The Asian Connection:

The Asian Connection Glenn Carley, 2002-12-18 It was like nothing that had been seen before The world had become used to weapons of all descriptions being used in the fight for ultimate power But this time a real maniac was on the loose and he was using more modern equipment as he climbed the ladder on his way to becoming the only world leader Technology had provided him the tool he needed to amass large sums of money which would buy him anything or anyone he wanted Nothing escaped his reach thanks to computers Law enforcement agencies around the globe weren t moving fast enough to shut down the operation And the media didn t help treating each tragedy as an individual story encouraging one disaster after another only to highlight the victories without making any connection allowing him to celebrate his new found power As Ryan Droden sifts through the evidence before him he uncovers more than just the identity of the world's latest power maniac He also finds himself fighting the enemy within his own ranks And when his search takes him to Asia not once but three times he discovers a very dangerous connection a connection which he has to break before it is too late **Narcotics** Situation in Southeast Asia: the Asian Connection, Report of a Special Study Mission to Southeast Asia, December 27, 1974- January 12, 1975, Apr. 3., 1975 United States. history of the region paints a penetrating portrait of this beleaguered nation and reveals the extent of international complicity in the violence Anticipation Robert L. Smith,2016-03-16 The computer tale is not the story however The technician got me to thinking about our rock collection My wife was as much culprit as me Where did the sculpture paintings oil watercolor and charcoal begin Where had the seed of an interest in art and collecting been planted I was startled at first because I could remember nothing in my childhood school or even junior college that might have infected me with a desire to collect rocks and other objects of art Hell I did not even collect marbles like every other boy My best guess was World War II

India, China, and the World Tansen Sen, 2017-09-15 This pathbreaking study provides the first comprehensive examination of India China interactions in the broader contexts of Asian and world history By focusing on material exchanges transmissions of knowledge and technologies networks of exchange during the colonial period and little known facets of interactions between the Republic of India and the People's Republic of China Tansen Sen argues convincingly that the analysis of India China connections must extend beyond the traditional frameworks of nation states or bilateralism Instead he demonstrates that a wide canvas of space people objects and timeframe is needed to fully comprehend the interactions between India and China in the past and during the contemporary period Considering as well the contributions of people and groups from beyond India and China Sen also explores the interactions between Indians and Chinese outside the Asian continent The author's formidable array of sources pulled from archives and libraries around the world range from Chinese travel accounts to Indian intelligence reports Examining the connected histories of the two regions Sen fills a striking gap in the study of India and China in a global setting Multilingual America Werner Sollors, 1998-08 Aside from the occasional controversy over Official English campaigns language remains the blind spot in the debate over multiculturalism Considering its status as a nation of non English speaking aborigines and of immigrants with many languages America exhibits a curious tunnel vision about cultural and literary forms that are not in English How then have non English speaking Americans written about their experiences in this country And what can we learn about America immigration and ethnicity from them Arguing that multilingualism is perhaps the most important form of diversity Multilingual America calls attention to and seeks to correct the linguistic parochialism that has defined American literary study By bringing together essays on important works by among others Yiddish Chinese American German American Italian American Norwegian American and Spanish American writers Werner Sollors here presents a fuller view of multilingualism as a historical phenomenon and as an ongoing way of life At a time when we are just beginning to understand the profound effects of language acquisition on the development of the brain Multilingual America forces us to broaden what in fact constitutes American literature Westward Dharma Charles S. Prebish, Martin Baumann, 2002-12-04 The first authoritative volume on the totality of Buddhism in the West Westward Dharma establishes a comparative and theoretical perspective for considering the amazing variety of Buddhist traditions schools centers and teachers that have developed outside of Asia Leading scholars from North America Europe

