The Art Of Political War And Other Radical Pursuits:

The Art of Political War David Horowitz, 2000 Politics is war but in America one side is doing all the shooting the liberals Shell shocked conservatives blame their failures on the media or unscrupulous opponents but they refuse to name the real culprit themselves In a book that shattered the complacency of establishment conservatives and helped put George W Bush in the White House David Horowitz lays out the strategy to fight back What are the six principles of politics that liberals understand but conservatives don t How can conservatives win the sound bite war What are the five agendas that can make the Republicans the majority party **Rebels All!** Kevin Mattson, 2008 He boldly compares the conservative intellectual movement to the radical Utopians among the New Left of the 1960s and he explains how conservatism has ingested central features of American culture including a distrust of sophistication and intellectualism and a love of popular culture sensation shock and celebrity Both a work of history and political criticism Rebels All shows how the conservative mind made itself appealing but also points to its inherent problems BOOK JACKET The Republican Noise Machine David Brock, 2005 Bestselling author David Brock documents the most important political development of the last thirty years How the Republican Right has won political power and hijacked public discourse in the United States Over the last several decades the GOP has built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and high traffic Internet sites to sell conservatism to the public and discredit its opponents David Brock's penetrating analysis of news stories from the disputed 2000 presidential election to the war in Iraq to the political battles of 2004 reveals that this booming right wing media market is largely based on bigotry ignorance and emotional manipulation closely tied to America's long standing cultural divisions and the buying power of anti intellectual traditionalists Writing with verve and deep insight Brock reaches far beyond typical bromides about media bias to produce an invaluable account of the rise of right wing media and its political consequences The New Leviathan David Horowitz, Jacob Laksin, 2012-06-12 At a time when the national political debate is about inequality and fairness bestselling au thor David Horowitz and coauthor Jacob Laksin have written an unsettling book about the distribution of power in America Thoroughly researched and amply documented The New Leviathan over turns the conventional wisdom about which end of the political spectrum represents the rich and pow erful and which represents the people The Democratic Party presents itself to the electorate as the party of working families and the poor In the 2000 election campaign Democrat Al Gore ran on the slogan The People vs the Powerful while President Obama describes him self as a grassroots organizer and a spokesman for fairness and progressive change Such is the world of political myth In reality the Demo crats and the Obama progressives represent the richest and most powerful political machine in American history Backed by a near trillion dollar treasury in America's oldest and largest tax exempt foundations progressives outspend conservatives by a factor of seven to one In The New Leviathan David Horowitz and Jacob Laksin examine this growing financial power of left wing

organizations and politicians They show how left wing foundations under wrote the political career of Barack Obama and how massive funding advantages for progressive proposals have disenfranchised American voters and shifted the national policy debate dramatically to the left The New Leviathan draws connections between the Obama administration and progres sive organizations from labor unions to media outlets to nonprofits to political groups and shows how on key policy fronts national security immigration citizenship environment and health care the sheer force of left wing financial resources has reconfigured the nation s political agenda Campaign Mode Michael John Burton, Daniel M. Shea, 2003 The pressures of contemporary electioneering force political professionals into campaign mode a state of mind that merges a visceral drive to win elections with a deep seated habit of strategic thinking Wise political professionals know the basic rules of electoral strategy and how to read the political terrain Campaign Mode examines the strategic histories of five successful congressional candidates Ohio s Ted Strickland Georgia s Bob Barr California s Loretta Sanchez Tennessee s Harold Ford Jr and Pennsylvania's Rick Santorum The authors both of whom have advised major political figures combine original interviews survey data historical investigation and first hand observation of the candidates to reveal the inner workings of electoral politics They demonstrate that campaigns do matter and show readers how to think like political professionals as Pathology Ward Churchill, Michael Ryan, 2017-04-15 Pacifism as Pathology has long since emerged as a dissident classic Originally written during the mid 1980s the seminal essay Pacifism as Pathology was prompted by veteran activist Ward Churchill's frustration with what he diagnosed as a growing and deliberately self neutralizing hegemony of nonviolence on the North American left The essay s publication unleashed a raging debate among activists in both the U S and Canada a significant result of which was Michael Ryan's penning of a follow up essay reinforcing Churchill's premise that nonviolence at least as the term is popularly employed by white progressives is inherently counterrevolutionary adding up to little more than a manifestation of its proponents desire to maintain their relatively high degrees of socioeconomic privilege and thereby serving to stabilize rather than transform the prevailing relations of power This short book challenges the pacifist movement s heralded victories Gandhi in India 1960s antiwar activists even Martin Luther King Jr s civil rights movement suggesting that their success was in spite of rather than because of their nonviolent tactics Churchill also examines the Jewish Holocaust pointing out that the overwhelming response of Jews was nonviolent but that when they did use violence they succeeded in inflicting significant damage to the nazi war machine and saving countless lives As relevant today as when they first appeared Churchill's and Ryan's trailblazing efforts were first published together in book form in 1998 Now along with the preface to that volume by former participant in armed struggle political prisoner Ed Mead postscripts by both Churchill and Ryan and a powerful new foreword by leading oppositionist intellectual Dylan Rodr guez these vitally important essays are being released in a fresh edition Indoctrination U David Horowitz, 2009-03-23 In 2003 David Horowitz began a campaign to promote intellectual diversity and a return to academic standards in American universities To achieve these

