Gilman,1999 Nose reconstructions have been common in India for centuries South Korea Brazil and Israel have become international centers for procedures ranging from eyelid restructuring

to buttock lifts and tummy tucks Argentina has the highest rate of silicone implants in the world Around the globe aesthetic surgery has become a cultural and medical fixture Sander Gilman seeks to explain why by presenting the first systematic world history and cultural theory of aesthetic surgery Touching on subjects as diverse as getting a nose job as a sweet sixteen birthday present and the removal of male breasts in seventh century Alexandria Gilman argues that aesthetic surgery has such universal appeal because it helps people to pass to be seen as a member of a group with which they want to or need to identify Gilman begins by addressing basic questions about the history of aesthetic surgery What surgical procedures have been performed Which are considered aesthetic and why Who are the patients What is the place of aesthetic surgery in modern culture He then turns his attention to that focus of countless human anxieties the nose Gilman discusses how people have reshaped their noses to repair the ravages of war and disease principally syphilis to match prevailing ideas of beauty and to avoid association with negative images of the Jew the Irish the Oriental or the Black He examines how we have used aesthetic surgery on almost every conceivable part of the body to try to pass as younger stronger thinner and more erotic Gilman also explores some of the extremes of surgery as personal transformation discussing transgender surgery adult circumcision and foreskin restoration the enhancement of dueling scars and even a performance artist who had herself altered to resemble the Mona Lisa The book draws on an extraordinary range of sources Gilman is as comfortable discussing Nietzsche Yeats and Darwin as he is grisly medical details Michael Jackson and Barbra Streisand's decision to keep her own nose The book contains dozens of arresting images of people before during and after surgery This is a profound provocative and engaging study of how humans have sought to change their lives by transforming their bodies **Emotional Trend**

,2008 Emotional trend is a laboratory book planned for interpreting and creating exciting and thrilling trends in the world of Fashion and Beauty The texts explain concepts rich in U 2018 psycho aesthetic poetic expression and inventive arguments and research on the topics of the creation of taste and beauty in the spirit the body society and the personality Das zweite Gesicht Wolfgang Brückle,2002 The human face has fascinated photographers and their audiences ever since the medium's inception in the 19th century And just as photography has changed since its invention so has the way in which the human face is portrayed Using the work of photography's great pioneers to its contemporary innovators this book traces the stunning technical possibilities of camera and film As subject matter the human face is continually manipulated through amazingly diverse aesthetic strategies playful imaginative provocative and even subversive Here nine brilliant essays focus on the many techniques of rendering the photographic portrait such as photcollage multiple exposures digitalization and animation The book includes nearly 150 images ranging from Francis Galton's composite pictures from the 1880s pictorialism at the turn of the century experiments by the avant garde and subjective photography of the post war years to today's synthesized photographs and interactive sculptures The book arranges the photographs into five thematic sections revealing how the act of reinventing the classic image of the human face compels us to reexamine our relationships with
