Livingston, 2011-07-04 This volume to honor Marilynn Brewer contains original theory and research from leading social psychologists who study social identity theory intergroup relations cooperation and conflict and the psychology of the self It will be of interest to social psychologists industrial organizational psychologists clinical psychologists and sociologists Alleluia Don Swenson, 2018-09-15 The Alleluia Community is a unique Christian community of over three hundred committed charismatic Christians in Augusta Georgia who live a covenant and ecumenical lifestyle Emerging from the Charismatic Renewal Movement of the 1960s members of Alleluia have maintained a lively charismatic dimension of the Christian tradition with a willingness to make a life time covenant commitment to each other Since 1973 this group of people has exhibited heroic virtue self sacrifice humility deference for

one another and service to others outside their boundaries They claim to be guided by the Holy Spirit in their daily lives. Their leaders lead with a strong sense of service and Christian love and a willingness to lay down their own agendas A major feature of these covenant makers is that they strive for daily Christian unity while being committed to one of the twelve plus various denominations and fellowships Swenson had the opportunity of living among these people for twenty months During this time he used a mixed method approach involving over one hundred interviews and three hundred instruments to create both qualitative and quantitative measures of the lives of these people To structure their story he used the dilemmas of the institutionalization of religion from the scholarship of Thomas O Dea and secularization theory. The data gathered give abundant evidence that these Alleluia faithful have substantively resisted the secular influence so common in Western culture.

Lubavitcher Messianism Simon Dein, 2011-01-20 In 1994 the Lubavitcher Rebbe Menachem Schneerson died leaving no successor For many years his followers had maintained that he was Moshiach the Jewish Messiah and would usher in the Redemption After his death Lubavitch divided into two opposing groups While some messianists hold that the Rebbe died but is to be resurrected as the messiah others hold that he is still alive but concealed The anti messianists maintain that the Rebbe could have been Moshiach if God had willed it but they disagree vehemently that as such he could come back from the dead Using ethnographic data obtained by the author through twenty years of fieldwork this book presents a social psychological account of Lubavitcher Messianism and moves beyond the typical scholarly preoccupation with belief and dissonance to examine the role of rhetoric religious experience and ritual in maintaining counterintuitive convictions Through examining the parallels between early Christianity and messianism in Lubavitch this book provides a comprehensive perspective for examining messianism generally Communication Habits for the Pilgrim Church Warren Anthony Kappeler, 2009 Communication has become an important theme and heuristic concept in practical theology for Roman Catholics during the ecumenical age Communication Habits for the Pilgrim Church explains why the moral order is given priority in Vatican teaching about communication and the reasons for Catholic social teaching to make moral judgments about these new realities Attention is given in the book to the historical context of Vatican Councils I and II The first chapter shows that behind the pilgrim Church lies an emerging vision of the threefold ecclesial offices of priest prophet and king Chapter two examines the text and context of the Second Vatican Council's pastoral decree Inter Mirifica Chapter three provides a documented history of the Vatican's Pontifical Council for Social Communication and its teachings In chapter four we return to the threefold office and examine the contribution of Pope John Paul II It includes an analysis of how the politics of the Magisterium shapes Catholic social teaching Chapter five develops major tenets of a critical analysis of the communication of the post Vatican II Church attention is given to the discursive aspects of religious authority argumentation bureaucratization and market culture Chapter six takes a step toward examining the pragmatics of contemporary Vatican teaching For Roman Catholic moral theology religious ethics is now deeply concerned with providing moral teaching and

guidance on ethical guestions raised by the social conditions of globalization and media communication Communication Habits for the Pilgrim Church concludes that there are three basic sociological and theological aspects of the pilgrim Church These include a ritual approach to religious communication the generational experience of Catholics and their respective attitudes toward Church teaching and the important link in the faith s praxis between reflexivity and forming habits of Introducing Religion Robert S.
