The SAGE Handbook of Conflict Resolution Jacob Bercovitch, Victor Kremeniyuk, I William Zartman, 2008-12-03 The SAGE Handbook of Conflict Resolution demonstrates the range of themes that constitute modern conflict resolution. It brings out its key issues, methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry. This handbook is exactly what it sets out to be: an indispensable tool for teaching, research and practice in conflict resolution. Peter Wallensteen, Professor of Peace and Conflict Research, Uppsala University and University of Notre Dame; Bercovitch, Kremeniyuk and Zartman are among the most important figures in the conflict resolution field. They have pieced together, with the help of more than 35 colleagues from numerous countries, a state-of-the-art review of the sources of international conflict, available methods of conflict management and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict-ridden times. The collection is brimming with penetrating insights, trenchant analyses, compelling cases and disciplined speculation. They help us understand both the promise of as well as the obstacles to theory building in the new field of conflict resolution. Lawrence Susskind, Professor and Director of the MIT Harvard Public Disputes Program. The last three sentences of this persuasive book: We conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment. It is absolutely necessary. Resolving conflicts and making peace is no longer an option; it is an intellectual and practical skill that we must all possess. If you are part of that, we intellectually or professionally, you will find this book a superb companion. Thomas C. Schelling, Professor Emeritus, Harvard University and University of Maryland. Conflict resolution is one of the fastest growing academic fields in the world today. Although it is a relatively young discipline, having emerged as a specialized field in the 1950s, it has rapidly grown into a self-contained, vibrant interdisciplinary field. The SAGE Handbook of Conflict Resolution brings together all the conceptual, methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters. The Handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields, presenting in a systematic way the most recent research and practice. Jacob Bercovitch is Professor of International Relations and Fellow of the Royal Society at the University of Canterbury in Christchurch, New Zealand. Victor Kremeniyuk is deputy director of the Institute for USA and Canada Studies, Russian Academy of Sciences, Moscow. He is also a research associate at IIASA.
