Rhetoric of the Protestant Sermon in America Jonathan J. Edwards,Eric C. Miller,2020-01-20 In Rhetoric of the Protestant Sermon in America Pulpit Discourse at the Turn of the Millennium ten scholars analyze notable sermons from the fifty year span between 1965 and 2015 during which the Protestant sermon has undergone significant change in the United States Contributors examine how this turbulent time period witnessed a variety of important shifts in the arguments evidences and rhetorical strategies employed by contemporary preachers Because religious practice is inextricably tangled in the culture politics and economy of its historical situation the public expression of a faith is certain to move with the times In their treatment of race sex gender class and citizenship sermons apply ancient texts to current events and controversies often to revealing effect This collection thoughtfully edited by Eric C Miller and Jonathan J Edwards demonstrates how the genre of the Protestant sermon has evolved or resisted evolution across the years Scholars of religion rhetoric communication sociology and cultural studies will find this book particularly useful

The Witness of Preaching

Thomas G. Long, 2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions **From Pew to Pulpit** Clifton F. Guthrie, 2010-11-01 A down to earth practical introduction to the ins and outs of preaching for lay preachers bivocational pastors and others newly arrived in the pulpit Recent years have seen a considerable increase in the amount of financial resources required to support a full time pastor in the local congregation In addition large numbers of full time seminary trained clergy are retiring without commensurate numbers of new clergy able to take their place As a result of these trends a large number of lay preachers and bivocational pastors have assumed the principal responsibility for filling the pulpit week by week in local churches Most of these individuals observes Clifton Guthrie can draw on a wealth of life experiences as well as strong intuitive skills in knowing what makes a good sermon having listened to them much of their lives What they often don't bring to the pulpit however is specific detailed instruction in the how to's of preaching That is precisely what this brief practical guide to preaching has to offer Written with the needs of those for whom preaching is not their sole or primary occupation in mind it begins by emphasizing what every preacher brings to the pulpit an idea of what makes a sermon particularly moving or memorable to them From there the book moves into short chapters on choosing an appropriate biblical text or sermon topic learning how to listen to one's first impressions of what a text means moving from text or topic to the sermon itself while keeping the listeners' needs firmly in mind making thorough and engaging use of stories in the sermon and delivering with passion and conviction The book concludes with helpful suggestions for resources including Bibles commentaries other print resources and websites

Voices in the Wilderness John L. Thomas, 2018-01-30 FINALLY a scholarly description of the development of Black preaching in the United States that is accessible to the average reader but also contributes to the academic conversation about both style and theological content Written from the perspective of a seasoned practitioner and tenured practical theologian Thomas surveys Black preaching as it has responded to various social and historical time periods Starting with the brutality of chattel slavery early formations in segregated Southern life rapid migration to and urbanization in Northern cities and various events throughout the post civil rights era the book gives convincing details and examples of how the Black preacher helped to guide and sustain the masses of African American people through the wilderness of social change At the heart of the book three prime examples are presented as models of the real genius of Black preaching The reader will never again think about Reverend Martin Luther King Jr Malcolm X and the Reverend Jesse Jackson in the same way A special chapter is devoted to the contributions of Black women preachers along with a closing chapter that makes new proposals for the future The book is a provocative and critical analysis of why Black preaching still matters The Worshipping Body Kimberly Bracken Long, 2009-01-01 Kimberly Bracken Long by focusing on what presiders do with their bodies eyes ears lips hands feet and heart describes an attitude and style of worship leadership that is both firmly rooted and blessedly free A

wonderful offering for all worship presiders seminarians commissioned lay pastors new pastors and experienced pastors The Worshiping Body is essential reading for anyone interested in how their presence and movement during worship make a difference

Good News Preaching Gennifer Benjamin Brooks,2025-10-01 In an update to her foundational work Good News Preaching Brooks frames the essential methodology of good preaching the importance of real transformative good news This second edition of Good News Preaching accounts for changes in the landscape of church and culture including a global pandemic and shrinking congregations and argues that the good news of God's grace and liberation is ever more essential for Christian discipleship

