The New Education ,1893 **An English garner. Stuart tracts, 1603-93, with an intr. by C.H. Firth** English garner,1903 **American Fragments** Daniel Diez Couch,2022-05-03 In the years between the independence of the colonies from Britain and the start of the Jacksonian age American readers consumed an enormous number of literary texts called fragments American Fragments recovers this archive of the romantic period to raise a set of pressing questions about the relationship between aesthetic and national realities What kind of artistic creation was a fragment And how and why did deliberately unfinished writing emerge alongside a country that was itself still unfinished Through discussions of eighteenth century transatlantic aesthetics the Revolutionary War seduction novels religious culture and the construction of authorship Daniel Diez Couch argues that the literary fragment was used as a means of representing individuals who did not fit neatly into the social fabric of the nation beggars prostitutes veterans and other ostracized figures These individuals did not have a secure place in designs for the country s future yet writers wielded the artistic form of the fragment as an apparatus for surveying their disputed positionality Time and again fragments asked what kind of identity marginalized individuals had and how fictionalized versions of their life stories influenced the sociopolitical circumstances of the emergent nation In their most progressive moments the writers of fragments depicted their subjects as being in process opting for a fluid version of the self instead of the bounded and coherent one typically hailed as the liberal individual Traversing aesthetics political philosophy material culture and history American Fragments gives new life to a literary form that at once played a significant role in the print ecology of the early republic and that endures in the works of modernist and postmodernist writers and artists

The Oxford Handbook of Grammatical Number Patricia Cabredo Hofherr,Jenny Doetjes,2021-07-06 This volume offers detailed accounts of current research in grammatical number in language Following a detailed introduction the chapters in the first three parts of the book explore the multiple research questions in the field and the complex problems surrounding the analysis of grammatical number Part I presents the background and foundational notions Part II the morphological semantic and syntactic aspects and Part III the different means of expressing plurality in the event domain The final part offers fifteen case studies that include in depth discussion of

grammatical number phenomena in a range of typologically diverse languages written by or in collaboration with native speakers linguists or based on extensive fieldwork The volume draws on work from a range of subdisciplines including morphology syntax semantics and psycholinguistics and will be a valuable resource for students and scholars in all areas of theoretical descriptive and experimental linguistics

The British Way in Warfare: Power and the International System, 1856-1956 Keith Neilson, 2016-03-16 In his groundbreaking book *The British Way in Warfare* Routledge 1990 David French outlined the skillful combination of maritime economic and diplomatic power employed by Britain to achieve its international goals Almost two decades later this collection offers a reassessment of French's thesis using it as a lens through which to explore Britain's relationship with various kinds of power military and civil and how this was employed across the globe In particular each essay addresses the ways in which the use of power manifested itself in the maintenance of Britain's place within the international system between 1856 and 1956 Adopting twin methodologies the collection firstly addresses the broad question of Britain's relationship with other Great Powers and how these influenced the strategies used before then testing these with specific case studies By taking this approach it is possible to discern which policies were successful and which failed and whether these remained constant across time and space Measuring Britain's strategy against her commercial imperial and military competitors including France the USA Italy Germany and Russia allows intriguing conclusions to be drawn about just how an essentially maritime power could compete with much larger and potentially more powerful continental rivals With contributions from an outstanding selection of military scholars this collection addresses fundamental questions about the intersection of military economic and diplomatic history that are as relevant today as they were during the height of Britain's imperial power It will prove essential reading not only for those with an interest in British military history but for anyone wishing to understand how power in all its multifaceted guises can be employed for national advantage on the international stage

Literature ,1974 **Literary Digest** ,1917 **Tabloid Television** John Langer, 2006-10-19 Fires floods accidents celebrity lifestyles heroic acts of humble people cute acts by family pets and the weather Television's non news about non events takes up an increasingly large part of contemporary broadcast journalism but is regularly dismissed by television pundits as having no place on our screens To its critics this other news distracts our attention with trivialities and entertainment values and undermines journalism's relationship with the workings of democracy Yet in spite of these protests this lite news remains as entrenched and as popular as ever In *Tabloid Television* John Langer argues that television's other news must be recognised as equally important as hard news in the building of a genuinely comprehensive study of broadcast journalism Using narrative analysis theories of ideology concepts from genre studies and detailed textual readings other news is explored as a cultural discourse connected with story telling gossip social memory the horror film national identity and the cult of fame Langer's study also examines the political role played by an allegedly non political news and explores the links between this type of news and recent broadcasting trends towards reality television

Tabloid Television Popular Journalism and the Other News provides an eclectic and intriguing look at one of the most maligned areas of television news By offering an extended and thoroughly grounded analysis of actual news stories John Langer locates the question of representational power as one of the central concerns of the media studies agenda and offers some interesting speculation about where television news may be heading London, Modernism, and 1914 Michael J. K. Walsh, 2010-05-06 A new take on the impact of war on the London art and literary scene and the emergence of modernism first published in 2010 *The Academy and Literature* ,1904
