The Art Of Today The Everyman Art Library:

A Printing History of Everyman's Library 1906-1982 Terry Seymour, 2011 The total number of Everyman's Library volumes that still survive somewhere in the world exceeds 70 million Since the inception of the Library in 1906 nearly 1200 unique volumes have been published constantly placing the world's greatest books before a large public A few of these titles proved unpopular and were never reprinted But most were reprinted dozens of times packaged in numerous ways and benefited from updated editorial work and book design over the last century Terry Seymour has studied and researched every aspect of this great mass of books He now captures and distills this knowledge in *A Printing History of Everyman's Library 1906-1982* A critical feature of course is to update the various collecting factoids that have emerged since 2005 when his *Guide to Collecting Everyman's Library* was published The meat of the new book however is the Bibliographical Entries section Each volume that has ever been printed receives its own entry detailing every printing each dust jacket variation any new introductions updated scarcity numbers and all relevant notes Typically an entry contains at least six lines of information but often much more In essence each entry is a story written exclusively about each volume Armed with this resource collectors and booksellers can know reliably everything about the Everyman's Library volume that sits on their shelf or is ready to be purchased or sold They will see how a book fits into the total printing history of that title and be able to describe and value the book with precision To further enhance the value of this book color images illustrate all of the key collecting points An extensive index of editors translators and artists is now included Not just a solo effort the *Printing History* has been vetted by other expert collectors ensuring greater accuracy and comprehensiveness [Art and Artists](#) Emily

Fragos, 2012-07-10 *Art and Artists Poems* is a sumptuous collection of visions in verse the work of centuries of poets who have used their own art form to illuminate art created by others A wide variety of visual art forms have inspired great poetry from painting sculpture and photography to tapestry folk art and calligraphy Included here are poems that celebrate Leonardo da Vinci's *Mona Lisa* Claude Monet's *Water Lilies* and Grant Wood's *American Gothic* Here are such well known poems as John Keats's *Ode on a Grecian Urn* and W H Auden's *Muse des Beaux Arts* Homer's immortal account of the forging of the shield of Achilles and Federico Garcia Lorca's breathtaking ode to the surreal paintings of Salvador Dalí Allen Ginsberg writes about Cézanne Anne Sexton about van Gogh Billy Collins about Hieronymus Bosch and Kevin Young about Jean Michel Basquiat Here too are poems that take on the artists themselves from Michelangelo and Rembrandt to Frida Kahlo and Georgia O'Keeffe Altogether this brilliantly curated anthology proves that a picture can be worth a thousand words or a few very well chosen ones **Everyman's Library**, 1906 **The Cult of Saint Katherine of Alexandria in**

Late-Medieval Nuremberg Anne Simon, 2016-03-16 Katherine of Alexandria was a major object of devotion within medieval Europe ranking second only to the Virgin Mary in the canon of female saints Yet despite her undoubted importance relatively little is known about the significance and function of her cult within the German speaking territories that stood at the heart

of Europe Anne Simon's study adds a welcome new interdisciplinary perspective to the study of Saint Katherine and the wider ecclesiastical landscape of a medieval Europe poised on the edge of religious change Taking as a case study the wealthy and politically influential merchant city of Nuremberg this book draws on a wide variety of textual and visual sources to explore interrelated themes the shaping of urban space through the cult of Saint Katherine her role in the moulding and advertising patrician identity and alliances through cultural patronage and patrician use of the saint to showcase the city's political economic cultural and religious importance at the heart of the Holy Roman Empire Further the book reveals the construction of exemplarity in Saint Katherine's legend and miracles and their resonance within the context of the city and the Dominican Convent of Saint Katherine whose nuns came from the same status aware confident patrician elite that so loyally supported successive Emperors Filling a significant gap in current research the work has much to offer scholars of medieval history hagiography art history German studies cultural and urban studies Hence it not only expands our understanding of Saint Katherine's importance in German speaking territories but also adds to the picture of her cult in its European perspective
