Proposals to Create Personal Savings Accounts Under Social Security United States. Congress. Senate. Committee on Finance. Subcommittee on Social Security and Family Policy,1998 **The Welfare State in Europe** Marco Buti,Daniele Franco,Lucio R. Pench,1999-11-25 This is an analysis of the main problems in the functioning of the welfare state and possible actions for its reform Focusing on the European Union it looks at the achievements and challenges to the welfare state as we enter the 21st century **The Future of Social Security for this Generation and the Next** United States. Congress. House. Committee on Ways and Means. Subcommittee on Social Security,1999 *Public Finance and Public Policy in the New Century* Sijbren Cnossen,Hans-Werner Sinn,2003 The 16 essays in this book were written to celebrate the 90th birthday of Richard Musgrave and to commemorate the tenth anniversary of CES the Center for Economic Studies at the University of Munich Musgrave is considered to be a founding father of modern public economics He belongs to the intellectual tradition that views government as an instrument that can be used to correct market failure and to establish the society that people want Although his work fits within the individualistic framework of modern economics he also draws on principles of moral philosophy **Social Security Investment in the Securities Markets** United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on Securities,1998 **Alternatives for Welfare Policy** Torben M. Andersen,Per Molander,2003-08-21 Demographic change and increasingly international markets are putting severe pressure on developed welfare states in the OECD countries The contributors to this book assess the magnitude of these challenges and discuss in depth and in concrete terms what policy options are open to meet them Looking at public service production social insurance tax policy and debt policy they examine the main costs and benefits associated with an extensive welfare state and ask whether the same objectives can be reached with a welfare regime that is less costly They also discuss whether the organization of the welfare state is capable of meeting future challenges facing a changing society This rigorous analysis draws on empirical material from OECD countries with a focus on the Scandinavian countries **Impacts of the Current Social Security System** United States. Congress. House. Committee on Ways and Means. Subcommittee on Social Security,1999 **Social Security Reform** United States. Congress. Senate. faces and how it differs from that of the United States This timely volume will significantly enrich the debate on pension reform worldwide **Public Papers of the Presidents of the United States, George W. Bush, 2004, Book 2, July 1 to September 30, 2004** George W. Bush, Public Papers of the Presidents of the United States United States.

Federal Government Chris Edwards,2005-11-25 The federal government is running huge budget deficits spending too much and heading toward a financial crisis Federal spending soared under President George W Bush and the costs of programs for the elderly are set to balloon in coming years Hurricane Katrina has made the federal budget situation even more desperate In Downsizing the Federal Government Cato Institute budget expert Chris Edwards provides policymakers with solutions to the growing federal budget mess Edwards identifies more than 100 federal programs that should be terminated transferred to the states or privatized in order to balance the budget and save hundreds of billions of dollars Edwards proposes a balanced reform package of cuts to entitlements domestic programs and excess defense spending He argues that these cuts would not only eliminate the deficit but also strengthen the economy enlarge personal freedom and leave a positive fiscal legacy for the next generation Downsizing the Federal Government discusses the systematic causes of wasteful spending and it overflows with examples of federal programs that are obsolete and mismanaged The book examines the budget process and shows how policymakers act contrary to the interests of average Americans by favoring special interests *Invoking the Invisible Hand* Robert Asen,2009-03-02 In Invoking the Invisible Hand Robert Asen scrutinizes contemporary debates over proposals to privatize Social Security Asen argues that a rights based rhetoric employed by Social Security s original supporters enabled advocates of privatization to align their proposals with the widely held belief that Social Security functions simply as a return on a worker s contributions and that it is not in fact a social insurance program By analyzing major debates over a preeminent American institution Asen reveals the ways in which language is deployed to identify problems for public policy craft policy solutions and promote policies to the populace He shows how debate participants seek to create favorable contexts for their preferred policies and how they connect these policies to idealized images of the nation
