The Art of Peace Juliana Geran Pilon, 2017-07-05 Sun Tzu author of The Art of War believed that the acme of leadership consists in figuring out how to subdue the enemy with the least amount of fighting a fact that America s Founders also understood and practiced with astonishing success For it to work however a people must possess both the ability and the willingness to use all available instruments of power in peace as much as in war US foreign policy has increasingly neglected the instruments of civilian power and become overly dependent on lethal solutions to conflict The steep rise in unconventional conflict has increased the need for diplomatic and other non hard power tools of statecraft The United States can no longer afford to sit on the proverbial three legged national security stool military diplomacy development where one leg is a lot longer than either of the other two almost forgetting altogether the fourth leg information especially strategic communication and public diplomacy The United States isn t so much becoming militarized as DE civilianized According to Sun Tzu self knowledge is as important as knowledge of one s enemy if you know neither yourself nor the enemy you will succumb in every battle Alarminglly the United States is deficient on both counts And though we can stand to lose a few battles the stakes of losing the war itself in this age of nuclear proliferation are too high to contemplate

The Art of Peace Stephen Longfellow Fiske,1995-08 **The Art of War and Peace** Jampa Kunchog Pryor,2018-01-16 What is most interesting about the discussion of the Art of War and Peace AWP is the necessity of establishing a basic understanding of the title If the understanding of name is not comprehended the reason for the composition becomes unclear It is my intention is for the reader to understand that the rules governing the Art of War are the same rule that govern the Art of Peace The aims that govern one govern the other and it is logically essential that to understand one we must understand the other We can only understand the nature of conflict resolution if we understand the causes of conflict What marries the Art of War and Peace is the concept that armed conflict should be avoided as expressed in the words of Sung Tzu The superior person wins his battles without fighting The reality of The Art of War and the Art of Peace is that conflict is inevitable Therefore we should prepare ourselves for this reality The resolution of conflict comes from our own ability to overcome it by knowledge of the rules of engagement Conflict survives because of doctrines of attrition Attrition extends our reasons to commit to conflict limiting our sight and vision that are necessary to continue forward The Art of War and Peace is a training guide that is essential to those who wish to create a greater meaning of what we do The words and meaning will be out of reach to those who are orthodox in their understanding The reality is We are only limited by the beliefs we have If our beliefs are expandable we will understand well the art The mastering of the Art of War and Peace is the Way The Way is the method of combining all that we know and applying it towards the success we wish to achieve The Way is the art of the deal and this is the art that will make us complete
