Sociology And Politics Of Health:

The Sociology and Politics of Health David Banks, Michael Purdy, 2005-06-29 Health care systems the role of health professionals and the experience of health and illness are all undergoing change and development as we enter the twenty first century The Sociology and Politics of Health is a collection of key readings through which to explore the sociological and political dimensions of health illness and health care Combining classic pieces with more up to date contributions it includes examples taken from current domestic and international initiatives and draws on humanist materialist feminist and constructionalist perspectives The Sociology and Politics of Health covers ideology and policy social stratification professionalisation the experience of health and illness This reader offers health studies students nurses and other health professionals an invaluable introduction to an increasingly important field of social inquiry *Health Policy, Power and Politics* Michael Calnan, 2020-04-06 In the context of substantial changes in health service policy and public health policy in England and Wales over the last two decades Health Policy Power and Politics fills an important gap by providing an up to date and accessible account and sociological analysis of recent trends in health policies , *The Politics of Women's Health Care in the United States* M. Palley, 2014-02-24 In a social and political environment that has become more accepting of gender equity women s health issues have emerged in the forefront of the social policy agenda of the United States The organized women s movement has been successful in many of its endeavors to improve opportunities for women in society in areas such as education business sports and the professions As this book shows they also have been successful in changing the definition of women s health and placing many elements of health care needs on the nation s policy agenda During the late 1960s and early 1970s abortion rights emerged as a central concern for many women s rights activists some of whom took on women s other health issues The Politics of Women s Health Care in the United States shows how the evolution of the women s health agenda has been a reaction to the empowerment of women in the years after the emergence of the contemporary women s movement in 1966 and the subsequent social reconstruction of women from dependent to advantaged population Power & Illness Elliott A. Krause, 1972 Power [and] Illness: the Political Sociology of Health and Medical Care Elliott A. Krause, 1977 *Achieving Access* Joseph Harris, 2017-09-15 At a time when the world s wealthiest nations struggle to make health care and medicine available to everyone why do resource constrained countries make costly commitments to universal health coverage and AIDS treatment after transitioning to democracy Joseph Harris explores the dynamics that made landmark policies possible in Thailand and Brazil but which have led to prolonged struggle and contestation in South Africa Drawing on firsthand accounts of the people wrestling with these issues Achieving Access documents efforts to institutionalize universal healthcare and expand access to life saving medicines in three major industrializing countries In comparing two separate but related policy areas Harris finds that democratization empowers elite professionals such as doctors and lawyers to advocate for universal health care and treatment for AIDS Harris s analysis is

situated at the intersection of sociology political science and public health and will speak to scholars with interests in health policy comparative politics social policy and democracy in the developing world In light of the growing interest in health insurance generated by implementation of the Affordable Care Act as well as the coming changes poised to be made to it Achieving Access will also be useful to policymakers in developing countries and officials working on health policy in the United States

The Routledge Handbook of the Political Economy of Health and Healthcare David Primrose, Rodney D. Loeppky, Robin

Chang,2024-02-28 This handbook provides a comprehensive and critical overview of the gamut of contemporary issues around health and healthcare from a political economy perspective Its contributions present a unique challenge to prevailing economic accounts of health and healthcare which narrowly focus on individual behaviour and market processes Instead the capacity of the human body to reach its full potential and the ability of society to prevent disease and cure illness are demonstrated to be shaped by a broader array of political economic processes The material conditions in which societies produce distribute exchange consume and reproduce and the operation of power relations therein influence all elements of human health from food consumption and workplace safety to inequality healthcare and housing and even the biophysical conditions in which humans live This volume explores these concerns across five sections First it introduces and critically engages with a variety of established and cutting edge theoretical perspectives in political economy to conceptualise health and healthcare from neoclassical and behavioural economics to Marxist and feminist approaches The next two sections extend these insights to evaluate the neoliberalisation of health and healthcare over the past 40 years highlighting their individualisation and commodification by the capitalist state and powerful corporations The fourth section examines the diverse manifestation of these dynamics across a range of geographical contexts The volume concludes with a section devoted to outlining more progressive health and healthcare arrangements which transcend the limitations of both neoliberalism and capitalism This volume will be an indispensable reference work for students and scholars of political economy health policy and politics health economics health geography the sociology of health and other health related disciplines Chapters 1 8 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons CC BY NC ND 4 0 license
