Anstey, 2013-06-27 The Oxford Handbook of British Philosophy in the Seventeenth Century comprises twenty six new essays by leading experts in the field This unique scholarly resource provides advanced students and scholars with a comprehensive overview of the issues that are informing research on the subject while at the same time offering new directions for research to take The volume is ambitious in scope it covers the whole of the seventeenth century ranging from Francis Bacon to John Locke and Isaac Newton The Handbook contains five parts the introductory Part I examines the state of the discipline and the nature of its practitioners as the century unfolded Part II discusses the leading natural philosophers and the philosophy of nature including Bacon Boyle and Newton Part III covers knowledge and the human faculty of understanding Part IV explores the leading topics in British moral philosophy from the period and Part V concerns political philosophy In addition to dealing with canonical authors and celebrated texts such as Thomas Hobbes and his Leviathan the Handbook discusses many less well known figures and debates from the period whose importance is only now being appreciated **Recognizing**

Resentment Michelle Schwarze, 2020-10-22 Innovative theory surrounding the liberal demand for sympathetic resentment which entails a recognition of the political equality of victims of injustice Latitudinarianism and Didacticism in Eighteenth-century Literature Patrick Müller, 2009 The relationship between Latitudinarian moral theology and eighteenth century literature has been much debated among scholars However this issue can only be tackled if the exact objectives of the Latitudinarians moral theology are clearly delineated In doing so Patrick Müller unveils the intricate connection between the didactic bias of Latitudinarianism and the resurgent interest in didactic literary genres in the first half of the eighteenth century His study sheds new light on the complex and contradictory reception of the Latitudinarians controversial theses in the work of three of the major eighteenth century novelists Henry Fielding Laurence Sterne and Oliver Goldsmith

Networked Media, Networked Rhetorics Damien Smith Pfister, 2015-06-10 In Networked Media Networked Rhetorics Damien Pfister explores communicative practices in networked media environments analyzing in particular how the blogosphere has changed the conduct and coverage of public debate Pfister shows how the late modern imaginary was susceptible to deliberation traps related to invention emotion and expertise and how bloggers have played a role in helping contemporary public deliberation evade these traps Three case studies at the heart of Networked Media Networked Rhetorics show how new intermediaries including bloggers generate publicity solidarity and translation in the networked

public sphere Bloggers flooding the zone in the wake of Trent Lott's controversial toast to Strom Thurmond in 2002 demonstrated their ability to invent and circulate novel arguments the pre 2003 invasion reports from the Baghdad blogger illustrated how solidarity is built through affective connections and the science blog RealClimate continues to serve as a rapid response site for the translation of expert claims for public audiences Networked Media Networked Rhetorics concludes with a bold outline for rhetorical studies after the internet

Eighteenth-Century Stoic Poetics Alexandra Bacalu, 2023-03-20 Eighteenth Century Stoic Poetics Shaftesbury Akenside and the Discipline of the Imagination offers a fresh perspective on the eighteenth century poetics of Lord Shaftesbury and Mark Akenside This book traces the two authors debt to Roman Stoic spiritual exercises and early modern conceptions of the care of the self which informs their view of the poetic imagination as a bundle of techniques designed to manage impressions cultivate right images in the mind and rectify judgement Alexandra Bacalu traces the roots of this articulation in early modern writings on the imagination as well as in Restoration and Augustan debates on wit exploring the fruitful tension between ideas of imaginative enthusiasm and imaginative regulation that it provokes

Spinoza In English, A Bibliography Wayne Boucher, 1999-06-15 Spinoza in English i is the first bibliography to document the entire 300 year record of books monographs dissertations and articles in English on Benedict Spinoza as well as all translations of his works into English Arranged alphabetically by author or editor and internally cross referenced in the case of anthologies and replies this bibliography cites its own sources where appropriate and in many cases provides details on how to obtain out of print titles and unpublished dissertations Additionally it restores or corrects a good deal of earlier bibliographic detail and beginning with titles from the mid 1800s presents the citations in a uniform style This second edition adds hundreds of citations including dozens of titles hitherto overlooked thus bringing the total to nearly 2700 on the main level with hundreds of secondary references to later editions and reprints It also provides an index and occasionally an abstract when the author's title inadequately describes the contents As the only source of its kind this bibliography is an indispensable reference tool for research libraries and individual scholars concerned with the life and works of Spinoza Wayne Boucher's introduction is augmented by a preface by Professor Manfred Walther the most complete bibliography of works in English on Spinoza enlarged corrected and improved from first edition with numbered entries uniquely comprehensive current and authoritative numbered entries and subject title index for easy reference

Bringing the Passions Back In Rebecca Kingston, Leonard Ferry, 2008-05-20 The rationalist ideal has been met with cynicism in progressive circles for undermining the role of emotion

and passion in the public realm By exploring the social and political implications of the emotions in the history of ideas contributors examine new paradigms for liberalism and offer new appreciations of the potential for passion in political philosophy and practice Bringing the Passions Back In draws upon the history of political theory to shed light on the place of emotions in politics it illustrates how sophisticated thinking about the relationship between reason and passion can inform contemporary democratic political theory *The Visible and the Invisible* Daniela Hammer-Tugendhat, 2015-03-10 The book addresses the scientific debates on Rembrandt Metsu Vermeer and Hoogstraten that are currently taking place in art history and cultural studies These focus mainly on the representation of gender difference the relationship between text and image and the emotional discourse They are also an appeal for art history as a form of cultural studies that analyses the semantic potential of art within discursive and social contemporary practices Dutch painting of the seventeenth century reflects its relationship to visible reality It deals with ambiguities and contradictions As an avant garde artistic media it also contributes to the emergence of a subjectivity towards the modern bourgeois It discards subject matter from its traditional fixation with iconology and evokes different imaginations and semantizations aspects that have not been sufficiently taken into account in previous research The book is to be understood as an appeal for art history as a form of cultural science that analyses the semantic potential of art within discursive and social contemporary practices and at the same time demonstrates its relevance today Works by Rembrandt Metsu Vermeer Hoogstraten and others serve as exemplary case studies for addressing current debates in art history and cultural studies such as representation of gender difference relationship between text and image and emotional discourse
