The Spectre of Race Michael G. Hanchard, 2020-03-03 How racism and discrimination have been central to democracies from the classical period to today As right wing nationalism and authoritarian populism gain momentum across the world liberals and even some conservatives worry that democratic principles are under threat In The Spectre of Race Michael Hanchard argues that the current rise in xenophobia and racist rhetoric is nothing new and that exclusionary policies have always been central to democratic practices since their beginnings in classical times Contending that democracy has never been for all people Hanchard discusses how marginalization is reinforced in modern politics and why these contradictions need to be fully examined if the dynamics of democracy are to be truly understood Hanchard identifies continuities of discriminatory citizenship from classical Athens to the present and looks at how democratic institutions have promoted undemocratic ideas and practices The longest standing modern democracies France Britain and the United States profited from slave labor empire and colonialism much like their Athenian predecessor Hanchard follows these patterns through the Enlightenment and to the states and political thinkers of the late nineteenth and early twentieth centuries and he examines how early political scientists including Woodrow Wilson and his contemporaries devised what Hanchard has characterized as racial regimes to maintain the political and economic privileges of dominant groups at the expense of subordinated ones Exploring how democracies reconcile political inequality and equality Hanchard debates the thorny question of the conditions under which democracies have created and maintained barriers to political membership Showing the ways that race gender nationality and other criteria have determined a person's status in political life The Spectre of Race offers important historical context for how democracy generates political difference and inequality

The Spectre of Comparisons Benedict Anderson, 1998-09-17 The Spectre of Comparisons contains important theoretical and historical considerations about the nature of nationalism the prospects for the Left in the so called New World Disorder

informal where learners and teachers are resisting consumerism and enacting a critical pedagogy of consumption

**Disruptions in Economic and Social Polity** Arup Baisya, 2019-11-25 Capitalism is in crisis today while the neoliberal economic model that has been pursued in order to move out of the crisis has also not succeeded There are also major disruptions in both economic and social polity and uncertainties due to change and conflict within social relations This book analyses these issues from a global perspective with particular reference to India in order to determine what can be done to provide this transitory situation with a direction of change The essays gathered here counter the neo liberal myth built on the premise that this is an era free of ideology and reconstruct the concept of ideology and its various ramifications The book also delves into how the dynamics of the overall economic situation today give rise to various possibilities for change and details holistic plans of possible future actions *Pennsylvania Co-op Review* Pennsylvania farm bureau federation, 1942

**The Bangladesh Environmental Humanities Reader** Munasir Kamal, Mohammad Tanzimuddin Khan, Samina Luthfa, 2022-08-23 This volume analyses Bangladesh's human nature environment relationships in terms of development victimhood environmental injustices and resistance of the marginalized It demonstrates how the popular GDP based economic growth model helps governments undertake development projects threatening the environment and livelihood of the poor while benefiting the affluent It represents the extant environmentalism in the literary works in Bangla and tales of pollution depletion and human nature environment symbiosis that shows ways to resist victimhood Against current environmental challenges and other environmental issues this volume presents the epitome of how politics biodiversity and technology meet in many cross cutting pathways *The Criminal Spectre in Law, Literature and Aesthetics* Peter J. Hutchings, 2014-06-23 This book analyses the legal and aesthetic discourses that combine to shape the image of the criminal and that image's contemporary endurance The author traces the roots of contemporary ideas about criminality back to legal philosophical and aesthetic concepts originating in the nineteenth century Building on the ideas of Foucault and Walter Benjamin Hutchings argues that the criminal as constructed in places such as popular crime stories or the law of insanity became an obsession which haunted nineteenth century thought **Globalization** Gernot Kohler, Emilio José Chaves, 2003 The majority of people around the world are experiencing oppressive and destructive forces which manifest themselves in starvation income polarisation joblessness stress violence and so on What is the nature of these forces If we call them globalisation can there be good globalisation as well as bad globalisation Is this a new phenomenon or just a continuation of history as it has always been This book brings together a wide range of expertise addressing these problems from a world systems perspective [The EU and the Global Financial Crisis](#) Christian Schweiger, 2014-05-30 This authoritative book offers a complete breakdown of the EU's political economy in the wake of the global financial crisis and will therefore appeal to students of European politics international political economy and European studies as well as po **Business Ethics as Practice** Chris Carter, 2007-01-01 Shows that in business moral questions are not just theoretical They arise in practice and

have to be dealt with in practice M Kornberger and S Clegg University of Technology Sydney *Comparative Political Economy of Work* Marco Hauptmeier, Matt Vidal, 2014-03-07 An edited book in the Critical Perspectives on Work and Employment series associated with the annual International Labour Process Conference The book focuses on comparative work and employment relations research conducted within a broader political economy framework Written by leading academics it contains cutting edge research **Erasing the Binary Distinction of Developed and Underdeveloped**

