To succeed in any form of racing, a driver must be more than fast. In today's ultra-competitive motorsports scene, where there's competition for financial support as well as for checkered flags, a racer must have a full complement of on and off-track skills. To become a champion, a driver must augment his or her racing, testing, and physical skills with traits and skills such as mental toughness, marketing savvy, and career-building abilities. *Speed Secrets 5: The Complete Driver* is the first handbook for the aspiring professional or ambitious amateur racer. It provides insights that will help aspiring racers reach their full potential in their quest to become well-rounded racers. Speed Secrets Ross Bentley, 1998-08-13

A champion racer and professional driving coach's secrets for success in this popular skill-driven motorsport include color photos. With its solo set-up, more subdued speeds, and endlessly varying events and courses, autocross is the easiest, safest, and least expensive way to get into motorsports. Anyone with a helmet and a car can do it. Of course, it doesn't hurt to have some driving skills, which is where this book comes in. As a veteran racer and professional driving coach, Ross Bentley knows what it takes to compete and win, and he gives you the benefit of that knowledge in this book. The first in the *Speed Secrets* series to address a specific form of racing, this volume focuses on the skills critical to autocross success: car handling and driver skill at high speeds on unique courses. Though slower than other motorsports in absolute terms, autocross, with its high number of turns per minute, can challenge even the most expert driver. Adapting his time-proven method of

teaching drivers how to go fast Bentley clearly details the steps and techniques that help autocross drivers maintain control and dominate a course at speed Though specific to autocross and essential to mastering its particular challenges his advice and instruction in this book will prove invaluable to drivers who go on to road racing as well **Ultimate Speed Secrets** Ross Bentley,2011-08-25 Ultimate Speed Secrets is the drivers guide to going faster Professional race instructor Ross Bentley has raced everything from Indy cars to world sports cars and has the experience to make any racer a more complete driver With detailed drills and comprehensive instructions Bentley covers everything you need to know choosing lines adapting to different cars tracks and racing conditions setting up controls and understanding car adjustments and mental preparation Whether you are racing an Indy car or simply interested in becoming a more complete driver on the street Ultimate Speed Secrets will give you the information you need to succeed **Inner Speed Secrets** Ross Bentley,Ronn Langford,2000-09-22 DIVMaximize your driving ability with tips from the experts Based on performance seminars conducted by the authors for race car drivers this informative guide helps you consistently perform at your highest level Chapters discuss The Driver The Ultimate Management System Inner Race Driving Skills and Techniques and Strategies div