South Africa and Australia explore the plurality and heterogeneity of traditions and practices that are characteristic of Buddhism in the West This recent dramatic growth in Western Buddhism is accompanied by an expansion of topics and issues of Buddhist concern The contributors to this volume treat such topics as the broadening spirit of egalitarianism the increasing emphasis on the psychological as opposed to the purely religious nature of practice scandals within Buddhist movements the erosion of the distinction between professional and lay Buddhists Buddhist settlement in Israel the history of Buddhism in internment camps repackaging Zen for the West and women s dharma in the West The interconnections of historical and theoretical approaches in the volume make it a rich multi layered resource *The Gospel of Food* Sharwin Tee, 2021-04-12 You can learn a lot about becoming a better cook just by eating A lot Chef Sharwin Tee shares the most important lessons he s gained over the years from each mouthful of food that he has eaten around the world For him each dish has been an exploration of the world and a step towards a better understanding of different cultures and people In The Gospel of Food recipes accompany each learning lovingly prepared and developed to perfection Language Planning and Student Experiences Joseph Lo Bianco, Renata Aliani, 2013-06-28 This book is a timely comparison of the divergent worlds of policy implementation and policy ambition the messy often contradictory here and now reality of languages in schools and the sharp edged shiny future oriented representation of languages in policy Two deep rooted tendencies in Australian political and social life multiculturalism and Asian regionalism are represented as key phases in the country s experimentation with language education planning Presenting data from a five year ethnographic study combined with a 40 year span of policy analysis this volume is a rare book length treatment of the chasm between imagined policy and its experienced delivery and will provide insights that policymakers around the world can draw on **Indo-Pacific** Aditi Malhotra, 2022-06-13 In view of the fast changing world order emerging countries are increasingly influencing the dynamics of regional securities This timely and in depth book examines India's reorienting strategic posture and describes how New Delhi s security policy in the Indo Pacific region has evolved and expanded over the past two decades The author argues that India's quest to leverage its geostrategic location to emerge as an Indo Pacific actor faces multiple challenges which create a clear divide between the country's political rhetoric and action on the ground The author critically examines these contradictions to better situate India's security role in an increasingly fluid Indo Pacific region Eastern Westerns Stephen Teo, 2017-01-12 The western one of Hollywood's great film genres has surprisingly enjoyed a revival recently in Asia and in other parts of the world whilst at the same time declining in America Although the western is often seen as an example of American cultural dominance this book challenges this view It considers the western from an Asian perspective exploring why the rise of Asian westerns has come about and examining how its aesthetics styles and politics have evolved as a result It analyses specific Asian Westerns as well as Westerns made elsewhere including in Australia Europe and Hollywood to demonstrate how these employ Asian philosophical and mythical ideas and value systems The book

concludes that the western is a genre which is truly global and not one that that is purely intrinsic to America Reflections of Our Past John H. Relethford, Deborah A. Bolnick, 2018-03-26 The rise of the multi billion dollar ancestry testing industry points to one immutable truth about us as human beings we want to know where we come from and who our ancestors were John H Relethford and Deborah A Bolnick explore this topic and many more in this second edition of Reflections of Our Past Where did modern humans come from and how important are the biological differences among us Are we descended from Neandertals How should we understand the connections between genetic ancestry race and identity Were Native Americans the first to inhabit the Americas Can we see evidence of the Viking invasions of Ireland a millennium ago even in the Irish of today Through engaging examination of issues such as these and using non technical language Reflections of Our Past shows how anthropologists use genetic information to suggest answers to fundamental questions about human history By looking at genetic variation in the world today and in the past we can reconstruct the recent and remote events and processes that have created the variation we see providing a fascinating reflection of our genetic past A Hit of Faith David R. Rauch, 2014-02-20 David Hewitt a boy living in an abusive home in the suburbs finds safety with an Iranian immigrant who runs a Persian Crime Family He s introduced to the teachings of Islam while being trained as a hired gun for the Persian Mafia He adopts the Muslim name Dawud Abu Adam and learns the thrill of being a hired gun He enjoys Power Money Alcohol Lavish gifts No opposition With this kind of unchallenged power anything is possible But deep inside his soul something doesn t feel right and a new search begins A search of self discovery With focus on faith and family he must protect them by any means necessary The only way out is to kill his former boss and mentor Dodging Dirty Cops and the Drug Cartels he must get close enough to his boss to end this game once and for all But sometimes getting close comes with its own risks To protect his family he begins a war that will end with only one man standing The question is who will it be
