A Social Psychology of Developing Adults Thomas O. Blank,1982 [A Social Psychology of Developing Adults](#)
Thomas O. Blank,1982 *The Oxford Handbook of Reciprocal Adult Development and Learning* Carol Hoare,2011-09-06
This second edition of *The Oxford Handbook of Reciprocal Adult Development and Learning* explores how advances in one dimension so often lead to positive changes in the other This is new terrain in psychology and learning Implications for research practice and policy emanate from review of empirical literature and theoretical perspectives **Historical Social Psychology (Psychology Revivals)** Kenneth Gergen,Mary Gergen,2014-01-27 The vast majority of research in social psychology focuses on momentary events an attitude is changed dissonance is reduced a cognition is primed and so on Little attention is paid to the unfolding of events over time to social life as an ongoing process in which events are related in various ways as life unfolds Originally published in 1984 *Historical Social Psychology* opens a space for theory and research in which temporal process is central Contributors to this broad ranging work provide a rich range of perspectives from the theoretical to the methodological from micro sequences to the life span and from contemporary history to the long dur e Together these authors set the stage for a major shift in the focus of social psychological inquiry **The Social Psychology of Aging** Scott F. Madey,2018-12-07 This special issue highlights how social psychology can further the understanding of important social health interpersonal and intergenerational issues facing people as they age This issue has three goals to generate more interest in aging as an area of study for social psychologists by showcasing researchers who are currently integrating basic social psychological research with issues in aging and lifespan development to challenge readers to think about how their research programs can interconnect with issues in aging and to demonstrate how social psychological processes have direct application to many of the issues facing people as they age [Handbook of Adult Development and Learning](#) Carol Hoare,2006-03-30 Adult development and learning have always existed as two separate fields of study with development falling under psychology and learning under education Recent advances in theory research and practice however have made it clear that an important reciprocal relationship exists between them advances in development frequently lead to learning and conversely learning quite often fuels development The synchronicity between development and learning is responsible for positive changes in many capacities including insight intelligence reflective and meta cognition personality expression interpersonal competence and self efficacy This synchronicity is also leading to the growth of a new discipline at the borders of adult development and learning *The Handbook of Adult Development and Learning* is the first to bring together the leading scholars from both adult development and learning to explore what will form the foundation for this new discipline the latest research at the intersection of these fields It examines six major aspects of their intersection foundations key areas of integration the self system higher reaches of development and learning essential contexts and specific applications An introductory chapter explains why it is so important to recognize and fuel the growth of

this new discipline Subsequent chapters review the latest theoretical and empirical literature and provide a rich itinerary for future research This handbook is a must read for all who promote optimal aging It will be an invaluable reference for scholars in development and education as well as rich resource for policy makers and practitioners such as corporate executives and human resource personnel The Developmental Social Psychology of Gender Thomas Eckes,Hanns M. Trautner,2012-12-06 Numerous publications have addressed gender issues from a social or a developmental psychological perspective This volume breaks new ground in advancing a genuine synthesis of theory and research from these two disciplines Building on the premise that a full understanding of the multifaceted nature of gender can be achieved only through a wider focus on processes of development and social influence the contributors examine theoretical approaches to gender development and socialization gender categorization and interpersonal behavior and group level and cultural forces that affect gender socialization and behavior The book will be of interest to students and professionals in social psychology developmental psychology gender studies sociology anthropology and educational psychology *Encyclopedia of Adult Development* Robert Kastenbaum,1993-10-01 Robert Kastenbaum creator of the award winning Encyclopedia of Death has now collected and edited a source of reliable information on adult development that is accessible to the general reader useable by professionals and perfect for those who are simply browsing This work is a fascinating and highly informative look at the milestones and ordeals the key issues and the concerns of American adults The book expands our understanding of adulthood through 105 articles written by more than 70 contributing specialists from the fields of psychology anthropology religion and sociology *Handbook of Research on Adult Learning and Development* M Cecil Smith,Nancy DeFrates-Densch, Assistant Editor,2008-11-19 The time is right for this comprehensive state of the art Handbook that analyzes integrates and summarizes theoretical advances and research findings on adult development and learning a rapidly growing field reflecting demographic shifts toward an aging population in Western societies Featuring contributions from prominent scholars across diverse disciplinary fields education developmental psychology public policy gerontology neurology public health sociology family studies and adult education the volume is organized around six themes theoretical perspectives on adult development and learning research methods in adult development research on adult development research on adult learning aging and gerontological research policy perspectives on aging The Handbook is an essential reference for researchers faculty graduate students and practitioners whose work pertains to adult and lifespan development and learning **Handbook of Adult Development** Jack Demick,Carrie Andreoletti,2003-01-31 The Handbook of Adult Development is an overview of the major theories and research in the field Included are sections on introductory theory and method biocognitive development in adulthood and social development in adulthood in addition to an introduction and epilogue by the editors This content will be useful for years to come By soliciting contributions from current leading theoreticians and researchers in the field of adult development the volume will present state of the art theory and research
