Speck On The Sea:

A Speck in the Sea John Aldridge, Anthony Sosinski, 2017-05-23 The harrowing adventure at sea memoir recounting the heroic search and rescue mission for lost Montauk fisherman John Aldridge which Daniel James Brown calls A terrific read I am floating in the middle of the night and nobody in the world even knows I am missing Nobody is looking for me You can't get more alone than that You can't be more lost I've got too many people who love me There's no way I'm dying like this In the dead of night on July 24 2013 John Aldridge was thrown off the back of the Anna Mary while his fishing partner Anthony Sosinski slept below As desperate hours ticked by Sosinski the families the local fishing community and the U S Coast Guard in three states mobilized in an unprecedented search effort that culminated in a rare and exhilarating success A tale of survival perseverance and community A Speck in the Sea tells of one man's struggle to survive as friends and strangers work to bring him home Aldridge's wrenching first person account intertwines with the narrative of the massive constantly evolving rescue operation designed to save him *Air-sea Rescue* Great Britain. Air Ministry, Great Britain. Ministry of Information, 1942 Beretter om den engelske eftersøgning og redningstjeneste som den var organiseret under 2 verdenskrig

The Empty Eye of the Sea Justin Scott, 2014-10-03 Mary Fulton and her father are trying to save their failing family tugboat business Captained by Kevin Patrick The Bowery Queen their ageing tugboat is towing a barge to Nova Scotia There they lose the barge contract but hear of an abandoned freighter adrift in the high seas They sail towards the vessel in a desperate hope of salvaging it But unknown to Kevin Mary and her crew the freighter is not completely deserted aboard is a psychopathic German fugitive and his deadly cargo With a setting of turbulent Atlantic tides this sea faring odyssey is a thrilling portrayal of man's fight for survival and supremacy over love and death *Michael Malcolm, Or, Annals of a Sea-port Town* R. M. Tate, 1887 **The Smart Set**, 1911 **Sea Kayaking** Philip Woodhouse, 2013-12 A comprehensive guide for those who travel the open waters in the Southern Hemisphere The Book of Knowledge Arthur Mee, 1910

The Rising Sea Ravi Vakil, 2025-10-21 An accessible motivated introduction to one of the most dynamic areas of mathematics Decades ago Mumford wrote that algebraic geometry seems to have acquired the reputation of being esoteric exclusive and very abstract with adherents who are secretly plotting to take over all the rest of mathematics The revolution has now fully come to pass and has fundamentally changed how we think about many fields of mathematics This book provides a thorough foundation in the powerful ideas that now shape the landscape with an informal yet rigorous exposition that builds intuition for understanding the formidable machinery It begins with a discussion of categorical thinking and sheaves and then develops the notion of schemes and varieties as examples of geometric spaces before discussing their specific aspects The book goes on to cover topics such as dimension and smoothness vector bundles and their natural generalizations and important cohomological tools and their applications Important optional topics are included in starred sections Provides a comprehensive introduction certain to become the standard on the subject Features a wealth of exercises

that enable students to learn by doing Requires few prerequisites developing the tools students need to succeed from category theory and sheaf theory to commutative and homological algebra Uses an example driven approach that builds mathematical intuition Is a self contained textbook for graduate students and an essential reference for researchers

Hitlers Asian Adventure 2 Horst H. Geerken,2025-05-23 From 1963 to 1981 Horst H Geerken lived in the new born Republic of Indonesia at a time of upheaval after the end of almost 350 years of colonial rule and exploitation by the Netherlands In both his professional and private activities he constantly came across German Japanese and Indonesian eyewitnesses who had lived through the Japanese occupation and the presence of the German navy in Indonesia The relations between the German Reich and what was then the Dutch East Indies were obviously closer and more varied than had been previously assumed Hardly anyone was aware that Hitler was extremely interested in this distant archipelago and that thousands of German officers and seamen were in action in East and South East Asia Who knows that German U boats and auxiliary cruisers penetrated deep into the Pacific and that the German Navy used the Kerguelen Islands in the South Polar Sea as a secret base Or that Hitler gave massive support to the independence movements in Indonesia and India Many of the German naval personnel chose to make Indonesia their home after the war and joined the Indonesian freedom fighters The Second World War heralded the end of the colonial era in Asia especially in South East Asia The role played in this process by the Third Reich should not be underestimated The collaboration between the Axis powers especially that between German and Japan with all its problems is also investigated There was a lively exchange of new weapons technology There was even the re creation of a German Radar system in Japan under the management of a German engineer Documents from the Third Reich s Foreign Ministry published here for the first time show how brutally and inhumanely the German men women and children in the Dutch internment camps in the East Indies were treated by their captors These documents are supported by evidence from contemporary witnesses The author has encapsulated his many years of research in the two volumes of Hitler s Asian Adventure It is a fascinating documentation of the German Navy s involvement in a theatre of war that has until now been neglected by historians
