Spellbound In Darkness A History Of The Silent Film:

Spellbound in Darkness George C. Pratt,1973 Presents a history of silent film *Spellbound in Darkness* George C. Pratt,1966 *The Griffith Project, Volume 9* Paolo Cherchi Usai,2019-07-25 No other silent film director has been so extensively studied as D W Griffith However only a small group of his more than 500 films has been the subject of a systematic analysis and the vast majority of his other works stills await proper examination For the first time in film studies the complete creative output of Griffith from Professional Jealousy 1907 to The Struggle 1931 will be explored in this multi volume collection of contributions from an international team of leading scholars in the field **Romance and the Yellow Peril** Gina Marchetti,1994-02-15 Hollywood films about Asians and interracial sexuality are the focus of Gina Marchetti s provocative new work While miscegenation might seem an unlikely theme for Hollywood Marchetti shows how fantasy dramas of interracial rape lynching tragic love and model marriage are powerfully evident in American cinema The author begins with a discussion of D W Griffith s Broken Blossoms then considers later films such as Shanghai Express Madame Butterfly and the recurring geisha movies She also includes some fascinating forgotten films that have been overlooked by critics until now Marchetti brings the theoretical perspective of recent writing on race ethnicity and gender to her analyses of film and television and argues persuasively that these media help to perpetuate social and racial inequality in America Noting how social norms and taboos have been simultaneously set and broken by Hollywood filmmakers she discusses the orientalist tensions underlying the construction of American cultural identity Her book will be certain to interest readers in film Asian women s and cultural studies **Chronology of the Birth of Cinema, 1833-1896** Deac Rossell,2022-10-18 Written from an international perspective this account of the origins of the cinema begins in 1833 with the introduction of optical toys for reproducing movement and ends with a thorough examination of the first full year of projected moving pictures in 1896 Comprehensive and verifiable with citations that support each individual entry the book examines the events that culminated in the establishment of the moving picture world that was the dominant visual medium of the last century Drawing on a range of international sources this chronology is a readable vivid account that corrects many longstanding errors in the story of moving pictures while at the same time recording the astounding diversity of ideas apparatus personalities and exhibitions that turned a passing novelty into a major industry Populated by dreamers inventors scientists and entrepreneurs with widely different skills interests and backgrounds the many origins of the cinema are all recorded here in a rich tapestry that has been woven with attention to the detailed shape and placement of each individual thread The result is a fully indexed reference that reflects the state of modern scholarship and should be useful over the long term as both a reference to the period of early cinema and as a starting point for further research **Early Cinema** Thomas Elsaesser,Adam Barker,2019-07-25 In the twenty years preceding the First World War cinema rapidly developed from a fairground curiosity into a major industry and social institution a source of information and entertainment for millions of

people Only recently have film scholars and historians begun to study these early years of cinema in their own right and not simply as first steps towards the classical narrative cinema we now associate with Hollywood The essays in this collection trace the fascinating history of how the cinema developed its forms of storytelling and representation and how it evolved into a complex industry with Hollywood rapidly acquiring a dominant role These issues can be seen to arise from new readings of the so called pioneers Melies Lumiere Porter and Griffith while also suggesting new perspectives on major European filmmakers of the 1910s and 20s Editor Thomas Elsaesser complements the contributions from leading British American and European scholars with introductory essays of his own that provide a comprehensive overview of the field The volume is the most authoritative survey to date of a key area of contemporary film research invaluable to historians as well as to students of cinema

The Cinema of Isolation Martin F. Norden, 1994 Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity awe humor or fear Others who somehow deserve to be isolated from the rest of society In this first history of the portrayal of physical disability in the movies Martin Norden examines hundreds of Hollywood movies and notable international ones finds their place within mainstream society and uncovers the movie industry s practices for maintaining the status quo keeping people with disabilities dependent and in their place Norden offers a dazzling array of physically disabled characters who embody or break out of the stereotypes that have both influenced and been symptomatic of society s fluctuating relationship with its physically disabled minority He shows us sweet innocents like Tiny Tim obsessive avengers like Quasimodo variations on the disabled veteran and many others He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s and underscores movies like *My Left Foot* and *The Waterdance* that display a newfound sensitivity Nordens in depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long overlooked issue in media studies

Movie-Struck Girls Shelley Stamp, 2018-06-05 *Movie Struck Girls* examines women s films and filmgoing in the 1910s a period when female patronage was energetically courted by the industry for the first time By looking closely at how women were invited to participate in movie culture the films they were offered and the visual pleasures they enjoyed Shelley Stamp demonstrates that women significantly complicated cinemagoing throughout this formative transitional era Growing female patronage and increased emphasis on women s subject matter did not necessarily bolster cinema s cultural legitimacy as many in the industry had hoped for women were not always enticed to the cinema by dignified uplifting material and once there they were not always seamlessly integrated in the social space of theaters nor the new optical pleasures of film viewing In fact Stamp argues that much about women s films and filmgoing in the postnickelodeon years challenged rather than served the industry s drive for greater respectability White slave films action adventure serial dramas and women s suffrage photoplays all drew female audiences to the cinema with stories aimed directly at women s interests and with advertising campaigns that specifically targeted female moviegoers Yet these examples suggest that women s patronage was built with stories focused on sexuality

sensational thrill seeking and feminist agitation topics not normally associated with ladylike gentility And in each case concerns were raised about women s conduct at cinemas and the viewing habits they enjoyed demonstrating that women s integration into motion picture culture was not as smooth as many have thought
