The Art of Portraits and the Nude Time-Life Books,1984 *Self-exposure* Reed Massengill,2005 The nude self portrait is perhaps the most intimate form of photography It delves deep into taboo territory and strips away the traditional barriers between artist and viewer Witnessing such a private act we may feel the queasy embarrassment of a voyeur but we are always compelled to look further The images cut to the core of issues of identity sexuality and ego and as they reveal an essential truth about their creators they also tell us something about ourselves *Self Exposure* features more than 100 works from both established masters and up and coming photographers many never before published This groundbreaking collection traces the development of the male self portrait from its earliest beginnings with such greats as Hippolyte Bayard Herbert Tobias and Andr Kert sz to the contemporary efforts of such artists as John Dugdale Anthony Goicolea and Yasumasa Morimura Each artist takes a uniquely individual approach ranging from the shockingly perverse and aggressively erotic to the elusively self conscious and sublimely beautiful Complete with brief biographies of each artist *Self Exposure* is a powerful survey of this most seductive subject **After the Camera** ,2016-02-22 Thom Rouse seems to have an unbridled artistic sensibility In this book he offers up for review sixty of his favorite fine art images Rouse takes photographers behind the scenes of his creative process showing the starting point always a portrait captured by him and then details the Photoshop tools and techniques he used and sometimes some accessory images that he adds into the mix to create a dramatically different work of art While the components and tone of each image vary from page to page Rouse strictly maintains that his creative process is based on the idea that each work of art must at its core remain photographic In other words his fine art works are enhanced stylized portraits that transcend the limits typically self imposed by portrait artists His goal in creating the book is to educate and inspire other photographers or in the words of the artist to show you something you haven t seen before This book features a collection of beautiful portraits that collide with a strange collections of elements one portrait entitled Shhhh is coupled with ornamental wooden fish goose wings and parts of an aircraft another called Andromeda uses complex Photoshop blending techniques and texture layers to create a Gustav Klimt inspired feel in the photograph to create a storytelling piece that elevates the portrait to a fine art category On page after page you ll discover how Rouse conceptualized the featured work of art the steps he took to bring the concept to life and the curiously beautiful artistic portrait result *Trilogy Drawing Art Nudes* Robert Dell,2021-04-29 55% OFF for Bookstores LAST DAYS photo Drawing to frame SIZE 8 5x 11 HARDCOVERPAPER QUALITY PREMIUM The Art of Nudes Portraits of Beautiful Natural Women Reproduced in Series for Framing The art of the photographic portrait of recent times has made giant steps going hand in hand with technological innovations Within this wonderful photographic book I wanted to select portraits of artistic nudes Over the years female beauty and artistic photography have entered into symbiosis with each other The new techniques of lights contrasts and shadows highlight the beauty of the female nude and create erotic and sensual moments that make every

Richard Leppert, 2018-05-04 The Nude explores some of the principal ways that paintings of the nude function in the conflicted terrain of culture and society in Europe and America from the fifteenth through twentieth centuries as set against questions about human sexuality that emerge around differences of class gender age and race Author Richard Leppert relates the visual history of how the naked body intersects with the foundational characteristics of what it is to be human measured against a range of basic emotions happiness delight and desire fear anxiety and abjection and read in the context of changing social and cultural realities The bodies comprising the Western nude are variously pleased or tormented ecstatic or bored pleased or horrified In short as this volume amply demonstrates the nude in Western art is a terrain on whose surface is written a summation of Western history its glory but also its degradation The Saturday Review of Politics, Literature, Science and Art , 1919 Rembrandt and the Female Nude Eric Jan Sluijter, Rembrandt Harmenszoon van Rijn, 2006 Rembrandt's extraordinary paintings of female nudes Andromeda Susanna Diana and her Nymphs Dana Bathsheba as well as his etchings of nude women have fascinated many generations of art lovers and art historians But they also elicited vehement criticism when first shown described as against the grain anticlassical even ugly and unpleasant However Rembrandt chose conventional subjects kept close to time honored pictorial schemes and was well aware of the high prestige accorded to the depiction of the naked female body Why then do these works deviate so radically from the depictions of nude women by other artists To answer this question Eric Jan Sluijter in Rembrandt and the Female Nude examines Rembrandt's paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy Exploring Rembrandt's intense dialogue with the works of predecessors and peers Sluijter demonstrates that more than any other artist Rembrandt set out to incite the greatest possible empathy in the viewer an approach that had far reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict In this richly illustrated study Sluijter presents an innovative approach to Rembrandt's views on the art of painting his attitude towards antiquity and Italian art of the Renaissance his sustained rivalry with the works of other artists his handling of the moral and erotic issues inherent in subjects with female nudes and the nature of his artistic choices **Women, Art, and Society (Sixth) (World of Art)** Whitney Chadwick, 2020-09-08 A new edition of the groundbreaking book by Whitney Chadwick maps the complete history of women artists from the Middle Ages and the Renaissance to today Art historian Whitney Chadwick's acclaimed bestselling study challenges the assumption that great women artists are exceptions to the rule who transcended their gender to produce major works of art While introducing some of the many women since the Middle Ages whose contributions to visual culture have often been neglected Chadwick's survey reexamines the works themselves and the ways

in which they have been perceived as marginal often in direct reference to gender In her discussion of feminism and its influence on such a reappraisal she also addresses the closely related issues of ethnicity class and sexuality This revised edition features a completely redesigned interior and full color illustrations With a new preface and epilogue from this emerging authority on the history of women artists curator and professor Flavia Frigeri this revised edition continues the project of charting the evolution of feminist art history and pedagogy revealing how artists have responded to new strategies of feminism for the current moment **The Century** ,1891 **The Century Illustrated Monthly Magazine** ,1891