The Touch of the Sacred F. Gerrit Immink,2014-08-03 All over the world Christian communities meet on Sunday morning for worship But what really happens during a worship service How do worshipers participate in the service What does it mean to sing pray and celebrate the Lord's Supper together What do worshipers do when they listen to a sermon In The Touch of the Sacred Gerrit Immink offers thoughtful theological reflection on the religious practice of worship services in the Protestant tradition He develops a theology of worship with a clear focus on the death and resurrection of Jesus Christ as he explores the meaning of worship the mystery of Christ the sacraments prayer and preaching Ultimately he says something dynamic happens when a church congregation speaks and acts it is touched by the sacred by a very encounter with the living God

Crossover Preaching Jared E. Alcántara,2015-10-08 In our increasingly pluralistic and multicultural society there is a need for preaching that is capable of crossing cultural boundaries and engaging multiple contexts Jared Alcántara's exciting new work proposes an intercultural and improvisational account of preaching in conversation with the legacy of Gardner C Taylor

Preaching Paul Dr. Brad R. Braxton,2010-08-01 Helpful and insightful strategies for preaching from the writings of Paul Few biblical figures are more compelling to preachers than the apostle Paul The story of his dramatic conversion on the road to Damascus is a favorite example of the way that God turns lives around His writings contain the earliest witness we have to the Christian gospel His message of God's offer of grace in the life death and resurrection of Jesus Christ is deeply appealing So why is it that when it comes time to choose a text for this Sunday's sermon preachers so often choose something other than Paul When Brad Braxton asked himself that question he realized that preachers are often daunted by the size and complexity of the Pauline corpus Drawing on his expertise as a New Testament scholar and homiletics professor as well as on his experience as a pastor Braxton offers the reader tools with which to wrestle more effectively with the complex yet essential message of Paul Eschewing either a solely historical approach or a completely spiritual one the author brings the two together to explore the meaning of Paul's message in its original context as well as its contemporary application Written with imagination and depth of understanding this book is for anyone who wishes to know Paul better and to preach from his letters more effectively

Her Preaching Body Amy Peed McCullough,2018-05-16 The preacher's body is a tool for proclamation a vehicle by which a sermon comes to life Female preachers engaged in a task not long their own know well the added attention directed to their physicality They

can experience ordinary decisions about attire accessories hairstyles and movement as complex and occasionally precarious choices around how to bring flesh to their sermons They can also experience the extraordinary power of their bodies when materiality weighs in on the message McCullough explores the every Sunday bodily decisions of contemporary female preachers with an eye to uncovering the meanings about body preaching and God alive underneath Ultimately she argues for a renewed understanding of embodiment in which one's living body inescapably intertwined with her preaching becomes the avenue for greater knowledge about how to preach and deeper insight into the faith professed What Do They Hear? Mark Allan Powell, 2010-09-01 PREACHING Powell provides a startling study of how differently the pastor and the congregation interpret Scripture how this difference affects what the congregation hears in the sermon and how to bridge this gap with equally startling practical steps This remarkably fascinating book reveals how significant social location such as age gender nationality race and education is when interpreting the Bible Illustrated with two studies Mark Allan Powell demonstrates how this plays out most dramatically in the gulf often quite wide between the preacher and the congregation Every preacher who reads this book will appreciate as never before the significance of social differences in the reception of his or her sermon will see the unmistakable need to bridge this gap and will receive clear instruction on how to do just that **Preaching Must Die!** Jacob D. Myers, 2017-10-18 The real question for homiletics in our increasingly postmodern post Christian contexts is not how we are going to prevent preaching from dying but how we are going to help it die a good death Preaching was not made to live At most preaching is a witness a sign a crimson X marking a demolition site The church has developed sophisticated technologies in modernity to give preaching the semblance of life belying the truth preaching was born under a death sentence It was born to die Only when preaching embraces its own death is it able to live This book then is a bold homiletical manifesto against preaching in support of preaching and beyond preaching to the entire worship experience It troubles modern homiletical theologies in light of the trouble always already at work within preaching Hereby it supports a way of preaching and teaching preaching that moves counter to the wisdom of this world It aims to join in God's self revealed counterlogic of superabundance that saturates and thereby breaks open worldly systems of thought and practice The purpose of this book is to expose preaching to its own death to help it embrace its death so that it can discover what eternal and abundant life might look and feels like *Religious Involvement in Hearing Sermons* Theo Pleizier, 2010
