Social Stratification A Multiple Hierarchy Approach:

   Social Stratification Vincent Jeffries,H. Edward Ransford,1980   Five Generations of a Mexican American Family in Los Angeles Christina Chavez,2007 Five Generations of a Mexican American Family in Los Angeles is an insider account of a multigenerational working class Mexican American family in Los Angeles to explain Chicanos persistent social status despite their citizenship and largely English monolingualism Findings d   Handbook of Granular Computing Witold Pedrycz,Andrzej Skowron,Vladik Kreinovich,2008-07-31 Although the notion is a relatively recent one the notions and principles of Granular Computing GrC have appeared in a different guise in many related fields including granularity in Artificial Intelligence interval computing cluster analysis quotient space theory and many others Recent years have witnessed a renewed and expanding interest in the topic as it begins to play a key role in bioinformatics e commerce machine learning security data mining and wireless mobile computing when it comes to the issues of effectiveness robustness and uncertainty The Handbook of Granular Computing offers a comprehensive reference source for the granular computing community edited by and with contributions from leading experts in the field Includes chapters covering the foundations of granular computing interval analysis and fuzzy set theory hybrid methods and models of granular computing and applications and case studies Divided into 5 sections Preliminaries Fundamentals Methodology and Algorithms Development of Hybrid Models and Applications and Case Studies Presents the flow of ideas in a systematic well organized manner starting with the concepts and motivation and proceeding to detailed design that materializes in specific algorithms applications and case studies Provides the reader with a self contained reference that includes all pre requisite knowledge augmented with step by step explanations of more advanced concepts The Handbook of Granular Computing represents a significant and valuable contribution to the literature and will appeal to a broad audience including researchers students and practitioners in the fields of Computational Intelligence pattern recognition fuzzy sets and neural networks system modelling operations research and bioinformatics   *Theoretical Approaches to Multi-Cultural Positive Psychological Interventions* Llewellyn Ellardus Van Zyl,Sebastiaan Rothmann Sr.,2019-06-11 This volume provides theoretical perspectives on and approaches to the development or enhancement of positive psychological capacities within various multi cultural professional and organizational contexts Specifically it presents theoretical frameworks for the identification development and optimization of positive psychological capacities through a contemporary multi cultural and multi disciplinary lens In recent years the applicability of positive psychological intervention PPI techniques has transposed the boundaries of clinical practice into a wide array of complementary domains such as law education business and even design sciences such as architecture These interventions target the enhancement of positive psychological capacities e g strength identification and use high performance learning appreciative design job crafting in order to not only improve individual functioning well being and the treatment of various forms of psychopathology but also to enhance team functioning performance organizational growth and

community development Despite its importance very little research has been done on the design of PPIs applicable to multi cultural contexts The contributions to this volume provide insights into this hitherto neglected area of research   Granular Computing and Intelligent Systems Witold Pedrycz,Shyi-Ming Chen,2011-04-28 Information granules are fundamental conceptual entities facilitating perception of complex phenomena and contributing to the enhancement of human centricity in intelligent systems The formal frameworks of information granules and information granulation comprise fuzzy sets interval analysis probability rough sets and shadowed sets to name only a few representatives Among current developments of Granular Computing interesting options concern information granules of higher order and of higher type The higher order information granularity is concerned with an effective formation of information granules over the space being originally constructed by information granules of lower order This construct is directly associated with the concept of hierarchy of systems composed of successive processing layers characterized by the increasing levels of abstraction This idea of layered hierarchical realization of models of complex systems has gained a significant level of visibility in fuzzy modeling with the well established concept of hierarchical fuzzy models where one strives to achieve a sound tradeoff between accuracy and a level of detail captured by the model and its level of interpretability Higher type information granules emerge when the information granules themselves cannot be fully characterized in a purely numerical fashion but instead it becomes convenient to exploit their realization in the form of other types of information granules such as type 2 fuzzy sets interval valued fuzzy sets or probabilistic fuzzy sets Higher order and higher type of information granules constitute the focus of the studies on Granular Computing presented in this study The book elaborates on sound methodologies of Granular Computing algorithmic pursuits and an array of diverse applications and case studies in environmental studies option price forecasting and power engineering   **Advances in Archaeological Method and Theory** ,2014-06-28 Advances in Archaeological Method and Theory   **Pathways in the Workplace** Jon Miller,1986 In this book John Miller demonstrates that access to networks of organizational communication is in fact fundamentally influenced by race and gender   **Rough Sets and Intelligent Systems Paradigms** Marzena Kryszkiewicz,2007-06-18 This book constitutes the refereed proceedings of the International Conference on Rough Sets and Emerging Intelligent Systems Paradigms RSEISP 2007 held in Warsaw Poland in June 2007 dedicated to the memory of Professor Zdzislaw Pawlak The 73 revised full papers papers presented together with 2 keynote lectures and 11 invited papers were carefully reviewed and selected from numerous submissions The papers are organized in topical sections on foundations of rough sets foundations and applications of fuzzy sets granular computing algorithmic aspects of rough sets rough set applications rough fuzzy approach information systems and rough sets data and text mining machine learning hybrid methods and applications multiagent systems applications in bioinformatics and medicine multimedia applications as well as web reasoning and human problem solving   *International Review of Modern Sociology* ,1984   *Human Behavior Theory* Roberta Greene,2017-09-29 In recent years advocates for civil rights for

