business in early twentieth century Canada

Developing Alberta's Oil Sands Paul Anthony Chastko,2004 Alberta s oil sands represent a vast and untapped oil reserve that could reasonably supply all of Canada s energy needs for the next 475 years With an estimated 300 billion barrels of recoverable oil at stake the quest to develop this natural resource has been undertaken by many powerful actors both nationally and internationally Using research that integrates the economic political scientific and business factors that have been influential in discovering and developing the sands this book provides a comprehensive history of the oil sands project and a window on the nature of the complex relationships between industry government and transnational players This book is the first comprehensive volume that examines the origins and development of the oil sands industry over the last century