goals he devised an Academic Bill of Rights and created a national student movement with chapters on 160 college campuses Take No Prisoners is a riveting account of the reaction to Horowitz's campaign by professor unions and academic associations whose leaderships have been taken over by the political left The Rhetorical Surface of Democracy Scott Welsh, 2012-10-18 Citizens political theorists and politicians alike insist that political or partisan motives get in the way of real democracy Real democracy we are convinced is embodied by an ability to form collective judgments in the interest of the whole The Rhetorical Surface of Democracy How Deliberative Ideals Undermine Democratic Politics by Scott Welsh argues instead that it is our easy rejection of political motives individual interests and the rhetorical pursuit of power that poses the greatest danger to democracy Our rejection of politics understood as a rhetorical contest for power is dangerous because democracy ultimately rests upon the perceived public legitimacy of public political challenges to authority and the subsequent reconstitution of authority amid the impossibility of collective judgment Hence rather than searching for allegedly more authentic democracy rooted in the pursuit of ever illusive collective judgments we must find ways to come to terms with the persistence of rhetorical political contests for power as the essence of democracy itself Welsh argues that the impossibility of any kind of public judgment is the fact that democracy must face Given the impossibility of public judgment rhetorical competitions for political power are not merely poor substitutes for an allegedly more authentic democratic practice but constitute the essence of democracy itself The Rhetorical Surface of Democracy is an iconoclastic investigation of the democratic process and public discourse Jogando Para Ganhar: Teoria e Prática da Guerra Política Roberto Motta, 2018-07-30 Jogando Para Ganhar um conjunto de hist rias ideias e reflex es sobre o Brasil nossa cultura pol tica e sociedade bem como sobre o momento que vivemos uma conversa sobre passado e futuro sobre medo e oportunidades e sobre as causas dos nossos problemas Roberto Motta traz para essa conversa figuras interessantes como Youval Harari autor de Sapiens e de Homo Deus Dois textos especiais s o dedicados guerra pol tica atrav s de discuss o de livros essenciais ao assunto A Arte da Guerra Pol tica e Take No Prisoners de David Horowitz e Regras Para Radicais de Saul Alinsky Esses cap tulos v o interessar a liberais e conservadores por sua an lise objetiva e seguindo as ideias dos dois autores politicamente incorreta da realidade da disputa pol tico eleitoral O segundo destaque do livro s o os ensaios dedicados seguran a p blica que exp e mitos fal cias e mentiras sobre o assunto e prop e uma nova forma de pensar o problema baseada em um s lido conjunto de dados e refer ncias O livro tem ainda uma an lise dedicada a Geert Hofstede pesquisador holand s cujas ideias sobre Dimens es Culturais oferecem explica es poderosas para as diferen as entre as na es Jogando Para Ganhar tem pref cio e textos introdut rios de pesos pesados do liberalismo brasileiro como Rodrigo Constantino Marcel van Hattem Gustavo Maultasch Leonardo Fiad Ubiratan Jorge Iorio Francisco Razzo Paulo Eduardo Martins e Alexandre Borges Persuasion in Society, 2011-04-20 Persuasion in Society introduces readers to the rich tapestry of persuasive technique and scholarship interweaving rhetorical critical theory and social science traditions. easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for Why Conservatives Tell Stories and Liberals Don't David M Ricci, 2015-12-03 Why do conservatives tell rhetorical analysis stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the The Academic Bill of Rights Debate Stephen H. Aby, 2007-08-30 The Academic Bill of country more than it can afford Rights was introduced in 2003 after two decades of conservative critiques of higher education and its faculty Its goal was to generate legislative initiatives to rein in the tenured radicals who were allegedly dominating higher education and infringing on the academic freedom rights of conservative students At its root the debate revolves around some core questions who should teach and who has the knowledge and training to hire and evaluate faculty what knowledge should be taught and most fundamentally who should make these decisions Should it be trained faculty who are specialists in their fields and who were hired to teach and advance knowledge Or should it be politicians or outsiders who may be empowered by legislation to interfere in academic decisions The academic freedom of faculty and the independence of higher education depends on the answers to these questions This book is the first to bring together a variety of critiques of the Academic Bill of Rights Furthermore by including some works by David Horowitz and his critics as well as websites and a bibliography reflecting various points of view it gives life to the debate showing some of the give and take of the arguments This collection also presents the background on the historical context of academic freedom showing its fragility and therefore the importance of preserving it Also featured are some core documents such as the AAUP s 1940 Statement of Principles on Academic Freedom and Tenure that are central to the debates Some of the conservative critiques of higher education are identified in the selective annotated bibliography chapter And case studies of how the ABOR was contested in three states where it was introduced as legislation are also included Finally this book attempts to refocus concerns about higher education on the real