minorities women and gays and lesbians have become more informed consumers of mental health services As a result social work practitioners need to prepare themselves to serve diverse constituencies for who previously held behavioral and cultural assumptions have proven not to be universally applicable The purpose of Greene s book is to help students and practitioners better understand how social workers have used human behavior theories to more competently address variations in group and community membership within the social worker client encounter The book s approach is largely thematic Most of the chapters explore how particular assumptions of a human behavior theory psychoanalytic theory psychodynamic ego psychology theory systems theory behavioral theory symbolic interaction theory feminist theory constructionist theory small group theory and an ecological perspective have been used to answer issues related to cultural diversity The challenges and limitations of each theory s applications across varying client constituencies are discussed throughout What sorts of new conceptual issues for the practitioner of family services are raised in work with minority families for example or with lesbian families How does a specific theory help or not help in group specific interventions and evaluations Intended as a companion volume to the widely adopted human behavior text by Greene and Ephross Greene s new book fills the need for a wide synthetic reading of the recent literature **Race, Gender, and Deviance in Xbox Live** Kishonna L. Gray,2014-03-27 Race Gender and Deviance in Xbox Live provides a much needed theoretical framework for examining deviant behavior and deviant bodies within one of the largest virtual gaming communities Xbox Live Previous research on video games has focused mostly on violence and examining violent behavior resulting from consuming this medium This limited scope has skewed criminologists understanding of video games and video game culture Xbox Live has proven to be more than just a gaming platform for users It has evolved into a multimedia entertainment outlet for more than 20 million users This book examines the nature of social interactions within Xbox Live which are often riddled with deviant behavior including but not limited to racism and sexism The text situates video games within a hegemonic framework deploying whiteness and masculinity as the norm The experiences of the marginalized bodies are situated within the framework of deviance as they fail to conform to the hegemonic norm and become victims of racism sexism and other types of harassment **Handbook of Diversity in Feminist Psychology** Hope Landrine,Nancy Felipe Russo,2009-12-17 With the publication of the Handbook of Diversity in Feminist Psychology the field of feminist psychology has achieved a new depth the volume is a sophisticated and cutting edge compendium that not only describes the state of the field but also pushes its boundaries in important ways Sex Roles A Journal of Research Critical for all those who are in the field of psychology to own refer to and use No longer are diversity and gender issues considered to be on the periphery as they once were one would be remiss in not considering these factors in psychology Florence L Denmark PhD From the Foreword Author Psychology of Women FINALLY A collection of work that is built on decades if not centuries of hard work from many feminists of color and our allies This is one of the few books that delves deeply into the complex world of considering the

human condition in cultural context something psychology is only relatively recently trying to do This book is a must have for anyone interested in feminism OR diversity issues It is a great example of feminist multiculturalism and both fields i e feminism and multicultural psychology should consider it an example of how to merge theoretical orientations in a way that is fitting for real people I LOVE this book Geneva Reynaga Abiko Psy D This handbook presents a multicultural approach to diversity in feminist psychology Provocative and timely the text comprehensively discusses the cutting edge of feminist discourse covering major topics such as multicultural feminist theory gender discrimination aging health and therapy violence and harassment politics and policy and much more The unique quality of this book is that each contributor brings her own cultural perspective values and concerns to her chapter Special emphasis is also given to the intersectionality of minority identities such as race ethnicity social class sexual preference and other socially constructed status differences among women Key Topics Discussed Intimate partner violence perspectives from ethnic groups in the United States Gender transgressive sexual minorities HIV AIDS among women of color and sexual minority women Psychological perspectives on older women including transitions cognitive functioning and mental health Ethnicity disordered eating and body image Methodological and statistical issues in research with diverse samples Low income women women with disabilities workers and immigrants refugees   Culturally Responsive Counseling with Asian American Men William Ming Liu,Derek Kenji Iwamoto,Mark H. Chae,2011-01-19 Asian American men represent a complex group with distinct psychological and mental health concerns yet the current counseling literature is lacking in resources for clinicians working with this population The purpose of this text is to provide practitioners with a comprehensive overview of the current research and theory related to the important and unique issues that Asian American men experience It offers clinicians culturally responsive practical counseling techniques and strategies to help inform them on how to work effectively with this group Chapters are written by leading figures in the field and explore such topics as intergenerational conflict racism challenges associated with masculinity and fatherhood sexual orientation identity development substance abuse and career counseling Numerous clinical vignettes and case conceptualizations are included to assist clinicians who work with Asian American men and to demonstrate appropriate treatment responses   **The Urbanisation of Rome and Latium Vetus** Francesca Fulminante,2014-02-10 An original and unprecedented analysis of urbanization and state formation in Rome and Latium vetus from the Bronze Age to the Archaic Era   Money, Morals, & Manners Michèle Lamont,2024-05-31 Drawing on remarkably frank in depth interviews with 160 successful men in the United States and France Mich le Lamont provides a rare and revealing collective portrait of the upper middle class the managers professionals entrepreneurs and experts at the center of power in society Her book is a subtle textured description of how these men define the values and attitudes they consider essential in separating themselves and their class from everyone else Money Morals and Manners is an ambitious and sophisticated attempt to illuminate the nature of social class in modern society For all those who downplay the

