ENJOY THE CHALLENGE *Nationalism and History Education* Rachel Hutchins, 2016-02-26 History education by nature transmits an official version of national identity National identity is not a fixed entity and controversy over history teaching is an essential part of the process of redefining and regenerating the nation France and the United States have in particular experienced demographic and cultural shifts since the 1960s that have resulted in intense debates over national identity This volume examines how each country's national history is represented in primary schools social studies textbooks and curricula and how they handle contemporary issues of ethnicity diversity gender socio economic inequality and patriotism By analyzing each country separately and comparatively it demonstrates how various groups including academics politicians and citizen activists have influenced education and how the process of writing and rewriting history perpetuates a nation Drawing on empirical studies of the United States and France this volume provides insight into broader nationalist processes and instructive principles for similar countries in the modern world History of Our Country Sonya Abbye Taylor, 2005 *Nationalism in the English-Speaking World* Rachel Hutchins-Viroux, Jeremy Tranmer, 2009-01-23 A great deal has been written in recent years about nationalism Yet scholars remain sharply divided as to a coherent theoretical model of this phenomenon and many have called for further empirical research This volume pursues this line of inquiry examining a variety of geographical contexts within the English speaking world including Australia Canada India the United Kingdom and the United States at different historical periods These interdisciplinary studies combine elements of sociology political science history literature and cultural studies *History of Our Country*, 1997 **Children's Books in Print** R R Bowker Publishing, Bowker, 1999-12
