Make Key Stage 3 Matter in English Liz Hillier, 2017-04-27 The KS3 curriculum plays a critical part in giving students the best possible start to their secondary education and preventing the need for intervention later on. This timely book provides detailed guidance on how to develop a robust multifaceted inclusive and challenging KS3 curriculum in English that provides a secure and progressive link between KS2 and KS4. Featuring examples of curriculum models and audits of current practice, chapters cover key topics such as developing the planning cycle, transitioning between primary and secondary English, assessment in KS3 English, creating a model that supports and challenges students of all levels, LAC and SPAG, divisive or cohesive abbreviations, speaking and listening in the KS3 English curriculum using multimodal texts, examples of how meaningful homework can successfully embed itself in a KS3 English curriculum model. *Make Key Stage 3 Matter in English* will be an invaluable resource for KS3 English coordinators, teachers, and all those involved in the planning and delivery of the KS3 English curriculum.

Words, Science and Learning Clive Sutton, 1992-06-16 Despite the power of words to move minds, appreciating the written or spoken word is rarely thought to be the essence of teaching and learning. Science and much more effort goes into organizing practical work. There is an exaggerated confidence in the value of the direct experience of things as opposed to mere words and a corresponding neglect of how words are actually involved in developing anyone's scientific understanding. Clive Sutton does not wish to deny the value of first-hand scientific understanding and shows that they cannot just be taken for granted while we busy ourselves in the organization of practical work. He explores the role of language in the growth of science itself, in the growth of learners' ideas, and in classroom practice, and how these relate, for instance, to some pupils' alienation from science and the isolation of science in the curriculum.
