Chilcote,2014-09-08 This book discusses twentieth century Brazilian political thought arguing that while Rio

de Janeiro intellectuals envisaged the state and the national bourgeoisie as the means to overcome dependency on foreign ideas and culture S o Paulo intellectuals looked to civil society and the establishment of new academic institutions in the search for national identity Ronald H Chilcote begins his study by outlining Brazilian intellectuals attempt to transcend a sense of inferiority emanating from Brazilian colonialism and backwardness Next he traces the struggle for national identity in Rio de Janeiro through an account of how intellectuals of varying political persuasions united in search of a political ideology of national development He then presents an analysis by S o Paulo intellectuals on racial discrimination social inequality and class differentiation under early capitalism and industrialization The book concludes with a discussion on how Brazilian intellectuals challenged foreign thinking about development through the state and representative democratic institutions in contrast to popular and participatory democratic practices **A Classless Society** Alwyn W.