issue its growing domination by corporate values and interests converting higher education from a public good into an increasingly private commodity The Rhetorical Pursuit of Political Advantage Scott Michael Welsh, 2007 This dissertation explores the relationship between rhetoric and democracy More specifically it examines the theoretical demeaning of the rhetorical pursuit of political advantage that pervades normative theories of public deliberation in democracy including both liberal and discourse theories The main argument of the dissertation is that such theories wrongly oppose the idea of authentically democratic speech to strategic tactical or rhetorical modes of address In contrast with the aversion to rhetoric found in normative theories of public deliberation particularly those variously inspired by John Rawls and Jurgen Habermas I advance an argument for an essential and productive relationship between rhetoric and democracy as suggested by Kenneth Burke and Michel de Certeau Since currently marginalized citizens must by necessity deploy hegemonic discourses strategically in pursuit of a measure of political power or representation theories of public deliberation in democracy that deny the general democratic legitimacy of the rhetorical pursuit of political advantage ideologically undermine democratic challengers Instead of encouraging citizens to seriously attend to and value the essential democratic struggle for political advantage prominent theories of public deliberation in democracy denigrate it While the rhetorical pursuit of political advantage is susceptible to anti-democratic excesses particularly of the sort that jeopardize peaceful association and truthful politics theorists and citizens should not imagine an end to such excesses in visions of understanding or justification oriented communication but should look instead to effective counter rhetorics Peaceful association and epistemically accountable political speech should be regarded as situated rhetorical political achievements against the aims of the militant and the deceptive Hence this dissertation recommends that rather than opposing democracy to rhetorical politics citizens and theorists alike should recognize democracy in the broad proliferation of an effective ability among diversely motivated people and groups to win a share of political power rhetorically Take No Prisoners David Horowitz, 2014-07-28 Battle scarred political warrior David Horowitz says it s time for conservatives to take the gloves off and take our country back America is at a crucial turning point in her history and Republicans have been losing ground to Democrats for too long In his new book Take No Prisoners Horowitz sounds a clarion call for conservatives to use liberals political playbook against them in the fight for America's future No longer can the GOP afford to let Democrats brazenly claim the moral high ground while the Democratic agenda bankrupts hardworking Americans No longer can the Right respond to the Left's emotional attacks with appeals to reason Year after year liberals have won voters hearts and minds by selling a fantasy of moral righteousness Republicans need to learn from Democrats successes in order to turn the tide David Horowitz argues and they need to do it now From his days as a founder of the radical New Left movement in the 1960s to his storied career as a leading conservative activist Horowitz has a lifetime of experience in battleground politics Now he lays out a winning political strategy for the Right that can save the country from sliding into economic and social ruin If conservatives want a better

