The Artillery of the Press James Reston, 1992 The Artillery of the Press James Reston, Council on Foreign Media Pressure on Foreign Policy Derek Miller, 2007-07-09 This study offers an explicit theory of media pressure what it is how it works how it can be measured based in part on the positioning theory in discursive psychology This offers the first independent and comparative history and analysis of media pressure vs coverage through the lens of the insurrection against Saddam Hussein in 1991 Why American Foreign Policy Fails D. Jett, 2008-05-12 This book explores the recent changes in U S foreign policy examines the roles that the six primary actors the President the Congress the bureaucracy non governmental organizations the media and the public play in policy decisions and assesses the potential for improvement within this system How American Media Presents Crisis of Sino-Us Relations Liu Wen, 2020-10-25 Sino US relation that has great influence on international relations is considered as the most important bilateral relation in the world today by politicians and scholars from both of the two countries The development of Sino US relation has undergone twists and turns since the two countries established diplomatic relation Although China and America has developed cooperative relationship in various areas critical events resulted from conflicts happen from time to time Media that plays various roles including message transmitter public opinion shaper and problem solver during the two countries crisis is not only an important information channel for both the government and the people to learn about the crisis guickly but also undertakes certain diplomatic duties like indicating attitude explaining policy and setting agenda This book is an analysis of the features and laws of media coverage on critical events between China and America discussing their influence on public opinion of American people as well as the decision making progress of American government by study the related reports of New York Times since 1990 This book takes some China US crisis as study cases and the related reports in New York Times as researching sample analyzing the quantity length type information source inclination towards China and news frame of the reports discussing the features and laws of media coverage on crises between China and America The ultimate purpose is to figure out the role and function of media during the decision making process of America's China policy and to conclude the inspiration for both countries diplomacy and international communication The Media and Sino-American Rapprochement, 1963-1972 Guolin Yi,2020-11-11 Winner of the ACPSS Research Award An important new cultural study of the Cold War Guolin Yi s The Media and Sino American Rapprochement 1963 1972 analyzes how the media in both countries shaped public perceptions of the changing relations between China and the United States in the decade prior to Richard Nixon s visit to Beijing This book offers the first systematic study of Cankao Xiaoxi Reference News an internal Chinese newspaper that carried relatively objective stories the Xinhua News Agency translated from world news media for circulation among Communist cadres As the main channel for the cadres to learn about the outside world this newspaper provides a window into China's evolving foreign policy including the reception of signals from the Nixon administration Yi compares this internal

communications channel with the public accounts contained in the more widely circulated newspaper People s Daily a chief propaganda outlet of the Chinese Communist Party CCP directed at its own people and China watchers all over the world A third level of communication emerges in classified CCP instructions and government documents By approaching the Chinese communication system on three levels internal public and classified Yi s analysis demonstrates how people at different positions in the political hierarchy accessed varying types of information allowing him to chart the development of Beijing s approach to the U S government In a corresponding analysis of the defining features of American reporting on China Yi considers the impact of government media relationships in the United States during the Cold War Alongside prominent magazines and newspapers particularly the New York Times and the Washington Post in their differing coverage of key events Yi discusses television networks which proved vital for promoting the success of Ping Pong Diplomacy and the impact of Nixon s visit in 1972 With its comparative study of news outlets in the two countries The Media and Sino American Rapprochement 1963 1972 presents a thorough and comprehensive perspective on the role of the media in influencing domestic Chinese and American public opinion during a critical decade Henry R. Luce and the Rise of the American News Media James L. Baughman, 2001 A solid account of Luce s life and legacy A concise readable volume Journalism Quarterly

US Public Diplomacy and Democratization in Spain Francisco Rodriguez-Jimenez, Lorenzo Delgado, Nicholas J. Cull, 2016-04-29 When the post war relationship between Spain and America began Hitler's old ally was an unlikely candidate for US influence The Cold War changed all this Soon there were US bases on Spanish territory and a political conjuring trick was under way This volume examines the public diplomacy strategies that the US government employed to accomplish an almost impossible mission to keep a warm relationship with a tyrant without drifting apart from his opponents and to somehow pave the way for a transition to democracy The book's focus on the perspective of soft power breaks new ground in understanding US Spanish relations In so doing it offers valuable lessons for understanding how public diplomacy has functioned in the past and can function today and tomorrow in transitions to democracy

Encyclopedia of American Journalism Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws

Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies **China Reporting** Stephen R. MacKinnon, Oris Friesen, 2023-11-10 China Reporting is an oral history showing how the China correspondent of the 1930s and 1940s constructed his or her news reality or the network of facts from which their stories were written How these men and women pooled information and decided upon the legitimacy of particular sources is explored. The influences of competition language facility or lack thereof common personal backgrounds camaraderie and changes in American official China policy are also discussed with special attention paid to the prescriptive gatekeeping role of editors back home This is an approach which has often been applied to the domestic journalist China Reporting is a pioneering effort at using historical perspective to view the foreign correspondent in terms fo the total epistemological context in which he or she operates to produce the news that in turn provides the data base upon which the public and policy makers inevitably draw This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987 Understanding Foreign Correspondence Peter Gross, Gerd G. Kopper, 2011 There are as many as 3 400 correspondents covering the United States among them approximately 600 print and broadcast correspondents from European countries The importance of the foreign correspondents corps stationed in the United States and of their work has increased commensurate with the world preeminence gained by the U S after World War II This book examines the state of research on European foreign correspondence from the United States and on the corps of journalists that produces it Contributions from both European and American authors examine the varied conceptual issues regarding foreign correspondence the methodologies that have been employed in studies carried out on both sides of the Atlantic and the theories that were and could be tested when studying the subject The book serves as a prolegomena to future studies on foreign correspondence and correspondents **Human Rights Education for the Twenty-First Century George** J. Andreopoulos, Richard Pierre Claude, 1997-04 I Theories and contexts A History of War Resistance in America James M. Volo, 2010-04-09 This two part book examines the roots of warfare and the development of the peace movement in America from the Colonial period through the Vietnam War From the Colonial period on war has inevitably divided U S society into pro war and antiwar factions and few subjects have proven so polarizing or long lasting as a nexus of public discourse In the contest over war and peace uninformed beliefs have been conflated with uncontested truths by both sides fueling a lack of bipartisanship in foreign policy that has been prevalent since the nation's earliest days A History of War Resistance in America delineates clearly the tradition of war opposition in the United States It examines the military preparations for war and war s justifiable prosecution as well as pacifism legitimate resistance to war and the appropriate and free exercise of civil liberties This thought provoking volume offers an analysis of the reasons for conflict among peoples the prosecution of

war among nations and the development of war resistance movements It also explores the role of the media in forming public opinion and that of the courts in protecting or limiting civil liberties Global Communications, International Affairs and the Media Since 1945 Philip Taylor, 2002-11-01 In Global Communications International Affairs and the Media since 1945 Philip M Taylor traces the increased involvement of the media in issues of peace and especially war from the nineteenth century to the present day He analyzes the nature role and impact of communications within the international arena since 1945 and how communications interacts with foreign policy in practice rather than in theory Using studies which include the Gul War and Vietnam Taylor details the contemporary problems reporting while at the same time providing a comprehensive Perestroika and International Law William E. Butler, 2024-08-19 **Lyndon Johnson and Vietnam** Herbert Y. Schandler, 2014-07-14 This book examines the events that led up to the day March 31 1968 when Lyndon Johnson dramatically renounced any attempt to be reelected president of the United States It offers one of the best descriptions of U S policy surrounding the Tet offensive of that fateful March a historic turning point in the war in Vietnam that led directly to the end of American military intervention Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Award-Winning Foreign Correspondents of the New York Times 1931-1991 Heinz-Dietrich Fischer, 2021-12-15 This volume presents 25 Foreign Correspondents of the New York Times and their Pulitzer Prize decorated works from the early 1930s to the early 1990s covering political and social occurrences in countries like Argentina Australia Cambodia China France Germany Israel Italy Japan Lebanon Poland Russia Thailand Vietnam and Yugoslavia American Journalists Donald A. Ritchie, 2007 This volume profiles 60 American journalists from colonial times to the present and focuses on news reporters editors publishers and broadcasters whose careers significantly advanced or were symbolic of major changes in their profession Illustrations fact boxes and quotations from the subjects themselves together with the depth and breadth of historical information make this volume an illuminating and fascinating read The Uncensored War Daniel C. Hallin, 1989-04-14 Vietnam was America's most divisive and unsuccessful foreign war It was also the first to be televised and the first of the modern era fought without military censorship From the earliest days of the Kennedy Johnson escalation right up to the American withdrawal and even today the media s role in Vietnam has continued to be intensely controversial The Uncensored War gives a richly detailed account of what Americans read and watched about Vietnam Hallin draws on the complete body of the New York Times coverage from 1961 to 1965 a sample of hundreds of television reports from 1965 73 including television coverage filmed by the Defense Department in the early years of the war and interviews with many of the

journalists who reported it to give a powerful critique of the conventional wisdom both conservative and liberal about the media and Vietnam Far from being a consistent adversary of government policy in Vietnam Hallin shows the media were closely tied to official perspectives throughout the war though divisions in the government itself and contradictions in its public relations policies caused every administration at certain times to lose its ability to manage the news effectively As for television it neither showed the literal horror of war nor did it play a leading role in the collapse of support it presented a highly idealized picture of the war in the early years and shifted toward a more critical view only after public unhappiness and elite divisions over the war were well advanced
