*Special Men and Special Missions* Joel Nadel, Jon R. Wright, 1994      *The Wars of the Green Berets* Robin Moore, Michael Lennon, 2015-11-10

Legendary adventurer and raconteur Robin Moore has teamed up with third generation Army officer Michael Doc Lennon to share the stories of the soldiers who have earned the right to wear the Green Beret. From Vietnam to the present day *The Wars of the Green Berets* retells the stranger than fiction hair raising experiences of the stout men who have risked it all from their firefights on the Cambodian border to their present day patrols on the dangerous streets of Baghdad. It takes us to the streets of Mogadishu in the days before and after the events of *Black Hawk Down*. It puts us on the rocky moonscapes of Afghanistan in search of the enemy where soldiers face the dangers of friendly fire as well as fierce Taliban fighters. Featuring a new foreword by a former Green Beret about the continued efforts and role Special Forces play in modern warfare this is a work of fiction that is more real than many works of history. It is destined to become a classic.

**The Churches and the Working Classes** Patricia Midgley, 2012-12-21

Contrary to our perception of the centrality of the churches in English life in the nineteenth century the disappointing results of the 1851 Religious Census led religious leaders to seek a variety of ways to increase religious allegiance as the century progressed. The apparent apathy and lack of interest in formal religion on the part of the working classes was particularly galling and the various denominations tried hard to attract them through evangelical missions as well as social and charitable ventures which sometimes competed with religious concerns to the latter's detriment. This book traces the motivations concerns and efforts of the churches particularly in the period between 1870 and 1920 and the ambivalent responses of ordinary people. The Education Act of 1870 led to the churches losing their hold on the education of the young a consequence foreseen by many church leaders but unable to be prevented. By 1920 it was apparent that the churches' optimism regarding an increased role with a war weary population would not be fulfilled. The focus is on the city of Leeds representative of the industrialised urban areas with burgeoning

populations which proved to be such a challenge to the churches at the same time stimulating them to ever greater efforts

Le présent volume se situe dans une large mesure aux frontières des options stratégiques car elles constituent un élément central des mesures de contre-insurrection. Ce recueil aidera les membres de la profession des armes à comprendre ce qu'est l'insurrection ou plus précisément la contre-insurrection et ses aspects connexes caractéristiques. De plus *Une guerre difficile* jette un regard particulier sur ce type de guerre complexe qui peut revêtir diverses formes. C'est un ouvrage utile et accessible qui saura intéresser tant le lecteur profane que l'expert militaire ou toutes les personnes liées à la profession des armes. Ce manuel qui vient enrichir le corpus de connaissances actuelles sur les mesures de contre-insurrection et les forces d'options stratégiques présente le sujet de façon théorique et historique et fait le lien entre le passé et les options en Afghanistan. Plus précisément des chapitres sont consacrés au renseignement, au terrorisme, à la privatisation de la sécurité, aux conflits asymétriques, à la guerre non conventionnelle comme ce fut le cas en Afghanistan durant l'occupation soviétique et aux options en cours des forces de la coalition en Afghanistan.

**Report of the Annual Meeting of the Conference of Foreign Mission Boards in Canada and in the United States** ,1917      *Death Ground* Daniel P. Bolger,2007-12-18 An informative and thought provoking history of recent infantry operations with reasoned glimpses of its possible future. DR SHAWN WHETSTONE Military Heritage This is Colonel Bolger's most significant work to date important both for students of the contemporary U S Army and for general readers even those normally uninterested in military affairs. Bolger documents the infantry's change over the past sixty years from a mass force of citizen soldiers to a small body of elite professionals. He presents each currently existing type of infantry: paratroopers, air assault, mechanized, light rangers and marines. In each case study Bolger emphasizes the quality and preparation making it quite clear that without skill and motivation without competence are certain routes to disaster. While praising today's infantry as the best the country has ever fielded Bolger raises the prospect that the U S military by emphasizing technology and economy will leave the country with an elite infantry too small to sustain heavy losses and too specialized to be quickly replaced.
