Studies in Sociology of Education **Social Problems in a Free Society** Myles J. Kelleher, 2004-09-02 The future of the sociologist's profession is jeopardized by an ongoing trend toward the politicization of sociology and the radicalization of social problems. This book calls for the rethinking of the culture of social, political, and economic liberty to create a resurgence of a sociological agenda. *Social Problems in a Free Society* offers an original perspective on social problems such as violations of the principles of individual rights and the free market. This book is a vision for reinvigorating the discipline in a fashion undreamt of within the wearisome strains of today's radical social problems theory.

Clinical Assessment of Child and Adolescent Personality and Behavior Paul J. Frick, Christopher T. Barry, Randy W. Kamphaus, 2020-06-11 The fourth edition of this textbook offers a scientific and practical context within which to understand and conduct clinical assessments of children's and adolescent's personality and behavior. The new edition ensures that the content is relevant to diagnostic criteria for major forms of child and adolescent psychopathology in the 5th edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5). It provides updated information on specific tests and discusses advances in research that have occurred since the last edition that are relevant for assessing the most common forms of psychopathology shown by children and adolescents. The volume is unique in providing both the scientific and ethical basis to guide psychological testing as well as providing practical advice for using specific tests and assessing specific forms of psychopathology. This new edition highlights how current trends in psychological classification such as the DSM-5 and the Research Domain Criteria should influence the clinical assessment of children and adolescents. Provides updates to professional standards that should guide test users. Discusses practical considerations in planning and conducting clinical assessments. Evaluates the most recent editions of common tests used in the clinical assessment of child and adolescent personality and behavior. Provides an overview of how to screen for early signs of emotional and behavioral risk for mental problems in children and adolescents. Discusses practical methods for integrating assessment information collected as part of a clinical assessment. Uses current research to guide clinical assessments of children with Attention deficit Hyperactivity Disorder, conduct problems, depression, anxiety, and autism spectrum disorder. *Clinical Assessment of Child and Adolescent Personality and Behavior* is a valuable updated resource for graduate students as well as veteran and beginning clinicians across disciplines including school, clinical, child, developmental, and educational psychology, psychiatry, counseling, and social work, as well as related disciplines that provide mental health and educational services to children and adolescents.

The Psychology of Environmental Problems, 2014-04-04 A revision of Winter's *Ecological Psychology* (1996), this book applies psychological theory and research to environmental problems. After outlining current environmental difficulties, the authors demonstrate how 6 major approaches in psychology—social, psychological, psychoanalytic, behavioral, physiological, cognitive, and holistic—can be applied to environmental problems. The authors demonstrate why it is critical to address environmental threats now and offer ideas on how psychological principles can contribute to building a sustainable culture. Personal examples engage the reader and

provide suggestions for changing behavior and political structures Reorganized and updated throughout the second edition features a new chapter on neuropsychological and health issues and a list of key concepts in each chapter Cartoons and humorous analogies add a light touch to the book's serious message Written for psychology and environmental studies students the book is an excellent teaching tool in courses on environmental conservation or ecological issues found in departments of psychology sociology environmental science and biology It will also appeal to anyone interested in psychology's potential contributions to mounting ecological difficulties **Handbook of Giftedness in Children** Steven I.