importance of unequal social groups it will be a revelation A powerful cogent study that will provide an elevated basis for debates in the sociology of culture for years to come David Gartman American Journal of Sociology A major accomplishment Combining cultural analysis and comparative approach with a splendid literary style this book significantly broadens the understanding of stratification and inequality This book will provoke debate inspire research and serve as a model for many years to come R Granfield Choice This is an exceptionally fine piece of work a splendid example of the sociologist s craft Lewis Coser Boston College   Living at the Intersections Terrell Strayhorn,2013-05-01 Living at the Intersections Social Identities and Black Collegians brings together 21 diverse authors from 14 different institutions including our nation s most prestigious public and private universities to advance the use of intersectionality and intersectional approaches in studying Black students in higher education Chapters cover a diversity of topics ranging from spirituality to sexuality and masculinity from Black students at HBCUs to those in STEM majors and a host of issues related to race class gender and other identities Authors draw upon a wealth of data including national surveys interviews focus groups narratives and even historical research A smooth blend of anthropology historiography psychology sociology and intersectional approaches from multiple disciplines this book breaks new ground on the who what when where and how of intersectionality applied to social problems affecting Black collegians The authors go beyond merely stating the importance of intersectionality in research but they also provide countless examples recommended strategies and tools for doing so This book is an important resource for higher education and student affairs professionals scholars and graduate students interested in intersectionality and Black collegians   **Second Thoughts: Sociology Challenges Conventional Wisdom** Janet M. Ruane,Karen A. Cerulo,2011-06-07 Do birds of a feather flock together or do opposites attract Does haste make waste or should you strike while the iron is hot Adages like these or conventional wisdoms shape our social life This Fifth Edition of Second Thoughts reviews several popular beliefs and notes how such adages cannot be taken at face value This unique text encourages students to step back and sharpen their analytic focus with 24 essays that use social research to expose the gray areas of commonly held beliefs revealing the complexity of social reality and sharpening students sociological vision   *Emerging Entrepreneurship Among Scheduled Castes of Contemporary India* Samarth Modku Dahiwale,1989   **Feminist Social Thought** Diana Tietjens Meyers,2014-06-03 First published in 1998 Feminist Social Thought brings together key articles by prominent feminist thinkers offering students sophisticated treatment of the theoretical topics central to feminist social thought This reader highlights salient concerns in contemporary feminist scholarship and the advances feminist philosophers have made The editor s introduction outlines alternative routes through the text allowing instructors to easily adapt this reader to their particular courses and the interests of their students Each article is prefaced with a short introduction by the editor placing it in context highlighting the principle issues and the conclusions reached Students will find these headnotes helpful when tackling the challenging theoretical issues addressed Representing a spectrum of feminist thinking Feminist

Social Thought is organized around seven topics constructions of gender theorizing diversity figurations of women subjectivity agency and feminist critique social identity solidarity and political engagement care and its critics and women equality and justice Students will be exposed to a wide variety of feminist philosophy and encouraged to think critically about challenging questions around pivotal subjects including How are gender norms instilled enforced and perpetuated What are the relationships between gender and other socially demarcated positions such as race class and sexual orientation What resources do women have at their disposal for recognizing their subordination and resisting it What goals should feminist politics pursue How can social and legal equality be reconciled with difference **Medical Sociology** William C. Cockerham,2025-04-02 The most comprehensive major academic textbook available on its topic this classic text presents the most important research studies in the field The author integrates engaging first person accounts from patients physicians and other health care providers throughout the text Since the book s inception its principal goal has been to introduce students to the field of medical sociology and serve as a reference for faculty by presenting the most current ideas issues concepts themes theories and research findings in the field This 16th edition is heavily revised with updated data and important new additions New to this edition Updated chapter on the social causes impacts and responses to the COVID 19 pandemic Chapter 3 Analysis of the widening ten year gap in average life expectancy in American society between the wealthy and well educated and the poor and less educated Chapter 4 Expanded discussion of the effects of racism on physical and mental health Chapter 6 Additions to health lifestyle theory of pandemic behavior and the digitalization of society Chapter 8 New developments in doctor patient interaction including the use of genomic data and artificial intelligence AI technology in medical care Chapter 10 The endangered Affordable Care Act Chapter 16 Review of key issues in different types of health care delivery systems Chapter 17
