American society from the past into the present reminding the reader that they have both shaped the US and continue to play a vital role in its story Significantly *Our Way A Parallel History* is a collaboration of Native scholars representing more than ten Indigenous nations sharing their histories and their cultures Each contributor either an affiliate of an institution of higher education or a prominent Native leader provides the reader with an inside account of tribal culture and heritage The result is a comprehensive resource restoring the histories of Indigenous Peoples and their nations to their rightful place in the story of America The book covers topics such as The Doctrine of Discovery Alaska Native Claims Settlement Act US American Indian Policy and Civil rights Blood Quantum Selling Hawaii Lots More As Julie Cajune Salish notes in the preface I believe this collection of history story and reflection provokes and invites us to think and feel deeply about what it means for all of us to be human in our communities nations and beyond After all that is what a good story does