Vinay Bahl, 2023-10-06 This book challenges the binary distinction of developed and underdeveloped in the categorization of any country while proposing to erase this binary with a yardstick of parity Through a sample comparative historical study focusing on the question of the emergence of the large scale steel industry 1880 1914 of four chosen countries two considered developed Imperial UK and Post colonial Imperial USA and two considered underdeveloped Imperial Russia and Colonial India it is shown how this yardstick of parity can be applied without the categorization of societies as either developed or underdeveloped Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan or Bhutan

*The Cumulative Book Index*, 1994 A world list of books in the English language *Economics, Law and Intellectual Property* Ove Granstrand, 2013-04-18 Intellectual property has rapidly become one of the most important as well as most controversial subjects in recent years amongst productive thinkers of many kinds all over the world Scientific work and technological progress now depend largely on questions of who owns what as do the success and profits of countless authors artists inventors researchers and industrialists Economic legal and ethical issues play a central role in the increasingly complex balance between unilateral gains and universal benefits from the knowledge society Economics Law and Intellectual Property explores the field in both depth and breadth through the latest views of leading experts in Europe and the United States It provides a fundamental understanding of the problems and potential solutions not only in doing practical business with ideas and innovations but also on the level of institutions that influence such business Addressing a range of readers from individual scholars to company managers and policy makers it gives a unique perspective on current developments

**Antigone in the Americas** Andrés Fabián Henao Castro, 2021-07-01 Sophocles's classical tragedy Antigone is continually reinvented particularly in the Americas Theater practitioners and political theorists alike revisit the story to hold states accountable for their democratic exclusions as Antigone did in disobeying the edict of her uncle Creon for refusing to bury her brother Polynices Antigone in the Americas not only analyzes the theoretical reception of Antigone when resituated in the Americas but further introduces decolonial rumination as a new interpretive methodology through which to approach classical texts Traveling between modern present and ancient past Andrés Fabián Henao Castro focuses on metics resident aliens and slaves rather than citizens making the feminist politics of burial long associated with Antigone relevant for theorizing militant forms of mourning in the global south Grounded in settler colonial critique black and woman of color feminisms and queer and trans of color critique Antigone in the Americas offers a more radical interpretation of Antigone one

relevant to subjects situated under multiple and interlocking systems of oppression

**The Rise of the Capital-state and Neo-Nationalism** Oleksandr Svitych, 2022-11-21 What explains the rise of populist nationalism in the contemporary phase of globalized development Drawing on Karl Polanyi's study of the great transformation *The Rise of the Capital state and Neo nationalism* argues that populist nationalism is a societal reaction to the pro market structural changes in the political economies of nation states conceptualized as the capital state transformation Oleksandr Svitych shows that there is an inextricable link between free market reforms declining state legitimacy and identity based mobilization Examining four case studies Australia France Hungary and South Korea through a mixed method approach the book finds that discontented voters gravitate toward populist neo national political forces and embrace identity based solutions often in exclusivist and scapegoating forms to harness their anxieties and insecurities triggered by the capital state restructuring Populist nationalism of both the left and the right has emerged to compensate for the real and perceived inability of the state to shield citizens from the corrosive effects of market fundamentalism *The Rise of the Capital state and Neo nationalism* contributes to our understanding of the dynamics of the interrelated nature of state capital and identity politicization through a broader social theoretical perspective *The Rise of the Capital state and Neo Nationalism* is now available in paperback for individual customers

*The Age of Paradox* Charles B. Handy, 1994 It is these unintended consequences of change the paradoxes that Handy confronts in *The Age of Paradox*

**Meanings of Public and the Future of Public Services** David A. McDonald, 2022-09-09 Critically assessing meanings of the term public this book situates the emergence and expansion of public services within market based forms of production and consumption It

highlights the potential for making public services more progressive within market societies but underscores their ongoing capture by private interests and emphasises the inherent limits of reform within a bourgeois public sphere The author explores opportunities for more expansive forms of non marketized public services examining emerging debates on the theory and practice of equitable participatory and sustainable forms of publicness that go beyond mere ownership The book then asks how we can build a robust international pro public movement that juggles universal needs with local context With a focus on essential public services such as water electricity and health the text is global in its scope and written for a broad audience It will be useful for those interested in social and public policy public services and public administration political theory economic geography social movements sustainability and development