future for America they need to be able to beat liberals at their own game and David Horowitz is teaching them how Capitalism v. Democracy Timothy K. Kuhner, 2014-06-25 As of the latest national elections it costs approximately 1 billion to become president 10 million to become a Senator and 1 million to become a Member of the House High priced campaigns an elite class of donors and spenders superPACs and increasing corporate political power have become the new normal in American politics In Capitalism v Democracy Timothy Kuhner explains how these conditions have corrupted American democracy turning it into a system of rule that favors the wealthy and marginalizes ordinary citizens Kuhner maintains that these conditions have corrupted capitalism as well routing economic competition through political channels and allowing politically powerful companies to evade market forces The Supreme Court has brought about both forms of corruption by striking down campaign finance reforms that limited the role of money in politics Exposing the extreme economic worldview that pollutes constitutional interpretation Kuhner shows how the Court became the architect of American plutocracy Capitalism v Democracy offers the key to understanding why corporations are now citizens money is political speech limits on corporate spending are a form of censorship democracy is a free market and political equality and democratic integrity are unconstitutional constraints on money in politics Supreme Court opinions have dictated these conditions in the name of the Constitution as though the Constitution itself required the privatization of democracy Kuhner explores the reasons behind these opinions reveals that they form a blueprint for free market democracy and demonstrates that this design corrupts both politics and markets He argues that nothing short of a constitutional amendment can set the necessary boundaries between capitalism and democracy <u>Jogando para ganhar</u> Roberto Motta, 2023-07-10 A pol tica tem uma estrutura e funcionamento pr prios tirar o v u da comum vis o ut pica acerca da pol tica bem como conhecer a mentalidade que rege seus instrumentos s o condi es b sicas para compreender o que est em jogo Em Jogando para ganhar Roberto Motta traz um card pio de an lises desapaixonadas que ilustram o que deve ser realmente conhecido sobre a ess ncia da pol tica praticada hoje no Brasil e no mundo formando assim um ant doto intelectual contra ilus es ideol gicas e mentirosos profissionais Nesta segunda edi o revista modificada e condensada Motta aprofunda aquilo que foi escrito em 2018 e traz uma nova face daquilo que a pol tica nos mostrou daquele ano em diante Com novos e exclusivos ensaios al m de uma minuciosa revis o o autor traz ao p blico uma vis o ainda mais agu ada e madura sobre a pol tica nacional A pol tica brasileira foi transformada em muni o ideol gica por pessoas conscientes e sedentas pelo poder de domina o este o mapa estrutural de Jogando para ganhar e ao mesmo tempo a vis o nica e profunda que Roberto Motta desenvolveu atrav s de sua experi ncia como pensador e comentarista pol tico Um livro indispens vel para entender a pol tica brasileira em nossos dias

The United States in a Troubled World Sebastião C. Velasco e Cruz,2021-12-06 This book presents an overview of the main changes in the United States foreign policy in response to the transformations in the international order in the last decades If after the end of the Cold War the USA invested in the universalization of market economy and in the strengthening

of its military supremacy new developments demanded reorientations in the country's foreign strategy. The controversial military interventions in Afghanistan and Iraq the 2008 economic crisis the rise of the BRICs Brazil Russia India and China and the rise of right wing populism altered the global political landscape and demanded new responses from the most powerful country in the world This volume brings together nine essays in which the founding member of the World International Studies Committee Sebasti o C Velasco e Cruz analyzes how the United States foreign policy responded to the growing challenges posed by this changing international order discussing topics such as The evolution of the American geopolitical strategy after the end of the Cold War How US foreign policy reacted to challenges to security and dilemmas of the international order Barack Obama's foreign policy and world politics Donald Trump and the rise of populism in the USA US relations with BRICs and Latin America The United States in a Troubled World Essays on Interpretation will be of interest to international relations and political science researchers both within and outside the United States **Blitz** David Horowitz, 2020-06-16 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER USA TODAY BESTSELLER BLITZ Trump Will Smash the Left and Win by David Horowitz Amazon 1 Bestseller Hot book great author President Donald J Trump BUCKLE UP 2020 WILL BE THE POLITICAL RIDE OF YOUR LIFE IN NOVEMBER TRUMP WILL SMASH THE LEFT AND WIN We love David Horowitz He thinks Trump is gonna win in a landslide in November and he gives reasons why in the book and he says Republicans are gonna be singing Happy Days Are Here Again once November comes and the election is over and the votes are counted Rush Limbaugh He is one of the bravest guys He found the real intent of the Left was to control America He has never ever sat down A true national treasure Glenn Beck If you re interested in debating deranged liberals with facts you won t want to miss this latest book Donald Trump Ir BLITZ is a MUST read for those who want to better understand what is really happening in the idea war for the soul of America Governor Mike Huckabee BLITZ reveals the attacks made against Trump have been the most brutal ever mounted against a sitting president of the United States Blinded by deep seated hatred of his person and his policies the left even desperately tried to oust Trump in a failed impeachment bid Horowitz shows that their very attacks targeting a man whose mission has been to Drain the Swamp and Make America Great Again backfired turning Trump himself into a near martyrwhile igniting the fervor of his base With the 2020 election upon us New York Times bestselling author David Horowitz chronicles the brutal battles bitter backlash and leftwing lies Trump has faced as Democrats repeatedly try to sabotage his presidency You ll discover the left s terrifying socialist and in some cases communist agendas as you ve never seen them before Trump s response In the meantime he s going to steamroll this opposition in November using the same playbook he has used to win before In BLITZ you will find shocking revelations The 9 biggest dangers to America the left poses their agenda will blow your mind Show me the money naming the billionaires and fat cats really out to get Trump How patriotism suddenly became white nationalism linking Trump to Hitler and the KKK The growing secularism of the left and how the hate pushed against Christians will backfire
