Speaking Of Emotions:

Speaking of Emotions Angeliki Athanasiadou, Elżbieta Tabakowska, 1998 No detailed description available for Speaking of Emotions Speaking from the Heart Stephanie A. Shields, 2002-06-06 In Speaking From the Heart Professor Shields uses examples from everyday life contemporary culture and the latest research to illustrate how culturally shared beliefs about emotion are used to shape our identities as women and men and exposes the historically shifting and tacit assumptions these beliefs are based on This fascinating exploration of gender and emotion covers everything from nineteenth century ideals of womanhood to baseball and the new man and is a must read for anyone interested in the way emotion effects our everyday lives **Let's Talk Emotions** Teresa A. Cardon, 2004 Offers strategies to help children with social cognitive deficits including Asperger's syndrome nonverbal learning disabilities and high functioning autism learn to understand and effectively express emotions such as empathy anger and compassion *The Emotions* Rom Harré, W Gerrod Parrott, 1996-06-27 There is much that is fascinating here Long established experiments and conclusions are rubbished and reinterpreted long established assumptions and beliefs about emotions are soundly trounced and generally a good going over is delivered to the whole field it is such a blockbuster that one can only reel backwards and tell anyone studying the subject that they would be crazy not to get it Self the variation and diversity in emotion which provides scope for exploring how patterns of emotion contrast in different societies across gender lines at different historical times and between children and adults and the way in which the body is shaped and its functions influenced by culturally maintained patterns of emotion displays *Emotion Recognition using Speech Features* K. Sreenivasa Rao, Shashidhar G. Koolagudi, 2012-11-07 Emotion Recognition Using Speech Features provides coverage of emotion specific features present in speech The author also discusses suitable models for capturing emotion specific information for distinguishing different emotions The content of this book is important for designing and developing natural and sophisticated speech systems In this Brief Drs Rao and Koolagudi lead a discussion of how emotion specific information is embedded in speech and how to acquire emotion specific knowledge using appropriate statistical models Additionally the authors provide information about exploiting multiple evidences derived from various features and models The acquired emotion specific knowledge is useful for synthesizing emotions Features includes discussion of Global and local prosodic features at syllable word and phrase levels helpful for capturing emotion discriminative information Exploiting complementary evidences obtained from excitation sources vocal tract systems and prosodic features in order to enhance the emotion recognition performance Proposed multi stage and hybrid models for improving the emotion recognition performance This brief is for researchers working in areas related to speech based products such as mobile phone manufacturing companies automobile companies and entertainment products as well as researchers involved in basic and applied speech processing research **Robust Emotion Recognition using Spectral and Prosodic Features** K. Sreenivasa Rao, Shashidhar G. Koolagudi, 2013-01-13 In this brief the authors discuss recently

explored spectral sub segmental and pitch synchronous and prosodic global and local features at word and syllable levels in different parts of the utterance features for discerning emotions in a robust manner The authors also delve into the complementary evidences obtained from excitation source vocal tract system and prosodic features for the purpose of enhancing emotion recognition performance Features based on speaking rate characteristics are explored with the help of multi stage and hybrid models for further improving emotion recognition performance Proposed spectral and prosodic features are evaluated on real life emotional speech corpus
